

A Topical Index to the Writings on the A.S.K. Web Site

(The Writings of Dr. Ernest L. Martin and David Sielaff)

By Henry M. Dye, T.L. Parrott April 16, 2018 (Number 01/01) (Ver. 1)

This document provides a **Topical Index** to the writings of Dr. Ernest L. Martin and David Sielaff found on the web site (www.askelm.com) of the Associates for Scriptural Knowledge (A.S.K. or ASK) and the books of Dr. Martin that are only in print format at the present time. These writings (Articles, Newsletters, Commentaries, Books, Audios, Videos, and other resource links) are one of the finest on the Internet explaining and making plain the word of God. These concepts and explanations are not mainstream (which is mostly pagan) but they make clear the fundamental truths of the Bible and the plan of God for man.

This Index categorizes the information contained on the ASK Web site into topical/subject areas. This allows the reader to quickly determine what articles, newsletters, etc. that one should consult to understand a specific subject within the Bible. Each entry in the Index is coded to identify the document(s) that contain information about the subject listed by the entry. Entries use shortened/re-arranged title/descriptive words followed by a coding that identifies the document type(s) and date of each document or a four digit article code that links to the article listing at the end of the index. The reader should become familiar with the **Legend information** (revised in version 2) on the following pages so that when using the Index the reader may easily identify the document(s) he should consult for the topic/subject in question. The search engine or indices on the ASK Web Site can be used to locate each document in question or in the case of the Articles the list at the end of the index contains a link to the documents on the ASK Web site. For books that are only currently available in print format one can order the book from ASK. This revised version (version 2) of the index replaces the index that was available before January 2015 and introduces "Sub-Topic" headings and a revised coding scheme.

This Index currently includes:

- (1) Books: All listed on the Web Site;
- (2) Commentaries: August 1, 2000 through Sept 2016;
- (3) Newsletters: January 1999 through Sept 2016;
- (4) Audios/CD's/Video's: As of Sept 2016;
- (5) Articles: All available on the Web site as of Sept 2016.

Recommendation: To get an overall understanding of the plan of God it is suggested that the reader read Dr. Martin's book *The Essentials of New Testament Doctrine* which is available online at the web site or by ordering a printed copy. This book will acquaint one with all the basic fundamental truths of the Bible/Plan of God.

Table Notes:

- (1) See Media coding table.
- (2) To identify an Article go to the [Article Code Conversion Table](#) at the back of the index and locate the coding in the index. The "D", "P", "T", and "S" portion of the coding indicates the category (Doctrine, Prophecy, Temple Update, and Special Historical Report) of the article.
- (3) Commentaries are identified by the date of publication following the "C" portion of the code.
- (4) Newsletters are identified by the month and year of publication following the letter "N".
- (5) In the *101 Bible Secrets* book the number-letters following "BB" refers to the Secret Number or appendix of the book and not the chapter number.
- (6) Entries for the books are based on the online versions. The "BG" and "BT" (as of Jan 2015) are currently only available in a printed version. For these two books entries are based on the chapter and

section headings. Entries for books without internal section headings within the chapters are mainly based on the chapter titles. The “**nn**” portion of the coding indicates the chapter number. The “,**nnn**” portion of the coding indicates the page number (based on the printed version). Page numbers associated with entries are provided **only** for the printed versions of the books except for the small ABC's of the Gospel Booklet. No page numbers are provided for entries associated with the Articles, Commentaries and Newsletters. Sample entries with explanations are provided below.

(7) The media codes following index entries indicate that an audio of the document or other type of media is available or associated with the entry. For articles media codes associated with articles are listed in the "[Article Code Conversion Table](#)" at the back of the index and not with the actual entry in the index. For books audio availability is indicated in the "[Book Coding Format](#)" table above by Note 9 and not in the main index. If the document itself does not link to the audio/video or the audio/video is a standalone see the "[ASK Audio Presentations](#)" or "[ASK Video Presentations](#)" listings on the ASK web pages.

(8) Book by chapter audio reading (Audio Book) is available as of January 2015 for the books.

(9) Audio discussion/reading of each chapter is available in most cases from the Byte show presentations.

General Notes:

1. **Topic/Title Shorting:** Titles of documents, chapters and topics within documents are shorten by removing words such as “the” and words rearranged to allow better alphabetizing of subject matter and to relate entries to topics they are listed under.
2. **Additional Search Tools:** The ASK Web Site also has “Quick Search” and “Advance Search” features that can be helpful in researching a topic.

Other Abbreviations Used in the Index:

App = Appendix	Bk = Book	Fwd = Foreword	Intro = Introduction
N.T. = New Testament	O.T. = Old Testament	pg = Page	& = and
