This patented "A" frame is built to last a lifetime.
It is made from 100% solid aluminum.

Aluminum makes this "A" frame rust-resistant, durable, and lightweight.

The unique "A" shape makes for a pain-free pull. If you have ever run over your heels with the conventional square frame, you can relate to why this design is essential!

H2435 ELECTRIC START BELT DRIVE	3500	8	24,000	24			Various	\$3895

All of these pressure cleaners come with a built in oil alert system which shuts the engine down if it is low on oil. It also comes with a thermo valve which prevents heat build up in the pump when trigger is not pulled for an extended period of time. The thermal valve opens up allowing cool water to enter the pump preventing premature failure of pump.

Gear Box Driven Machines....

- Can be used with a water tank or garden hose
- Have a longer life than direct drive
- Are what the professionals use

All machines come with...

- 50' High Pressure Hose
- Control Gun
- 36" Wand
- Chemical Injector (Downstream no chemicals run through pump)
- Set of 4 Nozzles
- Replacement O Rings

100% aluminum patented "A" frame with a lifetime warranty!
NO RUST & No running over your heels!!!

Standard Features

- Powder coated frame all models
- Stainless coil wrap all models
- Schedule 80 coil all models
- Diesel Burner all models
- Adjustable thermostat (High limit over temp protection)
- Safety pop-off over pressure protection
- Thermo bypass protection
- Belt driven pump - (Model #5012PRO-35C, 6012PRO10G, 6012PRO-20G)
- Gear driven pump - (Model #4012-10G & 4012-10C)
- Electric start (Battery included)
- On board 12 VDC—20 AMP charging
- 9 Gallon fuel tanks for gas & diesel
- 15 Gallon fuel tanks for PRO models
- All units are complete factory assembled & tested

Accessories:

- 50' HIGH PRESSURE HOSE
- CHEMICAL INJECTOR
- SET OF 4 NOZZLES
- 36" INSULATED WAND
- CONTROL GUN

Hot water is very effective!

A hot water pressure cleaner takes cold inlet water and heats it to 200° in about 1 minute. This is *instant* hot water. For the professional operator this reduces time and chemical cost. Hot water is a better solvent than cold water and is used by many professionals in the cleaning industry. Hot water is much more effective in removing grease, gum and oil. Everything comes cleaner with hot water!

50' Extra-Durable High Pressure Hose (Double wire Braided)

Chemical Injection System

Set of 4 Nozzles

36" Insulated Wand & Repairable Control Gun

We can mount hot water units to your truck, van or trailer!

Hot Boxes

HR-5030D

HBS12V60 (MODEL HBS12V80 LOOKS THE SAME)

(OTHER MODELS AVAILABLE)			
MODEL	DESCRIPTION	LIST	YOUR PRICE
HR-5030D	120 VOLT DIESEL UP TO 5 GPM @ 3000 PSI	\$3025	\$1995
HBS12V60	12 VOLT DIESEL 6 GPM @ 4000 PSI	\$3025	\$2195
HBS12V80	12 VOLT DIESEL 8 GPM @ 4000 PSI	\$4790	\$2395

Simply hook the hot box directly up to your cold water pressure cleaner making it a hot water pressure cleaner. This instantly heats the water 120° above the ambient water temperature. A hot box gives you the flexibility of only using your cold water pressure cleaner or adding the hot box to create a highly effective hot water pressure cleaner at much less the cost!

No special equipment is needed to use a hot box except a short high pressure jumper hose.

800-292-9340

www.ameritechmfg.com

Add a hot box to your current equipment!

HIGH PRESSURE HOSES

All of our high pressure hoses are standard within the industry. They are 3/8" diameter with quick connects. The blue hoses are perfect for cleaning around pool areas as they do not leave black streaks on the deck or in the pool. The yellow & gray are also non-marking style hoses. The gray hoses are double wire-braided (R-2) and used for hot water and higher PSI rated machines. All hoses can be mended.

Part #	Length	Color	PSI	Strength	Quick Connects	Price

Nozzle Size Selection Chart

NOZZLES

Determine the nozzle size by the pressure washer's GPM @ PSI (gallons per minute @ a specific pounds per square inch). If the nozzle size is too small, your equipment can be damaged. If the nozzle size is large, cleaning ability is compromised. Nozzle fan degree does not effect nozzle size selection.

Standard Nozzle Size	No. to Size	Pounds Per Square Inch (PSI)															
		500	750	1000	1250	1500	1750	2000	2250	2500	2750	3000	3250	3500	3750	4000

Dirt Killer Nozzles

Fits any Pressure Washer
Attaches with quick connects
Use standard nozzle chart to select correct nozzle size.

Blast dirt, grime, slime, mold, mildew, etc. off instantly using the Dirt Killer Nozzle. Save chemical, water, time and money. The Dirt Killer nozzle generates a whirlwind of water droplets so powerful that the imbedded dirt is blown away. Dirt Killer nozzles, which feature a rotating turbine, deliver the punch of a 0° nozzle with a 25° fan— creating 10 times the cleaning impact of a standard flat tip nozzle—effectively cutting cleaning time in half!

UNLOADERS

Flow Sensitive or Pressure Sensitive?

A *flow sensitive* unloader allows pressure to build up *gradually* as the trigger is pulled, reducing the gun "kickback". When the trigger is pulled the entire system is relieved of pressure, for easy starting and less wear on hoses and gun. This is the best choice of unloader.

A *pressure sensitive* unloader gives you *immediate* pressure when trigger is pulled.

MANY OTHER FITTINGS AVAILABLE

STANDARD FEATURES & ACCESSORIES

- **ENGINE**

1. HONDA ENGINE (3 YEAR MFG WARRANTY ON MOST MODELS)
2. BRIGGS & STRATTON ENGINE (2 YEAR MFG WARRANTY ON MOST MODELS)
3. AUTOMATIC "OIL ALERT" SYSTEM

- **PUMP**

1. CAT PUMPS (5 YEAR MFG WARRANTY ON MOST MODELS)
2. CAT GEAR BOX (5 YEAR MFG WARRANTY)
3. COMET PUMP (5 YEAR MFG WARRANTY ON MOST MODELS)
4. GENERAL PUMP (5 YEAR MFG WARRANTY ON MOST MODELS)

- **FRAME**

- **"A" FRAME**

1. PATENTED "A" FRAME DESIGNED FOR EASY MANUEVERING OVER ANY TERRAIN
2. 100% ALUMINUM (NO RUST)
3. HANDLE SWIVELS OR CAN BE REMOVED FOR EASY TRANSPORTATION
4. FULLY PNEUMATIC TIRE AND WHEEL ASSEMBLY WITH GREASE FITTING
5. LIFETIME WARRANTY FOR MFG DEFECTS

- **ALL OTHER FRAMES**

1. ALUMINUM LOOP HANDLE FRAME OR STEEL TUBULAR FRAME (90 DAY MFG WARRANTY)

- **UNLOADER**

1. FLOW ACTIVATED
2. RATED @ 3.0 TO 4.5 GPM
3. PROVIDES EASY STARTING BY PREVENTING BUILD-UP OF PUMP PRESSURE UNTIL CONTROL GUN IS TRIGGERED
4. ELIMINATES HIGH PRESSURE IN ALL LINES WHILE UNIT IS IN BY-PASS MODE
5. 90 DAY MFG WARRANTY

- **THERMAL RELIEF VALVE**

1. PROTECTS PUMP FROM PREMATURE FAILURE OF SEALS, PACKINGS, AND CUPS BY ELIMINATING HEAT BUILD-UP WHEN GUN IS IN OFF POSITION FOR EXTENDED PERIODS OF TIME
2. THE THERMAL RELIEF VALVE OPENS WHEN PUMP TEMPERATURE REACHES 145 DEGREES AND ALLOWS HOT WATER TO ESCAPE WHILE THE PUMP WHILE ALLOWING COOL WATER INTO THE PUMP TO KEEP THE PUMP COOL

- **CONTROL GUN**

1. RATED @ 4000 PSI AND 10 GPM
2. CONTOURED DESIGN AND SMOOTH TRIGGER ACTION REDUCES OPERATOR FATIGUE
3. QUALITY CONSTRUCTION; STAINLESS STEEL BALL AND SEAT ASSURES THOUSANDS OF HOURS OF USE
4. REBUILDABLE WITH KIT #109856
5. EQUIPPED WITH QUICK CONNECTS TO SIMPLIFY HOSE -TO-GUN AND GUN-TO-WAND CONNECTIONS

- **NOZZLES**

1. EQUIPPED WITH QUICK CONNECTS
2. STANDARD NOZZLE PACKAGE INCLUDES: 0°, 15°, 25° AND CHEMICAL NOZZLE

- **WAND**

1. STANDARD ALUMINUM 36" WAND WITH QUICK CONNECTS
2. WAND FOR HOT WATER UNITS COME EQUIPPED WITH HEAT SHIELD

- **HIGH PRESSURE HOSE**

1. 50' X 3/8" RATED @ 3000-4000 PSI WITH QUICK CONNECT FITTING

- **FIXED CHEMICAL INJECTOR**

1. DURABLE STAINLESS STEEL ORIFICE WITH BRASS BODY, VITON "O" RING
2. CHEMICAL DRAW (YOUR CHOICE) 10-1 OR 5-1
3. DOWNSTREAM CHEMICAL INJECTOR (CHEMICAL DOES NOT RUN THROUGH THE PUMP)

- **Orders**

All orders received prior to 3:00 PM EST will be shipped via UPS the same day on merchandise in stock. Please specify if your shipment is to be sent next day, second day, or regular ground shipping.

- **Pricing**

Our pricing is subject to change without notice.

- **Payment**

We accept personal and company checks, Visa, MasterCard, Discover, and American Express. Net 30 day terms upon credit approval only. There will be a \$30 (or more) charge on all returned checks. Invoices are considered past due 31 days after invoice date and will incur an interest charge of 1.5% per month.

- **Freight Policy**

UPS will carry parcel shipments. Freight charges will be added to the customer's invoice. Oversize shipments will be sent via freightliner and also added to the customer's invoice. Orders on credit hold will not be shipped.

- **Shortage Discrepancies**

Count the pieces received against the driver's delivery receipt. Note any discrepancies on the delivery receipt. Please note missing item # to our customer service department immediately.

- **Freight Damages**

Inspect freight before signing delivery receipt. Note on the freight bill any obvious damage at the time of delivery. Failure to do so will result in your company being liable for the damaged merchandise. Notify the carrier immediately upon delivery of any package with noticeable damage. We cannot assist you in working out a settlement with the carrier unless they are immediately notified of the damage. If you suspect internal damage open immediately. Even if no damaged goods are suspected, open the carton within 24 hours and make a thorough inspection. Hold all damaged goods and their packaging materials for inspection by the carrier.

- **Defective Merchandise and Warranties**

The liability of Ameritech Pressure Cleaning Systems, Inc. is limited to the cost of the defective item. All products carry the manufacturer's warranty. The customer will be responsible for labor, and any other expenses connected with repair or replacement. Freight charges are not covered under the warranty policy.

- **Warranty Does Not Cover**

1. Normal wear items, such as nozzles, guns, discharge hoses, wand, quick connects, seals, filters, gaskets, o rings, packings, pistons, pump valve assemblies, strainers, belts, brushes, fuses, pump protectors.
2. Damage or malfunctions resulting from accidents, abuse, modifications, alterations, incorrect installation, improper services, failure to follow manufacturer's instructions, or use of the equipment beyond its stated usage specifications as contained in the operator's manual.
3. Damage due to freezing, chemical deterioration, scale build-up, rust, corrosion, or thermal expansion.
4. Damage to components from fluctuations in electrical or water supply.
5. Normal maintenance service, including adjustments, fuel system cleaning, and clearing of obstructions.
6. Transportation to service center, shop labor charges, field labor charges, or freight damage.

- **How to Obtain Warranty Service**

You must return the product to Ameritech Pressure Cleaning Systems, Inc. An invoice must accompany each warranty return. Freight must be prepaid by the sender.
