COMPENSATION

Compensation Roles and Responsibilities

The function of the Compensation Department is to direct the strategic planning, design, implementation, administration, and communication of all District compensation programs, ensuring the programs are aligned with the District's strategy and district culture.

Responsibilities of Compensation Department include:

1. Overseeing the design, implementation, and administration of compensation programs
2. Recommending and administering policies and procedures to ensure competitive and consistent compensation practices and ensuring adherence to the compensation philosophy.
3. Researching and evaluating district needs and market trends for the purpose of ensuring the District's compensation programs are competitive and provide the ability to attract, engage, and motivate highly qualified employees
4. Strategizing and consulting with senior leadership to educate employees related to compensation programs
5. Continually evaluate compensation practices to ensure adherence to the compensation philosophy by conducting market pricing surveys:
 - a. Pay Scale
 - b. Texas Association of School Boards (TASB)
 - c. Other targeted surveys
6. Developing and maintaining competitive salary structures
7. Performing job evaluations (in conjunction with TASB as needed) to determine the appropriate grade for each job, taking into consideration:
 - a. Job description(s)
 - b. Market data
 - c. Internal equity
 - d. Preservation of consistency between departments
 - e. Interviews with appropriate department or campus leader and/or other key employees
8. Collaborating with managers on reviewing the functions performed by each employee of their staff to provide advice to the manager on the reparation of job descriptions that are to be submitted to the Compensation Department
9. Considering the various types of pay decisions, and making appropriate pay recommendations based on the district's need, considering:
 - a. Market Data
 - b. District issue/need
 - c. Individual future potential and likely future jobs
 - d. Need for specific, or specialized skill set
 - e. Pay of others on the same career track
 - f. Budget requirements and constraints
10. Conducting compensation reviews, as needed. Compensation reviews for individual employees should be initiated through the employee's manager.
11. Referring all policy and procedure exceptions to the Assistant Superintendent of Human Resources.

COMPENSATION STRUCTURE

Compensation Policy

Board Policy DEA Local

The Superintendent shall recommend an annual compensation plan for all District employees. The compensation plan may include wage and salary structures, stipends, benefits, and incentives.

The Superintendent shall administer the compensation plans consistent with the annual approved budget by the Board and administrative guidelines.

Pay Administration

Board Policy DEA Local

The Superintendent shall implement the compensation plan and establish procedures for plan administration consistent with the budget. The Superintendent or designee shall classify each job title within the compensation plan based on the qualifications, duties, and market value of the position.

Compensation Framework

Arlington Independent School District's compensation plan is made up of salary paygrades with respective ranges as well as supplemental earnings and benefit programs that are approved by the Board of Trustees. Salary ranges are determined by market rates for benchmark positions. To ensure that salary ranges are competitive with the market, the Compensation Department conducts market research to inform current compensation levels for comparable positions. Employees are paid according to the pay range for their respective positions. Arlington ISD pay groups are:

- Auxiliary
- Administrative Professional
- Administrative Support
- Educational Aides
- Teacher and Librarians
- Technology

The Compensation Department, with TASB's support, determines the compensatory value of a position by conducting systematic comparisons of positions to assess relative internal and external value. After the systematic comparison is complete, a position is assigned an associated pay grade. Pay grades are used to group positions that have approximately the same relative internal value based on compensatory factors (job descriptions, market data, internal equity, district consistency, and administrative input are all considered when performing job evaluations).

Annualized Earnings vs. Annualized Salary

Annual Earnings – the actual amount an employee earns in a year. It is figured retroactively or after the earnings have been paid. It differs from annualized earnings as it is NOT an estimate of what may happen, it is a record of what did happen.

Annualized Salary – An annualized salary is useful for employees who do not work a full year, such as

teachers, and for employees who work part of each year on a salaried basis. Annualization is the process of spreading the payments to the employee out over the entire year, though the salary is only earned for part of the year. This gives the employee a steady paycheck when they are not working.

Compensatory Pay (Comp Time)

Board Policy DEAB Local

Non-exempt (hourly) employees may receive compensatory time off, at a rate of no less than one and one-half hours for each overtime hour worked, instead of overtime pay. Supervisors of nonexempt (hourly) employees shall ensure there is an agreement or an understanding with the employees working approved overtime regarding the form of compensation (pay or compensatory time) prior to the performance of the work occasioning the overtime duty.

Compensatory time earned by nonexempt (hourly) employees may not accrue beyond a maximum of 60 hours. If an employee has a balance of more than 60 hours of compensatory time, the District shall require the employee to use the compensatory time, or at the District's option, the District shall pay the employee for the compensatory time.

An employee shall use compensatory time within the duty year in which it is earned. If an employee has any unused compensatory time remaining at the end of the duty year, the time shall be carried over until the following December and must be scheduled, or, at the District's option, the employee shall receive overtime pay. Compensatory time must be used in accordance with the District's leave policies if such use does not unduly disrupt the operations of the District. The District may require an employee to use compensatory time when in the best interest of the District.

Classroom Assistants Hired After January 1 of Current Year

Classroom Assistants hired after January 1 have an option, at the time of hire, to have their pay end at the end of June rather than have their assignment pay end in August. This option is also applicable to elect benefit coverage at the time of hire or the beginning of the next school year.

Pay Increases

Board Policy DEA Local

The Superintendent shall recommend to the Board an amount for employee pay increases as part of the annual budget. The Superintendent or designee shall determine pay adjustments for individual employees, within the approved budget following established procedures.

Compensation Philosophy and Objectives

Arlington ISD pay systems shall be designed and managed for the following purposes:

- Provide competitive pay to attract and retain highly qualified personnel
- Provide internal pay equity for job responsibilities
- Reward continued service to the district
- Manage payroll expenses effectively

Pay Systems

Employee pay systems are designed and administered for the purpose of attracting and retaining qualified employees to achieve goals of the district. Human Resources is responsible for the development, maintenance, and administration of employee pay systems in accordance with board policies, governmental laws, and regulations.

All district jobs will be assigned to a pay grade that establishes the minimum to maximum pay range for the position. Jobs are assigned to pay grades on the basis of the following factors:

- Job qualifications and required skills
- Job duties and responsibilities defined by the district
- Competitive job market prices

Pay ranges are reviewed annually and adjusted periodically. Employee salaries will be adjusted based on the pay increase budget and pay raise guidelines as approved by the Board each year.

Job Descriptions

Job descriptions are an essential function in the administration of a compensation system. Accurate and complete job descriptions will be collected and maintained by the Human Resources Compensation Department. This included complete and up to date job descriptions that address job qualifications, primary purpose, major duties and responsibilities, and working conditions. Job titles will be assigned by Human Resources and will reflect a logical job titling scheme to consistently describe the level and nature of work.

Exemption Status

All jobs will be classified as exempt or nonexempt in accordance with their requirements of the federal Fair Labor Standards Act (FLSA) and documented in the job description. Human Resources will determine the classification of each position based on the description of the assigned job duties. In order to be exempt, the employee's primary duties must meet the requirements defined by the federal regulations of the Executive, Administrative, or Professional exemption test or be a teacher, and the employee must be compensated on a salary basis. All employees who do not meet the legal requirements for exemption are classified as nonexempt or hourly.

Job Classification

Job classification determines the assigned pay range for a job. Job classification is based on job requirements, assigned duties, and market value. All jobs are classified on the basis of common factors that indicate the relative level of knowledge and skill requirements, the complexity of assigned duties, job accountability, and working conditions. Human Resources will collect job information, evaluate jobs for classification purposes, and assign jobs to pay grades, The Superintendent or designee has final authority concerning job classifications.

Determining Factors in Classifying Jobs

1. Freedom to Act
 - a. Authority, autonomy, independence of action, the degree to which job tasks are dictated by policy, procedures, manuals, supervisor or department head.
 - i. Are your tasks routine and repetitive or are they performed under broad guidelines?
 - ii. Do you independently determine work methods or tasks or is your work performed under established guidelines?
 - iii. Are you closely supervised or are your tasks more general involving established guidelines and work is reviewed less frequently?
 - iv. Do you take or recommend action under a general supervisor and established policies or take and recommend action under direct, or generally defined objectives?
2. Complexity
 - a. The difficulty of problems encountered in the course of work and the types of knowledge needed to solve them. Measures problem-solving skills along two scales; one, the types of problems encountered from routine to most difficult and two, the knowledge required to solve them from simple recognition and referral to the devising solutions based on interpretation of policy and understanding of departmental objectives.
 - i. Does your job require special or unique skills?
 - ii. What types of problems do you have to solve?
 - iii. How difficult are the problems you have to solve?
 - iv. Does your job require a certain depth of knowledge or expertise?
3. Consequences of Error
 - a. Measures the impact of errors made in the course of work and the consequence of error according to magnitude from those easily rectified to those that cause major until disruption.
 - i. How do your errors impact those around you?
 - ii. Are your errors easily rectifiable or do they require involvement from others?
 - iii. What degree of impact is there if mistakes are made: Little or no impact on errors?
 - iv. Who is impacted by mistakes? Is it your department, campus, external agencies, or the entire school district?
 - v. Are mistakes reversible?
4. Scope
 - a. The variety of work assigned, the degree of district skills required to complete the work, the knowledge of district units inside or outside the district and the diversity of deadlines and priorities governing the work.
 - i. What is the variety of functions assigned?
 - ii. Is your scope limited and highly specific to the objectives of the department or is your scope broad requiring complete responsibility for a complex department?
 - iii. Is the coordination of activities diverse in nature?
 - iv. Do your functions have a significant effect on the department/ campus operations?
5. Supervisory Responsibilities
 - a. Number, types, and level of positions supervised, functions supervised, the degree of supervisory authority, e.g. work leader or full supervisor, complexity and diversity of work supervised.

- i. Difficulty of supervision
 - ii. Number and levels supervised
 - iii. Variety of function supervised
 - iv. Full supervisor or a work leader
 - v. The diversity of work supervised
- 6. Responsibility for Resources
 - a. The extent of the resources for which the employee has responsibility including, but not limited to, human, financial, facilities, material, and information systems.
 - i. Number of employees supervised
 - ii. Variety of functions supervised
 - iii. Levels supervised (e.g. professional, technical, administrative, service)
 - iv. Space managed (e.g. square footage)
 - v. Type of space managed (e.g. office, labs, classrooms)
 - vi. Budget size
 - vii. Budget sources and amounts (e.g. state, gifts, extramural, contracts & grants, regulations fees, income, recharges, etc.)
 - viii. The complexity of the budget – Amount, kind, discretion on spending, and complexity as determined by number and types of accounts, where and who the money comes from.
- 7. Communications
 - a. Types of verbal and written communications, who you typically communicate with, what information you typically are responsible for communicating and method of delivery.
 - i. Who do you typically communicate with (e.g. administrative staff, major division heads, and department managers, the Superintendent or Senior Staff)?
 - ii. What are you communicating (e.g. routine procedures, diversified procedures, operational policy, long-term planning)?
 - iii. How often do you communicate with the various constituencies (yearly, quarterly, monthly, weekly, daily)?
- 8. “Majority Rule”
 - a. Classification title and level are dependent primarily on where the majority (50% or more) of a job duties lie.

Classification of New Positions

Prior to posting, new positions must have a written job description created collaboratively by Human Resources and the hiring manager. Human Resources will determine the pay grade classification of new positions based on the job description, qualifications required, and market value. New positions must be classified in the pay system prior to hiring new employees.

Common Misconceptions about Job Classification

The employee on the line was cordial, clear and direct: “I just got my degree, so when do I get reclassified?” This call represents one of the common misconceptions about the District’s classification system. Classification is based solely upon the duties assigned to a position, not the qualifications of the incumbent. Put simply, we classify the JOB, not the person. We receive daily inquiries about classification, with the most common misconception revolving around this person-position distinction. Besides educational attainment, other person-related factors that we do not take into consideration when

classifying a position's job level include:

Longevity – The length of time a person has worked at the District may positively affect a person's performance on the job, however, it is not a factor we use in determining the level of a position.

Speed – How fast a person can work or how much they can produce compared to others is a factor in performance. Job reclassifications do not take into account an employee's performance.

Retention – "She's been offered a promotion", more than one supervisor has commented. "If I can't match it, I'll lose my best employee." While we understand your dilemma, the fear of losing an employee cannot be considered in classification decisions for job level. The Equity Guidelines may be of interest to you and can be discussed with the Compensation Department.

Financial Need – "I just bought a new home, my daughter's a sophomore at UT, I need a new car and my dog is sick." Most of us have financial need, and some occasionally have a dire need, but classification cannot take personal financial conditions into consideration.

Dedication – We often hear about employees who, "Always arrive early, leave late, never take breaks, work weekends, etc." Again this is a performance issue and should be addressed during reviews.

Personality – An employee's unique personality to work in unusual conditions and with difficult co-workers is not a factor that can be considered when classifying a position. Unique skill and/or ability required for a position, however, can be considered and should be spelled out in the job description.

Future Projects – We only classify duties being currently performed, not those that might be added to a job down the line. As such, we suggest that reclassification request is delayed until new projects or assignments have begun.

What, then, are some of the factors taken into consideration when making classification decisions? In brief, classification is based upon several factors: the nature, variety, and difficulty of the duties; the responsibility for staff and resources; the knowledge and originality required for the position; and the authority and relative autonomy of the position (see previous section "Determining Factors In Classifying Jobs")

Job Reclassification

A job reclassification occurs when a position is moved to a higher or lower pay range. Jobs may be reclassified as a result of a significant and sustained change in job duties assigned, a need to improve internal pay equity or change in the competitive job market.

All positions, with the exception of teachers, librarians, substitutes, and part-time temporary employees are assigned to pay grades based on the level of skill, effort, and responsibility required for the job assignment. Compensation will classify new positions or reclassify existing positions as necessary based on job requirements and comparability to other positions in the District or in the marketplace.

Pay Increase Budget

The Superintendent will recommend a budget for pay increases as part of the annual budget process. Budget recommendations for pay increases will be based on available revenue, statutory requirement, competitive job markets, and district compensation objections. Employee pay increases will be based on the budget approved by the board each fiscal year. Salary schedules or placement guidelines do not imply or assure similar salary increases in subsequent years.

The pay increase budget recommended by the Superintendent may include adjustments to remedy correct internal or external pay equity problems, to correct an internal pay inequity (e.g. pay compression between supervisor and assigned staff), or to compensate an employee for a significant change in job responsibilities.

General Pay Increases and Eligibility

Employee salaries and wages will be reviewed annually for adjustment. General pay increase (GPI) are based upon the annual budget approved by the Board and given to employees to compensate for continued service to the district.

To receive a general pay increase, an employee must be in a paid status or on an approved leave of absence for at least 90 days by July 1 of the current year. Exceptions require authorization by Superintendent or designee.

The General Pay Increase is reflected on the first paycheck of the school year for each pay group. Employees will be able to view their 2020-21 pay rates in the Employee Self Service function of TEAMS 1-2 weeks prior to their first paycheck of the school year.

Salary Placement of New Hires

Salaries are determined by an employee's total years of relevant work experience as defined at the time of employment. Salary guides are developed and approved annually and do not represent or imply future pay increases or salary guarantees.

The starting salary is determined individually based on each person's job-related experience and salaries paid to peer employees in the same position with similar experience. No employee will be placed below the minimum of the pay range. Salary recommendations for new hires may be adjusted by Human Resources for hard-to-fill positions or to recognize knowledge and skills, qualifications, or technical certifications.

Salary Adjustment Qualifications

It is the responsibility of the employee to submit original service records and official transcripts at the time of hire.

Employees who provide service records with verifiable, creditable experience may receive a review for a potential salary adjustment if the service records are submitted to Human Resources ***no later than 6 months following the date of hire***. Service records received after this date will not be eligible for a review

for salary adjustment.

Promotion Defined

A promotion occurs when an employee is assigned to a different job in a higher pay grade and range. Pay adjustments for promotions will begin with the effective date of the new assignment. For promotions that take effect at the beginning of the school year, the standard promotion increase is applied in addition to any general pay increase granted by the school board.

A promotion increase for employees is based on the person's current base salary less any stipends paid for supplemental duties.

Demotion Defined

A demotion occurs when an employee is reassigned to a different job with less responsibility at a lower pay grade level. Demotions may be voluntary or involuntary. Position reclassification or general salary structure changes are not considered demotions.

A reduction in pay as a result of a demotion will be made effective with the new assignment. When a pay reduction is made for a demotion, pay adjustments may also be made for a longer or shorter work year associated with the change in assignment. Reductions in pay made as a result of a demotion take into consideration the new salary range as well as comparative equity with other employees currently in that job level.

Lateral Transfer (Placements)

A lateral transfer is defined as movement into another job assigned to the same or equivalent pay grade. Lateral moves may involve a change of days (higher/lower); however, the equivalent daily pay rate remains the same. Lateral placements can also be classified as voluntary or involuntary. Lateral transfers are not eligible for salary increases, except for adjustments required to reflect the work calendar days of the new job, if applicable.

Supplemental Pay

Supplemental pay (stipends and extra duty pay) represents a remuneration in addition to, but separate from, regular base salary. Supplemental pay is authorized on a year to year basis. Supplemental pay will be discontinued upon cessation of assignment, or upon the occurrence of an event which otherwise causes the employee to be ineligible to receive the supplemental pay. Discontinuation of the employee's performance of supplemental duties.

Procedures for Requesting a Salary Review

Review of compensation must be initiated by the job supervisor or Human Resources. Jobs previously submitted within the last 12 months and new jobs (1 year or less) are not eligible for review. Requests should be submitted to the Compensation Department in January of each year to allow adequate time for

budget considerations.

- The supervisor may request a salary review during the annual budgeting process, typically beginning in January of each year. The appropriate division/department head must approve the submission of the request.
- The supervisor's request must include a proposed job description and written explanation of changes in job duties and responsibilities along with the Job Analysis Questionnaire completed by the incumbent and supervisor. The request must be approved by the appropriate division head, assistant superintendent or superintendent.
- Human Resources will review the request, obtaining additional job information if needed. Additional information may be obtained by a written questionnaire, by interviewing the supervisor and/or employee (s), or by analyzing external job market information.
- Human Resources will evaluate the job placement in the pay structure and prepare a written recommendation for pay grade assignment for the Superintendent's review.

Back Payment of Supplemental Earnings

A back payment will occur if the employee is paid less than the amount that the employee should have been paid for any relevant supplemental pay. If it is determined the back pay is due to an employee for duties performed then the Compensation Department will rectify the issue by paying the difference for the current fiscal year.

Overpayment

It is each employee's responsibility to regularly review the accuracy of their pay stub. An overpayment occurs if an employee is paid more than the amount that the employee should have been paid under the assigned pay grade and/ or any relevant supplemental pay. If discovered and/or reported in the current fiscal year, the Compensation Department will rectify the issue by requesting repayment for the current year.

Payroll Deduction

Policy [CFEA \(LEGAL\)](#)

Required Deductions:

- Federal Withholding – Figured automatically by the income tax withholding percentage method according to the marital status and number of exemptions claimed on the W-4 Form.
- Medicare – 1.45% of the gross salary will be deducted each pay period for any person hired after March 31, 1986
- Teacher Retirement – 7.7% of total gross salary deducted each pay period. Deductions are on a pre-tax basis
- TRS Retirement Insurance – 0.65% of gross salary deducted each pay period
- FICA Alternative Plan – Substitute/Temporary Staff Only – Effective 8/14/2004, 7.5% of total gross salary deducted each pay period on a pre-tax basis. Applicable only to those staff members who are not eligible for Teacher Retirement System (TRS) membership. The staff member will contribute to their own personal retirement saving account.

Other payroll deductions staff members may elect include deductions for the staff members' share of premiums for health, dental, life, and vision insurance; annuities; and higher education savings plans. Staff members also may request payroll deduction for payment of membership dues for District recognized organizations and specific charitable groups. Salary deductions are automatically made for unauthorized or unpaid leave.

Pay Information

Employees have the responsibility of ensuring their pay is accurate by reviewing their pay stub online in the Employee Service Center each time they get paid. It is important to ensure all information on each pay stub is accurate. Reviewing items like name, social security number, pay rates, paid time off balance, and other information.

The Teacher/Librarian Pay Schedule includes the 2021-22 General Pay Increase and any targeted adjustments. The above schedule represents the minimum rate of base pay for AISD teachers by year of creditable teaching experience. Rates are provided in annual equivalents. Stipends and extra duty pay (if applicable) are not included in these amounts. These are current rates and not a guarantee of future earnings. The Teacher/Librarian Pay Scale will be reviewed and updated on an annual basis. New offers of employment are based on comparable experience, as well as market competitive pay.

Substitutes

2021-2022 Substitute Payroll Information

Pay Rates

Short-term Substitute Teaching Jobs (1-10 days)

Degreed Substitutes	\$110/day
Degreed and Certified	\$125/day
Non-Degreed Substitutes	\$100/day
Paraprofessional	\$13/hour

Long-term Substitute Teaching Jobs (11 or more consecutive days on any combination of assignments)

Degreed Substitutes	\$125/day
Non-Degreed Substitutes	\$110/day
Paraprofessional	\$13/hour

Long-term Degreed Professional Substitute Teaching Jobs (21 or more consecutive days on same assignment)*

Degreed and Certified in Subject Area	\$165/day (starting on day 1 of assignment)
---------------------------------------	---

*Assignments must be requested by principal and approved by HR in advance

Breaks in Service

These higher rates will remain until a break in service occurs.

1. Weekends, school holidays, winter and spring breaks will not affect continuous service.
 2. Half day assignments and accepting clerical or classroom assistant assignments will also help establish continuous service.
 3. If a Degreed/Non-Degreed Professional Substitute **works** four and one half (4 ½) hours or more, the substitute will **qualify** for one full day's pay if the job was called in as a full day assignment. Principal/designee will make the determination.

Frequently Asked Questions about Compensation

1. **What are the responsibilities of the Compensation Department?**
 - a. Among other responsibilities, the compensation department staff classifies positions in Arlington Independent School District by performing job and salary surveys, salary analyses, job analyses, job classifications, and writing job descriptions.

2. **How are salary schedules determined?**
 - a. Salary schedules are determined by working in conjunction with the Texas Association of School Boards compensation group. TASB utilizes compensation data from large number of school districts both specific to the Dallas-Fort Worth area and from throughout the state. TASB recommends jobs of similar levels of responsibility are grouped together resulting in what we know as salary grades. The average market pay for each job in the salary grade contributes to the range midpoint. Minimums and maximums of each range are typically agreed upon the tolerance of the same percentage.

3. **Will someone be hired below the minimum of the range?**
 - a. We do not hire employees below the minimum of our pay ranges.

4. **How do I get to the midpoint of my salary range?**
 - a. There is not a formula or methodology to achieve midpoint of the range. Upward movement in the salary range is generally dependent upon the value of the across-the-board salary adjustment compared to the movement of the range midpoint (based on the market in the same year). We reassess the market compatibility of our ranges on an annual bases. The District's commitment is to compensate all employees within their respective salary range.

5. **What market data is used to develop salary ranges?**
 - a. TASB uses comparative data from other school districts for similar positions. An emphasis may be applied to school districts of similar size and in proximity to Arlington ISD.

6. **Does the teacher salary schedule allow me to understand my future pay rate based on additional experience?**
 - a. The teacher salary schedule posted on the Arlington ISD website is not a guarantee of future years minimum pay rate per year of service. It applies only to

the current contract year. Future increases and or adjustments to the teacher pay schedule are dependent upon board approval.

7. What is a salary analysis?

- a. An analysis conducted by the Compensation Division of the Human Resources Department to determine an employee/applicant's salary range based on the individual's qualifications (education, experience, etc.), during hiring, promotion, demotion, or other job movements. The actual salary is determined by the Compensation Department or Recruiting Department.

8. What is the difference between an exempt and nonexempt employee?

- a. The Fair Labor Standards Act (FLSA) categorizes employees as either exempt or nonexempt based on "tests" contained within the FLSA Guidelines. FLSA exemption status is determined by the compensation department and based on actual job duties and responsibilities performed. Those duties and responsibilities are then compared to the tests in the FLSA guidelines to make a determination.
- b. Nonexempt employees are eligible to receive overtime (or compensatory time) compensation for all hours worked over 40 in a workweek.
- c. Exempt employees are exempt from the overtime provisions of the FLSA and are not entitled to be paid overtime when they work more than 40 hours in a workweek.

9. What is my pay grade and how do I find out what it is?

- a. Find your pay grade and range in the current year's salary schedule found on the HR Compensation page.

10. I'm not eligible for overtime. Why?

- a. Whether or not you are eligible for overtime depends on your duties and responsibilities. HR compares the duties and responsibilities outlined in your job description to tests contained in the Fair Labor Standards Act to determine if a position is nonexempt (eligible for overtime pay) or exempt (not eligible for overtime pay).

11. I believe my position is not graded correctly – how do I get it reviewed?

- a. If you believe that your position is not graded properly, please contact your supervisor. If the supervisor agrees, the department or campus head may submit an email to the compensation department at hrcompensation@aisd.net for review.

12. How do I get a position reclassified based on new responsibilities?

- a. The addition of more duties does not necessarily mean a position should be reclassified. A position may be reclassified because the position becomes more complicated: greater responsibility, greater knowledge or training to perform the position, etc. If you believe this is the case, your supervisor can submit a request to review.

13. What is the process of a reclassification?

- a. The process of a reclassification is listed in the compensation structure section of the salary handbook.

14. What happens to me after a position is reclassified?

- a. Employees who occupy a position at the time of a reclassification will be subject to meeting the minimum qualifications of the position whether the job grade is increased or decreased. When a reclassification has resulted in a salary grade change (increase or decrease) a salary analysis will be performed to determine the employee's new salary based on the change in salary grade. The salary grade change may not result in a change of pay.

15. How can I get a copy of my job description?

- a. Please send an email with your request to the compensation department at hrcompensation@aisd.net.

16. How are job grades assigned?

- a. See 'Job Classification' section of the salary schedule.

17. Who should I speak to regarding compensation related questions or concerns?

- a. Speak to your manager or immediate supervisor. He or she will obtain the necessary information to answer your questions or concerns. If you are not able to answer your questions through this process, contact the Compensation Department.

18. What if my pay is below the minimum of my pay range?

- a. If your pay is below the minimum rate of pay for your pay range you will receive an additional adjustment to increase your pay to the minimum of your corresponding range.

STIPEND HANDBOOK

2021-2022 School Year

The following provides the framework for Arlington ISD Stipend Earnings:

Payment for stipends not described in this section of the handbook must be verified and approved by Compensation before submitting to Payroll for processing.

All unapproved rates submitted will be deleted or adjusted by Payroll and/or Compensation. Exceptions will require the approval of the Superintendent or designee. All stipends and supplemental pay may be recommended by the principal/department manager, however, approval is required through Human Resources and Finance prior to being communicated to the employee.

Employees paid from grant funds will be paid in accordance with the approved rates in this handbook.

Stipend pay represents remuneration in addition to, but separate from, regular base salary, and includes assignment stipends, educational stipends, coaching stipends, auto and cell phone allowances, and others as identified.

1. Stipend earnings are not guaranteed wages and may be amended or eliminated at any time.
2. Stipend earnings are not included in individual base salaries quoted by the Compensation Department.
3. Authorization to pay approved Stipend compensation requires permission from the campus principal or department head, or designee, prior to actual work being performed.
4. It is the responsibility of the campus/department to notify the Compensation Department when all extra duties have been performed or if there is a change in duties which would make the employee ineligible/eligible to receive Stipend earnings. (i.e. termination, assignment change, transfer, etc.)
5. It is the responsibility of the employee to check their pay statement to ensure they are being adequately compensated for Stipend duties. Back payments owed will be retroactively paid at a maximum of two paychecks.
6. An employee who has separated from the district (or is no longer active) is not eligible to accrue additional earnings past their effective separation date. A new employee is not eligible to earn Stipend pay prior to their effective start date.
7. All Stipend earnings are subject to the employee and employer's statutory deductions.
8. Any recurring stipend allotted to an active employee will be paid on a prorated basis if the employee does not work the complete duty days for their respective contract.
9. If an employee fails to meet all criteria stipulated in the Stipend earnings by the stipend owner the earnings may be stopped and/or recovered. If a recovery is in order, the employee will be notified of the terms by the Compensation Department or communicated through their supervisor.

Eligibility Criteria

Para-Professional (Hourly and Non-Exempt) employees are not eligible for stipends or extra duty pay at a stipend rate outside of what has been defined in this handbook. All other extra duties performed by a para-professional (Hourly and Non-Exempt) employee during the year should be processed according to compensatory guidelines. Assignment differentials are allowed, however, annualized lump sum payments are not available to hourly employees. Para-Professional (Hourly and Non-Exempt) employees may perform defined extra duties at the Para-Professional (Hourly and Non-Exempt) pay rate when the employee is not on their regular payroll calendar during the summer.

Eligibility for stipend compensation at an approved rate must meet all of the following criteria:

- The work has been pre-approved, and authorization to pay the Stipend earnings has been secured from the appropriate Department Head and the Compensation Department before the actual work begins and communicated to the employee.
- The person to perform the duty is a full time, an active employee of Arlington Independent School District.
 - An employee who is separated from the District is not eligible to accrue additional earnings past his or her effective separation date. A new hire is not eligible to earn stipend pay prior to his or her effective start date.
 - A substitute is a part-time employee and is not eligible to receive Stipend pay outside of the exceptions outlined in this handbook.
 - Stipend related duties/responsibilities should be voluntary and distinctly different from the employee's normal job description and take place outside of the employee's normal duty day or calendar contract days. Stipend pay should not be used as an alternative to compensatory pay for nonexempt employees when compensatory payment should be paid or as a strategy to increase the employee's base salary.

Extra duty or Additional Pay – Working beyond Normal Number of Annual Days

When an employee's normal job duties extend beyond the normal number of annual days, directly adjacent to the first or last reporting day for the school year, they are paid their normal daily rate for these extra days if the employee is performing the same duties. Extra duty pay requires the approval of the Superintendent or designee in advance.

If the employee performs duties of a different nature, the summer school, part-time, or tutorial rates will apply.

Interim Professional Assignments

Interim professional assignment pay rates are designed to compensate individuals performing exempt level duties assigned in various departments of the District. The duties performed are not part of a permanent job duty and the rates are the minimum of the range for the full-time exempt position that is most closely related to the assignment and are paid at a daily rate as aligned with the pay practices of exempt level employees.

Non-Exempt Pay Schedules

Para-Professional (Hourly and Non-Exempt) employees receive time and a half for all hours worked past 40 and should not receive a Stipend pay rate during the calendar contract year outside of the exceptions outlined in this handbook.

Additional Job Responsibilities

Employee job responsibilities are subject to change at any time to meet the needs of the District. Such changes do not necessarily warrant a change in salary. Exceptions to this rule require the approval of the Superintendent or designee with the amounts being recommended by the Compensation Department.

Stipend Payments

All stipends are paid on a 12-month basis – September through August. Stipend work that begins or ends outside the twelve-month schedule is prorated accordingly.

Deductions and Recovery of Funds

If an employee does not work the complete payroll schedule, then any recurring stipend will be paid on a prorated basis of the actual days worked. If an employee fails to meet all of the criteria stipulated the stipend may be prorated, stopped, or recovered. It is the responsibility of the employee to notify the Compensation Department if they are no longer performing the duties of the role associated with the stipend or if they are not receiving the stipend.

Employees can validate what stipends are being paid to them by reviewing their pay stub in the Employee Service Center and are encouraged to do so regularly. The employee will then be notified of the terms of recovery, if applicable, by the Payroll Department.

New Stipend Recommendations

Principals or Department Managers must submit requests for new stipends in conjunction with the annual budget cycle, requestors will be notified at the conclusion of the budget process whether or not the new stipend has been approved for the following school year. This process typically begins in January. The criterion for a new stipend review typically include:

- Criticality of work being performed
- Equity and Cost associated with the implementation of the stipend across the school district

Supplemental Pay Frequently Asked Questions

Supplemental Pay: Frequently Asked Questions

1. Why is my stipend amount less than the full amount?

The amount you are seeing is a prorated amount. This can be the result of starting late in the school; or if a stipend was assigned to you recently.

2. What if I don't see a stipend listed in my Employee Service Center?

If you don't see a stipend that you were assigned, please notify your principal/manager immediately.

3. How is my assignment differential paid?

Assignment differentials are only payable to non-exempt or hourly employees since they are calculated based on the rate of pay per hour. Assignment differential amounts are multiplied by the number of position hours budgeted for a position and then divided equally amongst the number of remaining paychecks.

Example:

Job Title: *Classroom Assistant – SPED - SEAS*

Position Hours for 2017-18: *1,281*

Compensated Days: *183*

of Paychecks In A Year: *12*

SPED – Specialized Programs Differential: *.50 per hour*

$$(.50 \times 1,281) / 12 = \$53.38 \text{ additional pay per paycheck}$$

4. I'm an exempt employee and I just graduated with my Master's/Doctoral degree, and it is not required for my position. What do I do to get an educational stipend added to my assignment?

In order to get an educational stipend added to your assignment, you must bring an official transcript down to the central administration building and give it to HR Customer Service department. The stipend will be prorated based on the date the official transcript is received by Human Resources.

5. How can I see what stipends I am being paid?

Employees can check salary and stipend information through the employee service center, for step by step instructions please click [here](#).

6. My pay did not include my stipend, who should I contact?

All information for payment of stipends is sent to the Payroll Department from various sources. There are three reasons why the employee's pay would not include

a stipend:

1. The stipend was not properly recommended and/or approved.
2. The employee's name was not included on the stipend list submitted to the Compensation Department by the campus or department to be paid.
3. The notification of the individual who should receive the stipend was submitted to the Compensation Department after the Payroll Department's deadline for payroll changes.

If you were expecting to receive a stipend on your pay and did not receive it, you should first contact the Department responsible for submitting the information to Payroll. You should verify that your name was submitted for payment and the information was submitted prior to the Payroll Department's payroll change deadline of the 10th of each month.

7. If my stipend is not correct on payday, when is the earliest I can expect to receive a correction?

The first step is to check your pay by reviewing the employee service center or on your paycheck stub. Once you have verified that you are assigned the stipend then confirm with your principal/manager when the notification was sent to Human Resources. If it was prior to the 10th of the month, please contact the Payroll Department. If it was after the 10th of the month, your correction will be on your next paycheck.

8. I work in a non-exempt or hourly role and just earned a Bachelor's degree, can I get an educational stipend?

Educational stipends can only be awarded to exempt level employees, non-exempt or hourly employees are not eligible for educational stipends.
