CHAIRMAN'S STATEMENT

On behalf of the Board of Directors, I am pleased to present the Annual Report and the Audited Financial Statements of your Company for the financial year ended 31st March 2021.

The financial year 2020/2021 was a challenging year on many fronts. The COVID 19 pandemic affected every area of business and livelihood of people all over the island on an unprecedented scale. The environment for the corporate sector was not very conducive due to multiple outbreaks of the virus as the country started closing off its borders to fight off the spread of the virus..

REVIEW OF EXTERNAL PERFORMANCE

The Sri Lankan economy has been experiencing a loss of growth. Overall economic activity slowed down in recent years following the Easter Sunday Terror attacks in April 2019, and the volatile economic environment that prevailed in 2019 continued due to the outbreak of COVID-19.

The Gross Domestic Product (GDP) recorded a negative growth of -3.6% in 2020 (2.3% in 2019), and the reduction in growth was mainly from Industrial activities, which was unfavorably at 6.9% negative (2.7% positive in 2019).

Headline inflation remained broadly within the desired range, while core inflation remained low at 4.7% (4.8% in 2019). The Central Bank reduced the Standing Deposit Facility Rate (SDFR) and the Standing Lending Facility Rate (SLFR) on an ongoing basis over the past year to stimulate growth. As a result of these measures, the AWPLR remained relatively lower at 5.76% when concluding this report.

WORKPLACE SAFETY

The Group has taken every possible initiative to install and maintain safety protocols covering the management and staff at every level, this being the most critical factor for the protection of our people and the continuous operations of the Group. Such initiatives ensured that factory operations were not significantly disrupted due to outbreak of the COVID-19 disease.

Employees were always advised to follow public health guidelines and encouraged to work from home where and when possible.

FINANCIAL RESULTS

Considering the exacting circumstances under which the Group operated, I am happy to note that the Company was managed well despite all the challenges faced during the year.

The Revenue of the Group has increased by 18% compared to the previous year, and the Gross profit margin has also improved from 5.8% to 8.7%.

However, the Group has reported a loss of Rs. 100.6 Mn before tax for the financial year 2020/21 and a loss of Rs. 97.9 Mn in the Company compared to Rs. 183.0 Mn and Rs. 100 Mn respectively in the preceding year.

The results of the Group were unexpectedly impacted by the increase in the cost of imported raw material due to shortages in the international market as well as due to high shipping charges across the globe as a result of supply chain disruptions. Depreciation of the rupee also contributed to the escalation of the cost of raw material. We were able to pass only a fraction of the increase to the customers due to the price competitiveness in the market.

SECTOR CONTRIBUTION

Due to the COVID-19 pandemic and the subsequent country-wide lockdown, the total income levels of the general public were drastically affected, which resulted in a lower level of disposable income of consumers during this period. The impact of this significantly reduced demand due to a decline in consumer spending during the first wave of the pandemic (March-May 2020), where we witnessed a notable drop in orders for non-essential FMCG food and beverages items.

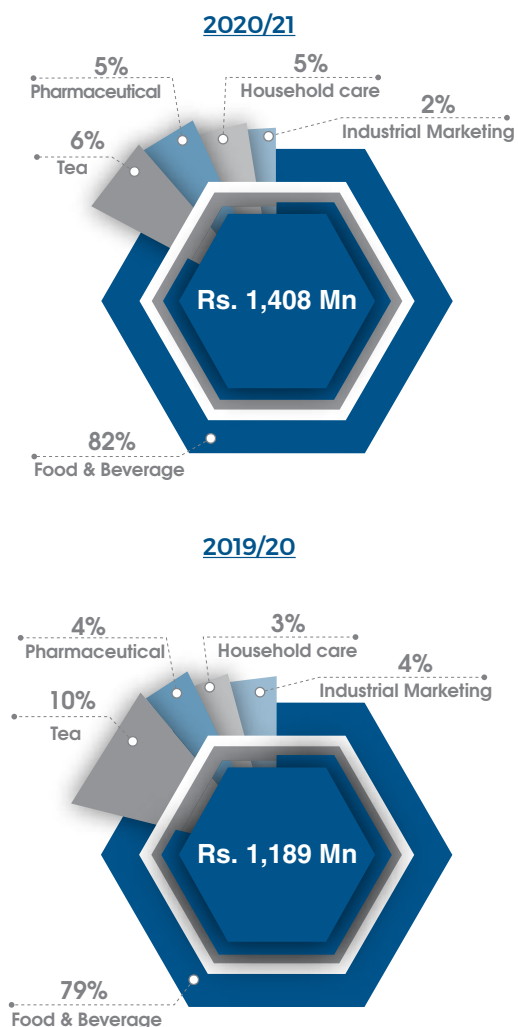

Despite the above facts, food & beverage (F&B) still dominates our sectorial mix. We believe that the F & B sector will continue to grow in response to the expansion of the supermarket distribution engines. The drop in revenue generated from the Tea business was mainly due to the reduction in orders for airline catering packs due to passenger flights being inoperative.

SEGMENTAL ANALYSIS OF SECTORIAL SALES

| Industry | 2018/19 % | 2019/20 % | 2020/21 % | Group Revenue Rs' Mn |
|----------------------|--------------|--------------|--------------|-------------------------|
| Food & Beverage | 77 | 79 | 82 | 1,147 |
| Tea | 10 | 10 | 6 | 84 |
| Pharmaceutical | 7 | 4 | 5 | 72 |
| Household Care | 3 | 3 | 5 | 71 |
| Industrial Marketing | 3 | 4 | 2 | 34 |
| Total | 100 | 100 | 100 | 1,408 |

We were able to retain our top ten(10) customers by maintaining close relationships with them and providing personalised services.

Chairman's Statement

The Board is also actively engaged and committed to finding ways to reduce losses and to make the company profitable. This may include the infusion of capital or the disposal of some assets. If and when the Board makes a final decision on these matters, we will keep the shareholders informed as early as possible.

APPRECIATION

2020/2021 has been undoubtedly a challenging year, which ACME faced with courage and confidence. I am thankful to the Board of Directors, our business partners, and employees who placed their solidarity, trust, and confidence throughout this challenging period.

Furthermore, On behalf of the Board, I would like to express my sincere gratitude to our former Chairman, Mr. H. D. S. Amarasuriya, whose dedication and fortitude have contributed to the performance of the Company.

I also wish to thank our shareholders for their continued faith in ACME.

(Sgd.)

Dr. J.M. Swaminathan
Acting Chairman

24th August 2021, Colombo.

WAY FORWARD / RETURN TO PROFITABILITY

We have the following plan in place to overcome the challenges ahead.

Close monitoring of current and future raw material prices and obtaining price revisions from the customers will help us maintain steady contribution levels of the product mix. However, we should also be watchful that our prices remain competitive.

We are in the process of strengthening our internal quality assessment teams by investing in the training of our people on relevant technical skills and knowledge which will ensure delivery of defect-free products to our customers.

Furthermore, we are continuously seeking process changes in manufacturing in order to reduce costs while maintaining quality levels.

CORPORATE GOVERNANCE

Corporate Governance at ACME means creating value to shareholders whilst promoting a culture of ethical behavior and practice. ACME is committed to maintaining the highest standard of ethical values and professionalism in all its activities. ROLE OF THE AUDIT COMMITTEE

ACME Audit Committee is a formally constituted sub-committee of its Board of Directors that operates under a written charter adopted by the Board of Directors. The primary role of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities relating to:

1. The quality and integrity of the Company's financial statements.

Audit Committee Report

2. The adequacy and effectiveness of the Company's internal controls and procedures.
3. The effectiveness of Management's enterprise risk management process.
4. Performance of external and internal auditors and ensuring their objectivity and independence.
5. Compliance by the Company with statutory requirements.

Rules on Corporate Governance under listing rules of the Colombo Stock Exchange and Code of Best Practices on Corporate Governance issued jointly by the Institute of Chartered Accountants of Sri Lanka and Securities and Exchange Commission of Sri Lanka further regulate the composition, role and functions of the Audit Committee.

ACTIVITIES

The committee is empowered to,

1. Review the adequacy and the integrity of internal control systems and management information systems, including systems for compliance with applicable laws, rules, directives and guidelines.
2. Propose best practices on disclosures in financial results and Annual Reports of the Company in line with the principles set out in the Code of Corporate Governance, other applicable laws, rules, directives and guidelines.
3. Propose an adequate system of risk management for Management to safeguard Company's assets.
4. Examine any matter relating to financial and other connected affairs of the Company.
5. Review Internal and External Audit Reports and follow up on recommendations.
6. Ensure that a well-managed, sound financial reporting system is in place to provide timely, reliable information to the Board of Directors, Regulatory Authorities, and all other stakeholders.

The Quorum for a meeting is two members. The agenda and the papers for the meetings are circulated among the members with sufficient notice. The proceedings of the Audit Committee are regularly reported to the Board of Directors, and the minutes of the meetings are made available to the Board of ACME Printing & Packaging PLC.

COMPLIANCE WITH RULES AND REGULATIONS

The Audit Committee reviewed the reports submitted by the Management and the Internal Auditors on compliance with applicable laws and regulations. The Committee is satisfied that Laws and Regulations are duly complied with and statutory payments have been made on a timely basis.

FINANCIAL REPORTING

As part of its responsibility to oversee the Company's financial reporting process on behalf of the Board of Directors, the Committee has reviewed and discussed with the Management the annual and the quarterly Financial Statements before their issuance, including the extent of compliance with the Sri Lanka Financial Reporting Standards and the Companies Act No.07 of 2007.

- ◇ The Committee reviewed financial statements and notes for the year ended 31st March 2021
- ◇ The Committee reviewed the interim financial statements.

RISK MANAGEMENT AND INTERNAL CONTROL

In its review of the effectiveness of internal controls, the Committee examined the business processes to ensure that reasonable assurance can be provided to the directors that assets are safeguarded and that the financial reporting system can be relied upon in the preparation and presentation of the Financial Statements. The Audit Committee monitors and guides the firm of Chartered Accountants engaged in the Internal Audit, in its audits, according to the plan of activities which covers financial and operational audits, risk assessments and IT security reviews. The reports of the Internal Auditors have been reviewed, discussed by the Committee, and initiated corrective measures.

The Committee identifies and assesses the risks attached to different areas of operation and the effectiveness of internal controls. Formal confirmations and assurances are obtained from Management regularly regarding the efficiency of the internal control system and risk management system, and compliance with applicable laws and regulations. The Board of Directors and Audit Committee obtain and are guided by technical advice from external consultants as required.

EXTERNAL AUDIT / INDEPENDENT AUDITORS

The Audit Committee assessed the independence and performance of the Company's external auditors and made recommendations to the Board on appointment/re-appointment.

Due consideration has been given to the nature of the services provided by the Auditors and the level of audit and non-audit fees received by the Auditors from the Group.

The Committee met with the External Auditor during the year to discuss their audit approach and procedures, including matters relating to the scope of the audit.

AUDIT COMMITTEE REPORT

The Committee perused transactions with the External Auditors and ensured that there was no significant material transaction between the External Auditors and the companies in the Group. The Committee further perused the share register and ensured that the External Auditors held no shares

The Committee is satisfied that the independence and objectivity of the Independent External Auditors has not been impaired by any event or service that gives rise to a conflict of interest.

The Audit Committee recommends the re-appointment of Messrs. KPMG for the financial year ending 31st March 2022, subject to the shareholders' approval at the Annual General Meeting.

CONCLUSION

In its continuous assessments, the Audit Committee is satisfied that based on the reports submitted by the External Auditors, the Internal Auditors and the Group's accounting policies, operational controls and risk management processes provide reasonable assurance that the affairs of the Group are managed in accordance with Group policies and that Group assets are properly accounted for and adequately safeguarded.

Finally, I would like to thank the members of the Committee, Dr. J. M. Swaminathan and Mr. G. K. B. Dasanayaka for their valuable contribution with their vast commercial experience and professional expertise. I also thank the Chairman of the Group and the Secretary to the Committee for their contribution.

On behalf of the Audit Committee,

PROCEDURES FOR REPORTING RPTs

The Group General Manager Finance Administration is responsible for reporting to the Committee, for its review and approval the information set out under Rule 30 of the Code at the minimum, in respect of each related party transaction proposed to be entered into other than the exceptions given in Rule 27 of the code. Moreover, on a quarterly basis, the Group General Manager Finance Administration is required to report to the Committee on the approved related party transactions actually entered into by the Company.

RELATED PARTY TRANSACTIONS DURING THE YEAR 2020/2021

The Committee reviewed all related party transactions of the Company for the financial year 2020/21. It was observed that all related party transactions entered during the year were of a recurrent trading nature and were necessary for the Company's day-to-day operations. In the opinion of the Committee, the terms of these transactions were not more favorable to the related parties than those generally available to the public. The details of related party transactions entered into during the year are given in Note 29 to the Financial Statements, on pages 81 to 82 of this Annual Report.

DECLARATION

A declaration by the Board of Directors in the annual report to the effect that no related party transaction falling within the provisions of the Listing Rules was entered into by the Company during the year under review, is given in the annual report of the Board of Directors in pages 41 to 43

On behalf of the Related Party Transaction Review Committee.

ENTERPRISE RISK MANAGEMENT

Risk management involves identifying potential risk exposure faced by the Company and implementing proper risk management techniques to mitigate such risks. A disciplined approach to risk management is important in order to ensure successful execution of strategic objectives and to express our acceptance towards risk management for which we have adequately compensated for.

The Board of Directors has overall responsibility for risk oversight with a focus on the most significant risks facing the Company. We consider risk management as a vital component in our operations and build upon management's risk assessment and mitigation processes, which include standardised reviews of long-term strategic and operational planning; executive development and evaluation; regulatory and litigation compliance; health, safety and environmental compliance; financial reporting and controls; and information technology and security. The Company has established appropriate internal control systems and other risk mitigation techniques to ensure the delivery of shareholder wealth and to meet its obligations to other stakeholders.

INTERNAL CONTROLS

The Directors acknowledged their responsibility for the Company's system of internal control. The system is designed to give assurance regarding the safeguarding of assets, the maintenance of proper accounting records and the reliability of financial information generated, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

BUSINESS RISK

The business risk management is a dynamic process due to the constant change and complexity in the operating environment of the Group. The different business operations of the Group and their performance are subject to a variety of risk factors which are constantly monitored and evaluated by the management in order to respond effectively.

COMPETITIVE ENVIRONMENT

Our businesses are highly competitive. Failure to compete with competitors on areas including price, product range, quality and service would have an adverse effect on the Group's financial results. Hence we aim to have a broad appeal in price range and format in a way that allows us to compete effectively.

PEOPLE CAPABILITIES

Our greatest asset is our employees. It is critical to our success to attract, retain, develop and motivate the best people with the right capabilities at all levels of operations.

We review our people and policies regularly and are committed to investing in development and incentives for our people. There are clear processes for understanding and responding to employees' needs through HR initiatives, and communication of business developments.

HEALTH AND SAFETY RISKS

The safety of our staff and customer is of paramount importance to us. We operate stringent health and safety processes in line with best practices in our manufacturing facilities, stores and offices.

IT SYSTEMS AND INFRASTRUCTURE

The business is dependent on efficient information technology (IT) systems. We have extensive controls in place to maintain the integrity and efficiency of our IT infrastructure and to ensure consistency of delivery, and all relevant staff is effectively engaged to mitigate IT related risks through effective policy and procedures as well as increased awareness.

INTEREST RATE AND EXCHANGE RATE RISK

It is the Company's objective to limit its exposure to changes in interest and exchange rates while retaining the opportunity to benefit. Accordingly the Group manages interest and exchange rate fluctuations with an appropriate mix of fixed and variable rate debts, forward contracts if necessary through a centralised treasury management function.

CREDIT RISK

Credit risks arise due to the non-payment by debtors which can lead to working capital issues. Export sales are done on letter of credits as much as possible. Company extends credit facilities to customers during the course of business. We undertake actions such as implementation of Group credit policy, evaluation of customers prior to granting credits, periodic review of receivables by the Group Management Committee and credit suspension on overdue accounts and legal procedures for recovery of long overdue receivables to mitigate the credit risk.

MARKET RISK

A broad definition of market risk is exposure to adverse movements in the securities markets for both equity and fixed income investments, which can result in value loss as well as variations in the anticipated returns from those securities. All financial institutions face market risks, created by changes in the macro environment related to political factors, national security economic management and globalisation influences which have an impact on systematic risk factors such as interest rates, currency parity, inflation, and availability of credit. Therefore, understanding market risks requires considering multiple dimensions and complexity in the macro environment.

Enterprise Risk Management

Market risks are inherent in every security and are thus collectively considered at the portfolio level to take into account the asset allocation decisions of the portfolio.

INVENTORY MANAGEMENT RISK

Plan monthly production based on budgets and sales forecasts and review during production planning meetings held regularly. Adopt various quality standards at different stages to verify the quality until the product is delivered. Carryout stocks verifications on periodically to identify nonmoving stocks and regularly monitor inventory days.

TECHNOLOGICAL AND QUALITY RELATED RISK

Develop a long term plan to replace existing machines with technology advanced machines, obtain certificates from relevant authorities and ensure products comply with most of the local and international standards and already the equipment required to test the quality of products are in place.

GENERAL SECURITIES RISK

Any trading in securities carries inherent investment risks, associated with the entity issuing those securities in particular the price of value of any security can and does fluctuate and may even become valueless, resulting in possible loss not only of returns and profits but even also of all or part of the principal sums invested. These risks arise as a result of the overall risks faced by the issuing entity which affects its ability to provide a return to the investors holding the securities issued by it. Particularly in the case of equities past performance of any investment is not necessary indicative of future performance.

LEGAL COMPLIANCE

ACME Printing and Packaging PLC complies with all legal and regulatory provisions applicable to it. The legal function pro-actively identifies and sets up appropriate systems and processes for legal and regulatory compliance in respect of all our investments. The internal audit function of the Group ensures the safeguarding of Company assets and recommends process improvements in areas where process control failures are noted.

REGULATORY COMPLIANCE

The operations of the ACME Printing and Packaging PLC come within the rules and regulations applicable to companies listed on the CSE and regulations applicable to securities trading set by the Securities and Exchange Commission of Sri Lanka. Our systems and processes are structured to satisfy the criteria set by these regulations and staff are constantly kept aware of the compliance needs imposed by these regulations.

OPERATIONAL RISKS

We manage operational risks by identifying areas of risk, formulating plans for their management, promoting best practices, implementing internal controls and systems and monitoring compliance. Operational risks mainly cover the areas of system failure, continuity of decision making, dealing with contingencies and ensuring efficiency in operations and correct application of recommended management practices.

ISSUES PERTAINING TO EMPLOYEES AND INDUSTRIAL RELATIONSHIP

The Board of ACME Printing and Packaging PLC assesses all the issues with regard to employees and industrial relation which influence the performance of the Group. ACME Printing and Packaging PLC takes considerable number of steps to ensure employees are satisfied at all the levels and their issues are addressed in order to retain talented employees. A well structured grievance handling system is in place to handle the grievances of employees at all levels. We make sure to maintain pertinent industrial relationship with all the governmental agencies. There are no issues which affect the Company's performance to be disclosed.

To the Shareholders of ACME Printing and Packaging PLC

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of ACME Printing and Packaging PLC (the "Company") and the consolidated financial statements of the Company and its subsidiary (the "Group"), which comprise the statement of financial position as at 31st March 2021, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information as set out on pages 51 to 89.

In our opinion, the accompanying financial statements of the Company and the Group give a true and fair view of the financial position of the Company and the Group as at 31st March 2021, and of their financial performance and cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Company financial statements and the consolidated financial statements for the current period. These matters were addressed in the context of our audit of the Company financial statements and the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Basis for Opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards ("SLAuSs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by CA Sri Lanka ("Code of Ethics"), and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

| Risk Description | Our response |
|---|---|
| <p>Refer to note 3.9 (accounting policy) and note 13 and 17 to these Financial Statements.</p> <p>The Company has reported a carrying value of investment in the subsidiary amounting to Rs. 35.5 Mn and amounts due from the subsidiary amounting to Rs. 98 Mn as at 31st March 2021. Such balances are carried at cost and tested for any impairment if there is any indication for impairment at each reporting period. Accordingly, the impairment assessment as of 31st March 2021 was performed and an impairment amounting to Rs. 61 Mn was recorded in the Company's financial statements during the year.</p> <p>Management assessed the impairment of the carrying value of the investment by determining the recoverable amount of the investment. As the recoverable amount calculation involves significant judgement and estimates that are affected by future market and economic conditions, changes to the assumptions could lead to changes in the estimated recoverable amount.</p> <p>Due to the significance of the investment and amounts due from the subsidiary and the subjectivity of the judgements, we consider impairment assessment of investment in subsidiary and amounts due from subsidiary to be a Key Audit Matter.</p> | <p>Our audit procedures included:</p> <ul style="list-style-type: none"> • Obtaining an understanding of management's impairment assessment process. • Reviewing the impairment assessment conducted by the management and discussed with management regarding the reasonableness of the basis and assumptions used. • Assessing and challenging the key assumptions, inputs and judgements used in the computations of recoverable amount in arriving at required impairment. • Assessing the adequacy of the disclosures in the financial statements. |

03. Revaluation of Lands and Buildings.

| Risk Description | Our response |
|---|--|
| <p>Refer to note 3.5 (accounting policy) and note 11 to these Financial Statements.</p> <p>As at the reporting date, Land and Buildings of the Group carried at fair value amounting to Rs. 522Mn (Company: Rs. 419Mn).</p> <p>Management's assessment of fair value of the freehold land and buildings is based on valuations performed by a qualified independent property valuer in accordance with recognised industry standards.</p> <p>We identified valuation of freehold land and buildings as a key audit matter because the determination of the fair values involves significant judgment and estimation, particularly determining the underlying assumptions and the valuations are sensitive to the key assumptions applied.</p> | <p>Our audit procedures included:</p> <ul style="list-style-type: none"> • Assessing the objectivity, independence, competence and qualifications of the external valuer. • With the assistance of our own internal property valuation expert assessing the key assumptions applied and conclusions made in deriving the fair value of the properties and comparing the fair value of properties with evidence of current market values. In addition assessing the valuation methodologies with reference to recognized industry standards. • Assessing the adequacy of the disclosures in the financial statements, including the description and appropriateness of the inherent degree of subjectivity and key assumptions in the estimates. |

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance. We have nothing to report in this regard.

INDEPENDENT AUDITORS' REPORT (CONT.)

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's/ Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and Group/Company using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's and the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SLAuSs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SLAuSs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ◊ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ◊ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company and the Group's internal control.
- ◊ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ◊ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's/ Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related

disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- ◊ Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ◊ Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with ethical requirements in accordance with the Code of Ethics regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by section 163 (2) of the Companies Act No. 07 of 2007, we have obtained all the information and explanations that were required for the audit and, as far as appears from our examination, proper accounting records have been kept by the Company.

CA Sri Lanka membership number of the engagement partner responsible for signing this independent auditor's report is 3272.

2.1. Statement of Compliance

The Consolidated Financial Statements of the Group and the separate Financial Statements of the Company, which comprise the Statement of Financial Position, Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Cash Flow Statement, together

with the notes, (the "Financial Statements") of the Company and Group as at 31st March 2021 and for the year then ended have been prepared in accordance with new Sri Lanka Accounting Standards (SLAS) prefixed both SLFRS (corresponding to IFRS) and LKAS (corresponding to IAS), promulgated by the Institute of Chartered Accountants of Sri Lanka and complies with the requirements of the Companies Act No 07 of 2007.

2.2. Basis of Measurement

The Consolidated Financial Statements have been prepared on the accrual basis, the historical cost basis and applied consistently which no adjustments being made for inflationary factors affecting the financial statements, except for the following material items in the statement of financial position.

- ◇ Equity Instruments at FVTOCI are measured at fair value;
- ◇ Land, building and machinery are measured at revalued amounts; and.
- ◇ Liability for employee benefits is recognized as the present value of the defined benefit obligation less the net total of fair value of the plan assets.

These Financial Statements have been prepared on the basis that the Company / Group would continue as a going concern for the foreseeable future.

2.3. Comparative Figures

Where necessary, comparative figures have been rearranged to conform with the current year's presentation.

2.4. Functional and Presentation Currency

All values presented in the Financial Statements are in Sri Lankan Rupees (Rs.) unless otherwise indicated. All financial information presented in Sri Lanka Rupees has been given to the nearest thousand, unless stated otherwise.

2.5. Use of Estimates and Judgements

The preparation of these Financial Statements in conformity with SLAS's requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgments in applying accounting policies that have the most significant effect on the amounts

Notes to the Financial Statements

recognised in the Financial Statements is included in the following notes:

- ◊ Valuation of Land, Building and plant & Machinery (Note 11)
- ◊ ROU Assets and ROU Liability (Notes 12 and 23)
- ◊ Provision for Inventories (Note 15.1)
- ◊ Impairment of assets (Note 13)
- ◊ Deferred taxation and utilisation of tax losses (Note 24)
- ◊ Measurement of Employee benefits (Note 25)
- ◊ Provisions and contingencies (Notes 15.1, 16.1 and 28)
- ◊ Financial Instrument (Note 14)

2.5.1. Estimation Uncertainty in Preparation of Financial Statements due to the post-lock-down Economic Implications of COVID-19 Pandemic

The post-lock-down implications have increased the uncertainty of estimates made in preparation of the Financial Statements. The estimation uncertainty is associated with;

The extent and duration of the disruption to businesses arising from the actions of stakeholders such as government, businesses and customers to contain the spread of virus.

The extent and duration of the expected economic downturn due to impact on GDP, export markets, credit risk of our customers, impact of unemployment and possible decline in consumer discretionary spending.

The effectiveness of government and central bank measures that have and will be put in place to support businesses through this disruption and economic downturn.

2.6. Measurement of Fair Value

A number of the Group's accounting policies and disclosures require the measurement of fair value for both financial and non-financial assets and liabilities.

The Group/Company regularly reviews significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values, the Group/Company assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of SLFRSs/LKASs, including the level in the fair value hierarchy in which such valuations should be classified.

Further, the external valuers are involved for valuation of significant assets, such as land, building and plant & Machinery. Selection criteria for external valuers include

market knowledge, reputation, independence and whether professional standards are maintained. The Group decides, after discussions with the external valuers, which valuation techniques and inputs to use for individual assets.

Significant valuation issues are reported to the Group's Audit Committee.

When measuring the fair value of an asset or liability, the Group uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- ◊ Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities
- ◊ Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability either directly (i.e. prices) or indirectly (i.e. derived from prices)
- ◊ Level 3 - Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest input level that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

2.7. Going concern

The management has made an assessment of the Company's ability to continue as a going concern and is satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, management is not aware of any material uncertainties that may cast significant doubt upon the Group/Company's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on a going concern basis. Please refer note 35 on page 89 for impact assessment due to Covid - 19 pandemic.

2.8. Changes in Significant Accounting Policies

Definition of a Business (Amendments to SLFRS 3)

The group has initially adopted Definition of a Business (Amendments to SLFRS 3) and Interest Rate Benchmark Reform (Amendments to SLFRS 9, LKAS 39 and SLFRS 7) from 1st April 2020. A number of other new standards are also effective from 1st April 2020 but they do not have a material effect on the Group's Financial Statements.

Notes to the Financial Statements

Amendments to SLFRS 16 Covid-19 Related Rent Concessions

The Group adopted COVID-19 - Related Rent Concessions - Amendments to SLFRS 16 issued on 28 May 2020. The amendment introduces an optional practical expedient for leases in which the Group is a lessee - i.e. for leases to which the Group applies the practical expedient, the Group is not required to assess whether eligible rent concessions that are a direct consequence of the COVID-19 pandemic are lease modifications. The amendment has no impact on retained earnings at 1st April 2020.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these Financial Statements.

3.1. Basis of Consolidation

Subsidiaries

Subsidiaries are those enterprises controlled by the Company. The Company controls an entity when it is exposed to or has right to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Financial Statements of subsidiary is included in the Consolidated Financial Statements from the date that control effectively commences until the date that control effectively ceases. Accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the Company.

The Company and its subsidiary in the Group have a common financial year, which ends on 31st March.

Loss of Control

Upon the loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently it is accounted for as an equity-accounted investee or in accordance with the Group's Accounting Policy for financial instruments depending on the level of influence retained.

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised gains and losses or income and expenses arising from the intra-group transactions are eliminated in preparing the Consolidated Financial Statements.

Accounting for investment in subsidiaries

When separated financial statements are prepared, investments in subsidiaries are accounted for using the cost method. Investments in subsidiaries are stated in the Company's Statement of Financial Position at cost less accumulated impairment losses, if any.

3.2. Foreign Currency Translation

Transactions in foreign currencies are translated to the functional currency at the exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date.

The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the period, adjusted for effective interest and payments during the period, and the amortised cost in foreign currency translated at the exchange rate at the end of the reporting period.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Foreign currency differences arising on retranslation are recognised in profit or loss, except for differences arising on the retranslation of fair value through other comprehensive income - equity instruments, which are recognised in other comprehensive income. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

3.3. Income Tax Expense

Income tax expenses comprise of current & deferred tax expenses recognised in the Income Statement.

(a) Current Tax

The Group's liability to taxation has been computed in accordance with the provisions of the Inland Revenue Act No 24 of 2017 and amendments thereto.

(b) Deferred Tax

Deferred tax is provided on the balance sheet liability method for all temporary differences as at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts of assets and liabilities for financial reporting purposes. The balance in the deferred taxation account represents income tax applicable to the difference between the written down values for tax purpose of the assets on which tax depreciation has been claimed and the net book value of such asset, offset by the provision

Notes to the Financial Statements

for employee benefit which is deductible for tax purpose only on payment.

Deferred tax assets, including those related to temporary tax effect of income tax losses and credits available to be carried forward are recognised only to the extent that it is probable that future taxable profit will be available against which the assets can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.4. Events occurring after the Reporting date

The materiality of the events occurring after the reporting date have been considered and appropriate adjustments to or disclosure have been made in the financial statements where necessary.

Assets and Bases of Valuation

Assets classified as current assets on the Statement of Financial Position are cash and bank balances and those which are expected to be realised in cash during the normal operating cycle or within one year from the reporting date whichever is shorter. Assets other than the current assets are those, which the Company intends to hold beyond a period of one year from the Balance Sheet date.

3.5. Property, Plant and Equipment

a. Cost and Valuation

An item of Property, Plant & Equipment that qualifies for recognition as an asset is initially measured at its cost.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the asset to a working condition for its intended use, and the costs of dismantling, removing and restoring the site on which they are located. Where an item of property, plant and equipment comprises major components having different useful lives, they are accounted for as separate items of property, plant and equipment.

Cost Model

The Group applies the Cost Model to all Property, Plant & Equipment except for freehold land, buildings and machinery, and records at cost of purchase together with any incidental expenses thereon, less accumulated depreciation and any accumulated impairment losses.

Revaluation Model

The Group applies the Revaluation Model for the entire class

of Freehold Land, Buildings and machinery for measurement after initial recognition. Such assets are carried at revalued amounts, being their fair value at the date of revaluation, less any subsequent accumulated depreciation on buildings and any accumulated impairment losses charged subsequent to the date of valuation. A revaluation is carried out when there is substantial difference between the fair value and carrying amount of the property and is undertaken by professionally qualified valuers. Group review its assets once in two years.

On revaluation of an asset, any increase in the carrying amount is recognised in Other Comprehensive Income and presented in Revaluation Reserve in equity or used to reverse a previous loss on revaluation of the same asset, which was charged to the Profit or Loss. In this circumstance, the increase is recognised as income only to the extent of the previous write down in value. Any decrease in the carrying amount is recognised as an expense in the Profit or Loss or charged in Other Comprehensive Income and presented in Revaluation Reserve in equity only to the extent of any credit balance existing in the Revaluation Reserve in respect of that asset. Any balance remaining in the revaluation reserve in respect of an asset, is transferred directly to Retained Earnings on retirement or disposal of the asset.

Items of property, plant and equipment are derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or losses arising on derecognition of the asset is included in the Profit or Loss for the year the asset is derecognised.

b. Subsequent cost

Expenditure incurred to replace a component of an item of property, plant and equipment that is accounted for separately including major inspection and overhaul costs, is capitalized. Other subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the item of property, plant and equipment. All other expenditure is recognised in the Profit or Loss as an expense as incurred.

c. Depreciation

Depreciation is charged to the Profit or Loss on a straight-line basis over the estimated useful lives of items of Property, Plant and Equipment, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset.

The estimated useful lives for the current and comparative periods are as follows.

Notes to the Financial Statements

| | |
|--------------------------------|---|
| Buildings | 36 year in 2020/21 40 years in 2019/20 or remaining lease period whichever is lower |
| Plant & Machinery | 5 - 20 years |
| Furniture Fittings & Computers | 5 - 10 years |
| Motor Vehicle | 5- 10 years |
| Computers | 10 years |
| Cylinders | Number of units produced |

Depreciation of an asset begins when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale (or included in a disposal group that is classified as held for sale) and the date that the asset is derecognised.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Impairment of Property, Plant and Equipment

The carrying value of property, plant and equipment is reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. If any such indication exists and where the carrying value exceed the estimated recoverable amount the assets are written down to their recoverable amount. Impairment losses are recognised in the Profit or Loss unless it reverses a previous revaluation surplus for the same asset.

3.6. Leased Assets

a. Definition of Lease

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group uses the definition of a lease in SLFRS 16.

b. As a Lessee

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property the Group has elected not to separate non lease components and account for the lease and non-lease components as a single lease component.

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-

use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

The Group determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the following:

- ◇ fixed payments, including in-substance fixed payments.
- ◇ variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date.
- ◇ amounts expected to be payable under a residual value guarantee; and
- ◇ the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early. The lease liability is measured at amortised cost using the effective interest method. It is re measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group estimate

Notes to the Financial Statements

of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is re measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group presents right-of-use assets that do not meet the definition of investment property in right-of-use assets and lease liabilities in the statement of financial position.

c. Short term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including IT equipment. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

d. As a Lessor

At inception or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, then the Group applies SLFRS 15 to allocate the consideration in the contract.

The Group applies the derecognition and impairment requirements in SLFRS 9 to the net investment in the lease. The Group further regularly reviews estimated unguaranteed

residual values used in calculating the gross investment in the lease.

The Group recognises lease payments received under operating leases as income over the lease term as part of 'other revenue'. Generally, the accounting policies applicable to the Group as a lessor in the comparative period were not different from SLFRS16 except for the classification of the sub-lease entered into during current reporting period that resulted in a finance lease classification.

3.7. Inventories

Inventories are valued at lower of cost or net realizable value, after making due allowance for obsolete and slow-moving items. Net realisable value is the price at which inventories can be sold in the normal course of business after allowing for cost of realisation and /or cost of conversion from their existing state to saleable condition.

The cost of each category of inventories is determined as follow:

- ◊ Finished goods and work in progress as factory cost, which includes all direct cost and production overheads at normal level of activity.
- ◊ Raw material, packing material and machinery spares at weighted average cost basis.

The Net Realizable Value (NRV) of inventories is determined through comparison of cost with local and international re sale /replacement values, historic data and use of management assessments and judgment.

The following factors are considered by the management in determining NRV:

- ◊ Raw Material - Determination of the replacement cost of similar raw material;
- ◊ Work in Progress - The process losses and subsequent realisation.
- ◊ Finished Goods -The market patterns (based on actual events taken place), the cost of disposing efforts (selling cost etc). and subsequent prices.
- ◊ Machinery spare parts - The inventory movements, replacement cost and future use.

Notes to the Financial Statements

3.8 Non-derivative financial assets

Fair Value of Assets and Liabilities

Accounting Policy

Financial assets

Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) is initially measured at fair value plus transaction costs that are directly attributable to its acquisition.

Classification and measurement

On initial recognition, a financial asset is classified as measured at: amortised cost; FVOCI - equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- ◇ it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- ◇ its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Group financial assets classified and measured at amortised cost are limited to its non-current financial Assets - Investments in debt instruments, other receivables, short-term investments and cash and cash equivalent.

Business model assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- ◇ how the performance of the portfolio is evaluated and reported to the Company's management;

- ◇ the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs as well as a profit margin. In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

Equity Securities measured at FVOCI

Company's investment in equity securities are classified as fair value through other comprehensive income (FVOCI).

On initial recognition of an equity investment that is not held for trading the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

Financial asset amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- ◇ it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- ◇ its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Group's/Company's financial assets classified and measured at amortised cost are limited to its trade and other receivables, deposits, amounts due from related parties and cash & cash equivalents.

Derecognition

Financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor

Notes to the Financial Statements

retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Group enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

The Group has got trade and other payables, Amounts due to related parties, other financial liabilities and interest-bearing borrowings as financial liabilities at amortised cost.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

3.9. Impairment of assets

3.9.1. Impairment of financial assets

The Group recognises loss allowances for ECLs on: financial assets measured at amortised cost.

The Group measures loss allowances at an amount equal to lifetime ECLs.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Operation considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the

operation's historical experience and informed credit assessment and including forward-looking information.

The Group considers a financial asset to be in default when:

- ◇ the borrower is unlikely to pay its credit obligations to the Operation in full, without recourse by the Operation to actions such as realising security (if any is held); or
- ◇ the financial asset is more than 360 days past due for the residential segment.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Operation expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the operation assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data,

- ◇ significant financial difficulty of the borrower or issuer.
- ◇ a breach of contract such as a default or being more than 360 days past due.
- ◇ it is probable that the contractual party will enter bankruptcy or other financial reorganisation; or

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Notes to the Financial Statements

Write-off

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, the Group has a policy of writing off based on historical experience of recoveries of similar assets and based on the assessment carried out by the Group. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

3.9.2. Impairment of Non-financial assets

The carrying amounts of the Group's non-financial assets inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets.

The Group's corporate assets do not generate separate cash inflows. If there is an indication that a corporate asset may be impaired, then the recoverable amount is determined for the CGU to which the corporate asset belongs.

An impairment loss is recognised if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognised in profit or loss. Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Liabilities and Provisions

Liabilities classified as Current Liabilities on the Statement of financial position are those obligations payable on demand or within one year from the statement of financial position. Items classified as non-current liabilities are those obligations, which expire beyond a period of one year from the Statement of financial position date.

All known liabilities have been accounted for in preparing the financial statements. Provision and liabilities are recognised when the Group has a legal or constructive obligation as a result of past events and it is probable that an outflow of economic benefits will be required to settle the obligation.

3.10. Employee benefits

3.10.1. Defined contribution plan - Employees' Provident Fund & Employees' Trust Fund

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Group contributes 12% and 3% of gross emoluments of employees as Provident Fund and Trust Fund contribution respectively.

3.10.2. Defined Benefit Plans - Retirement Gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

Provision has been made for retirement gratuities from the first year of service for all employees, in conformity with LKAS 19 - Employee Benefits. However, under the Payment of Gratuity Act No. 12 of 1983, the liability to an employee arises only on completion of 5 years of continued service.

The retiring gratuity liability prior to 1st April 1993 was unfunded. The liability subsequent to that date has been funded by way of an insurance policy. As required by the Sri Lanka Accounting Standards 19 - Employee Benefits (LKAS 19), the Company uses a qualified actuary to assess the gratuity liability and the related contribution based on Projected Unit Credit method as recommended by LKAS 19.

The amount recognised as a defined benefit liability shall be the net total of the present value of the defined benefit obligation at the end of the reporting period, plus any actuarial gains not recognised minus any past service cost not yet recognised and the fair value at the end of the reporting period of plan asset.

Notes to the Financial Statements

When the above computation results in an asset, the recognized asset is limited to the net total of any cumulative unrecognised actuarial losses and past service costs and the present value of any economic benefits available in the form of any refunds from the plan or reductions in future contributions to the plan. In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements that apply to the plan of the Company. An economic benefit is available to the Company if it is realisable during the life of the plan or on settlement of the plan liabilities.

As required by the Sri Lanka Accounting Standards 19 - Employee Benefits (LKAS 19), the Subsidiary applies the actuarial valuation method to contribute for Retirement Gratuity based on Projected Unit Credit method as recommended by LKAS 19.

The liability is not externally funded.

Actuarial gains and losses

The re - measurements of the net defined benefit liability which comprise actuarial gains and losses are recognised in Other Comprehensive Income.

3.10.3. Short term benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided.

3.11. Non-derivative financial liabilities

The Group initially recognises debt securities issued and subordinated liabilities on the date that they are originated. All other financial liabilities (including liabilities designated at fair value through profit or loss) are recognised initially on the trade date at which the Group becomes a party to the contractual provisions of the instrument.

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The Group has the following non-derivative financial liabilities: loans and borrowings, bank overdrafts, and trade and other payables.

Such financial liabilities are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition these financial liabilities are measured at amortised cost using the effective interest method.

3.12. Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

3.13. Contingencies and Capital Commitments

All material Capital Commitments and Contingent Liabilities of the Group are disclosed in the respective notes to the Financial Statements.

STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

3.14. Revenue

The Group revenue represents sales to customers outside the Group and sales within the Group which are intended for internal consumption.

The Group/Company recognises revenue from contracts with customers when control of the goods or services is transferred to the customer at an amount that reflects the consideration that the Group/Company is to be entitled in exchange for those goods or services. Determining the timing of the transfer of control of goods or services, at a point in time or over time, requires judgments taking into consideration the nature of goods or services that Group/Company offers.

The following specific criteria are used for the purpose of recognition of revenue.

Sale of goods

Revenue from the sale of goods is recognised at the point in time when control of the goods is transferred to the customer, usually on delivery of the goods. Sales are measured at the fair value of the consideration received or receivable excluding amounts collected on behalf of third parties (e.g. Sales taxes) and variable consideration (e.g. discounts and rebates).

Dividend income

Dividend income is recognised in profit or loss on the date that the Group's right to receive payment is established.

Notes to the Financial Statements

Other Income

Other income is recognised on an accrual basis.

Net gains and losses of a revenue nature on the disposal of property, plant and equipment and other non-current assets including investments have been accounted for in the assets.

3.15. Expenditure recognition

Operating Expenses

All expenditure incurred in the running of the business and in maintaining the property, plant and equipment in a state of efficiency has been charged to the statement of comprehensive income in arriving at the profit or loss for the year.

Finance income and expense

Interest income and expenses are recognised in profit or loss using the effective interest method. The effective interest rate is the rate that exactly discounts the estimated future cash receipts or payments through the expected life of the financial asset or liabilities (or, where appropriate, a shorter period) to the carrying amount of the financial asset or liabilities. When calculating the effective interest rate, the Group estimates future cash flows considering all contractual terms of the financial instrument, but not future credit losses.

The calculation of the effective interest rate includes all transaction costs and fees and points paid or received that are an integral part of the effective interest rate. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset or liability.

Borrowing Cost

All borrowing costs are recognised as an expense in the period in which they are incurred except those that are directly attributable to the construction or development of property, plant and equipment which are capitalized as a part of the cost of that asset during the period of construction or development.

3.16. Segment reporting

An operating segment is a component of the Group/Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group/Company's other components. All operating segments' operating results are reviewed regularly by the

Group's CEO to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

The Company is a Public Limited Company in Sri Lanka. During the year ended 31st March 2021, the Group operated as a single business unit under one management team offering the flexible packaging materials to business customers.

There are no distinguishable components to be identified as segments for the Group/Company.

3.17. Related party disclosure

Disclosures has been made in respect of the transactions in which one party has the ability to control or exercise significant influence over the financial and operating policies / decisions of the other, irrespective of whether a price is charged.

3.18. Earnings per share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares.

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares, which comprise convertible notes and share options granted to employees.

3.19. Cash flow statement

The Cash Flow Statement has been prepared using the Indirect Method of preparing Cash Flows in accordance with the Sri Lanka Accounting Standard (LKAS) 7, Cash Flow Statements.

Cash and cash equivalents comprise short term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The cash and cash equivalents include cash in-hand and balances with banks.

We don't have short term deposits.

For cash flow purposes, cash and cash equivalents are presented net of bank overdrafts.

Notes to the Financial Statements

4. STANDARDS ISSUED BUT NOT YET EFFECTIVE

The Institute of Chartered Accountants of Sri Lanka has issued the following new Sri Lanka Accounting Standards (SLFRSs/LKASs) which will become applicable for financial periods beginning after 1st January 2021. Accordingly, the Group has not applied the following new standards in preparing these Financial Statements.

The following amended standards and the interpretations are not expected to have a significant impact on the Group's consolidated financial statements.

The tax losses of the Group as at the reporting date was Rs.1.004Mn (Company - Rs. 686 Mn) resulting in a deferred tax asset of Rs.181 Mn(Company - Rs. 123 Mn) as at the reporting date. However, deferred tax asset has been recognised only up to the deferred tax liability from temporarily defences. Balance tax losses have not been considered in arriving at the deferred tax assets due to the uncertainty regarding the availability of future taxable profits against which the deferred tax asset would be utilized. Accordingly, the unrecognised deferred tax asset at reporting date was Rs. 38 Mn. (Company 17 Mn). Further deferred tax assets arising from deductible temporary differences of inventory and debtors provision have not been considered due to unavailability of sufficient taxable temporary differences.

Notes to the Financial Statements

For the year ended 31st March 2021

31 Financial risk management

31.1 Introduction and overview

The Company has exposure to the following risks from its use of financial instruments:

1. Credit risk
2. Liquidity risk
3. Market risk
4. Interest Rate risk
5. Operational risk.

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout this Financial Statement.

31.2 Risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is responsible for developing and monitoring the Company's risk management policies.

31.3 Financial risk management objectives and policies

The objective of the financial risk management strategy of the Group is to minimize the impact of risks that arise due to the use of financial instruments. The risks that are unmanaged can potentially result in the Group being unable to achieve its budgeted profits in a given financial year. Hence, importance is given by the Group to manage financial risk.

31.4 Market risk management

Market risk is the risk that the fair value of the future cash flows of a financial instrument will fluctuate due to the change in market factors such as exchange rates and interest rates. Such risks could affect Group's income and expenses and could have a potentially adverse impact on the profits attributable to the shareholders. The objective of market risk management is to manage and control market risk exposure within acceptable limits while optimizing returns.

31.5 Credit risk

Credit risk is the risk of financial loss to the group if a customer or counter-party to a financial instrument fails to meet its contractual obligations and arises principally from the Group receivables from customers.

The maximum risk exposure of financial assets which are generally subject to credit risk are equal to their carrying amounts. Following table shows the maximum risk position.

| Risk position | Group | | Company | |
|---------------------------------------|---------|---------|---------|---------|
| | 2021 | 2020 | 2021 | 2020 |
| Trade Receivable and other receivable | 296,683 | 295,241 | 127,163 | 129,500 |
| Investment - FVTOCI | 25 | 25 | 25 | 25 |
| Amounts due from related parties | - | - | 97,991 | 87,527 |
| Cash & Short term deposits | 27,473 | 26,637 | 19,722 | 21,848 |

Trade and other receivables

The Group assesses its credit risk through expected credit loss on its trade receivables

ECL is calculated based on the delinquency status and the actual credit loss experience over the past 3 years. These rates are multiplied by scalar factors to reflect the differences between economic conditions during the period over which the historical data has been collected, Current conditions and the Group's view of economic conditions over the expected lives of the receivables.

Notes to the Financial Statements

For the year ended 31st March 2021

Expected credit loss assessment for individual customers as at 31st March 2021

The Company uses an allowance matrix to measure the ECLs of trade receivables from individual customers, which comprise a very large number of small balances.

Loss rates are calculated using a 'roll rate' method based on the probability of a receivable progressing through successive stages of delinquency to write-off. Roll rates are calculated separately for exposures in different segments based on the type of the customer.

"The majority of the Group trade receivable are due to settlement within 90 days comprising 95% (Company - 92%) of the total Gross receivable as at the end of the financial year. The credit policy of SBU's are prepared subsequent to analyzing the credit profile of a customer. In this regard factors such as the credit history, legal status, market share, geographical locations of operation, and industry information are considered. Each SBU's has identified credit limits for each of its customers and if the customer does not meet the criteria or the stipulated benchmark on a transaction, then the business is carried out with such customers only up to the value of the guarantee value or advance obtained."

The following table provides information about the exposure to credit risk and ECLs for trade receivables and contract assets from residential customers segment as at 31st March 2021.

31.6 Liquidity risk

The liquidity risk of the Group arises from having insufficient cash resources to meet its obligations as they arise. Insufficient liquidity resources could have an adverse impact on the Group's operations while impairing investor, customer and supplier confidence thereby weakening its competitive position. The Group had adopted a number of strategies in order to ensure that sufficient cash resources are available to meet both operational and investment liquidity whilst meeting its debt servicing obligations.

The Group closely monitors cash inflows and outflows both at Consolidated and sector levels to ensure matching of cash flows wherever possible.

The Group has sufficient approved banking facilities in reserve. The Group evaluates its funding requirements at frequent intervals and access debt and capital markets at appropriate times. The details of bank facilities are as follow:

Notes to the Financial Statements

For the year ended 31st March 2021

31.7 Currency Risk

The Company is sensitive to the fluctuations in exchange rates and is principally exposed to fluctuations in the value of Sri Lankan Rupee (LKR) against the US Dollar (USD). The Company's functional currency is the Sri Lankan Rupee (LKR) in which most of the transactions are Rupee denominated and all other currencies are considered foreign currencies for reporting purposes. The Company had taken measures to manage risk by having foreign currency trade receivables and foreign currency bank accounts balances to cover the exposure on foreign currency payables. Hence the overall objective of foreign exchange risk management is to reduce the short term negative impact of exchange rate fluctuations on earnings and cash flow, thereby increasing the predictability of the financial results.

31.8 Interest rate risk

Interest rate risk is the risk that the fair value of the cash flows of financial instruments will fluctuate because of changes in market interest rates. Interest rate risk arises on interest bearing financial instruments recognised in the Statement of Financial Position.

The interest rate risk of the Company and the Group arises from financial instruments which are exposed to variable or fixed rate interest rates. Variable interest rates expose the Company and the Group to cash flow due to the impact on the quantum of interest payable. Financial instruments with fixed interest rates are subject to variations in fair values due to market interest movements.

The Group closely monitors market interest rate movements and implement appropriate strategies in order to minimise the interest rate risk associated with financial instruments with rates.

Profile

At the end of the reporting period the interest rate profile of the Group interest bearing financial instruments were as follows.

31.9 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Company's processes, personnel, technology and infrastructure, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behavior. Operational risks arise from all of the Company's operations. The primary responsibility for the development and implementation of controls to address operational risk is assigned to senior management within each business unit.

32 Comparative Information

Comparative information is reclassified wherever necessary to confirm with the current year's classification in order to provide better presentation.

33 Determination of fair values

This note explains the methodology for valuing our financial assets and liabilities, and provides an analysis of these according to a 'fair value hierarchy', determined by the market observability of valuation inputs.

33.2.1 Other financial assets

The carrying amount of cash and bank balances approximate fair value due to the relatively short maturity of the financial instruments.

For other receivables items the carrying value has been considered as the fair value due to the timing of the cash flows.

33.2.2 Financial liabilities

This nature of financial liabilities of carrying value has been considered as the fair value due to the timing of the cash due.

34 Going Concern

The Company has incurred a loss of Rs. 105.3 Mn, (Group: loss of Rs. 119 Mn) during the year ended 31st March 2021, which includes Rs.61.1 Mn (2020: 10.7 Mn) provision on account of Impairment of Investment in the Subsidiary namely Acme Packaging Solutions (Pvt) Ltd. Further, as at that date the Company's accumulated losses and net current liability amounted to Rs. 615.3 Mn (Group: Rs. 845.3 Mn) and Rs. 217.6 Mn (Group: 550.1 Mn) respectively. However, there is an improvement in the performance of the Company during the year ended 31st March 2021 as compared to previous years when the aforesaid impairment is excluded.

As mentioned in the 2019/20 Annual Report, the attention toward improving Gross profit margin is enduring. During the year under review, the Group's gross margin has improved despite the unexpected increase in imported raw materials' cost and the rupee's depreciation.

The revenue of the Group has continued to increase owing to maintaining close relationships with the customers and providing personalised services. The management has taken the initiative to add new product lines, broaden the customer base, and focus on receiving a large quantity of orders to improve profitability.

We are in the process of strengthening our internal quality assessment teams by investing in the training of our people on relevant technical skills and knowledge, which will ensure delivery of defect-free products to our customers.

The Board is also actively engaged and committed to finding ways to reduce losses and make the Company profitable. This may include the infusion of capital or the disposal of some assets, which will help to overcome the working capital limitations.

With these initiatives, the Board of Directors reviewed its ability to continue as a going concern based on profit and cashflow forecast drawn for the next twelve months. These forecasts will be closely monitored by the board of directors to ensure that the cashflows are adequate to meet its operational requirements and to meet the commitments such as loan repayments and settlements to its creditors. Further the company had secured bank loan facilities from various banks as disclosed in note 22 to these financial statements.

Taking the above-mentioned initiatives and considering the profit and cashflow forecasts Board of Directors is of the view that the Group/Company is a going concern in the foreseeable future.

Notes to the Financial Statements

For the year ended 31st March 2021

35 The impact of (COVID-19) Pandemic

COVID-19 pandemic will have an adverse impact on the overall business activities and operations of the ACME Printing & Packaging PLC and its Group in the foreseeable short to medium term. Group experienced a slowness in collections from trade debtors as well as a temporary disruption in sales to the customers who are engaged in producing non-essential goods such as chocolates.

Further there were import restrictions on some of the key raw materials as well as supply chain disruptions due to shortage of key raw materials such as LLDPE resins.

On top of that we experienced a currency depreciation of LKR against USD which has affected the gross margins of the Group adversely.

Management had carried out a detail assessment and planned as to how the Group will continue its operations in its optimum capacity to generate projected profits and liquidity, based on different models.

The Group management consistently monitors the impact of COVID-19 on the Group's operations and pro-actively take measures to ensure a safe working environment to all employees as well as to ensure that business continues with adequate working capital facility.

Directors are satisfied that the Company and its subsidiaries have adequate resources and capabilities to continue its operations in the foreseeable future.

The uncertainty of COVID - 19 is primarily reflected in the Group's assessment of expected credit losses from its credit portfolio which are subject to several management estimates and judgements.

The Group effected the said impact through the macro-economic factor adjustments with respect of the expected credit losses.

Assumptions relevant to expected credit loss computations are further discussed in Note 3.9.1 to these financial statements.

36 Events After Reporting date

There have been no material events occurred after the reporting date that require adjustments or disclosure in the financial statements.

37 Board of Director's responsibility for financial reporting

The Board of Directors is responsible for preparing and presenting these Financial Statements in accordance with the Sri Lanka Accounting Standards laid down by the Institute of Chartered Accountants of Sri Lanka and the requirement of the Companies Act No 07 of 2007.
