INSIDE:

This is your opportunity to improve the value of your property while developing wildlife habitat, minimizing erosion, and enjoying the beauty of the natural world!

What are seedlings, transplants, rooted clumps and dormant plants?

A seedling is a bare root tree or shrub. We carry one, two and three year seedlings, depending on if it's a conifer, hardwood or shrub. Seedlings are shipped while dormant, without a root ball or soil, but are covered in a moist material or root dipped to retain moisture. A transplant is a seedling grown for a year or two, then replanted to another bed to allow for development of a fibrous root system and more branching. A rooted clump is a dormant rooted plant without top growth. It may not have leafing but is ready to grow!

*Pictured above:
A sample of what a
2-3 year old
seedling may look like.*

MEETING YOUR REQUESTS:

We've made a few changes to this year's Tree and Shrub Program including:

- We now offer online ordering and credit card payment options!
- With 26 tree, shrub, and plant species offered as well as 4 variety packs; we have something for you!

Are you interested in getting a quote for 500 plants (or more)? Contact our office for more information.

The 2019 Tree and Shrub Program Catalog is available through the Conservation District's website at:
www.monroecountyswcd.org

Please help conserve paper and choose to print only when necessary.

TABLE OF CONTENTS

PLEASE NOTE: Sizes of stock may vary from year to year. Although we can not guarantee a size, be sure to check the sizes listed on the order form and within this catalog when making your selections.

New Species Highlights3

Conifers

Colorado Blue Spruce	4	
Douglas Fir	4	NEW!
Eastern Larch.....	4	LARGER SIZE
Eastern White Pine.....	4	
Fraser Fir	4	
Norway Spruce	4	
White Spruce	4	

Deciduous Shrubs

Black Elderberry.....	5	NEW!
Buttonbush.....	5	NEW!
Ninebark	5	NEW!

Deciduous Trees

American Hazelnut	5	LARGER SIZE
American Sycamore	5	
Black Cherry	5	
Persimmon.....	5	NEW!
Red Oak.....	6	
River Birch.....	6	NEW!
Sugar Maple	6	
Sweetgum.....	6	NEW!
Tulip Poplar.....	6	NEW!
White Flowering Dogwood.....	6	NEW!
White Oak.....	6	
Wild Plum	6	LARGER SIZE

Distribution will be:

April 18-19, 2019
9:00 am until 5:00 pm
at the **Monroe County ecopark**,
10 Avion Drive, Rochester, NY 14624
<http://monroecounty.gov/ecopark>

Groundcovers

Black-eyed Susan.....	7	
False Indigo.....	7	NEW!
New Jersey Tea.....	7	NEW!
Wild Geranium.....	7

Don't Miss Our Tree and Shrub Overstock Sale

April 20, 2019 from 9:00 am - 11:00 am
at the **Monroe County ecopark**.

This is a rain or shine event. Not all species may be available during the overstock sale. All remaining species, are first come, first serve.

**Note: Printed copies of the 2019 Tree and Shrub Program catalog are available through our office, upon request for a fee.*

Douglas Fir

Growing at a moderate rate, this conifer can grow up to 200 feet tall at maturity. It is great for Christmas trees or providing habitat for wildlife. It grows well in full sun and well drained soils. (Page 4)

**Black Elderberry**

This species is great for providing food and habitat to wildlife on your property. This fast growing shrub can reach up to 10 feet tall and does best in full to partial sun. (Page 5)

**Ninebark**

This deciduous shrub produces small, white and pink flowers in late spring to early summer. This species is great for pollinators such as butterflies. It does well in full to partial sun and a wide range of soil moisture conditions. (Page 5)

**Buttonbush**

This deciduous shrub can grow up to 12 feet tall and produces unique, white flowers in early summer. This species is commonly used in raingardens as it does well in medium to wet soils. (Page 5)

**Persimmon**

This drought tolerant, deciduous tree can grow up to 60 feet tall. It does well in full to partial sun and dry to medium moisture conditions. (Page 5)

**Sweetgum**

Growing up to 80 feet tall, this species does well in full sun, making it a great tree to give any sunny yard some shade. In the fall the fragrant leaves of this tree turn bright red. (Page 6)

**River Birch**

This deciduous tree does well in full to partial sun and makes a great shade tree for sunny yards. It also is great for reducing erosion. The unique bark on this species is light brown and paper-like on younger trees. (Page 6)

**Tulip Poplar**

This unique tree is in the magnolia family. It is a fast growing species that can grow up to 100 feet tall. This tree has tulip shaped leaves and produces yellow flowers in late spring to early summer. (Page 6)

Colorado Blue Spruce

(Picea pungens) **Native**
 Slow growth rate, up to 100 feet.
 Prefers moist, acidic, well-drained soils with partial to full sun.
 Primarily used for screens, windbreaks, and Christmas trees. Sharp needles with a bluish tint.
 10-15" seedling.
 Price: \$10/10 pack; \$42/50 pack; \$73/100 pack

Fraser Fir

(Abies fraseri) **Non-Native**
 This stately tree is commonly used for Christmas tree production and wildlife benefits. With a moderate growth rate reaching 50 ft., shiny dark-green needles, a distinctive bark and dense pyramidal shape it is a popular choice. It grows best in cool moist soils.
 10-18" transplant*.
 Price: \$22/10 pack \$92/50 pack; \$172/100 pack.

Douglas Fir

(Pseudotsuga menziesii) **Native**
 This conifer can grow up to 100 feet tall. It is commonly use for lumber and Christmas trees. This species grows best in medium to wet, well-drained soils with full sun.
 10-15" seedling
 Price: \$10/10 pack; \$42/50 pack; \$73/100 pack

Norway Spruce

(Picea abies) **Non-Native**
 Slow to moderate growth rate, up to 130 feet. Prefers moist, acidic, well-drained soils with partial to full sun (does not tolerate poorly drained soils). Primarily used for windbreaks, ornamental plantings, and sometimes Christmas trees dark green needles.
 10-15" seedling.
 Price: \$10/10 pack; \$40/50 pack; \$70/100 pack

Eastern Larch

(Larix laricina) **Native**
 Rapid growth rate, up to 80 feet. Prefers full to partial sun and predominately wet conditions with poor to moderately drained soils. Primarily used for lumber and wildlife habitat. Deciduous, needlelike leaves produced in clusters.
 18-30" seedling.
 Price: \$20/10 pack; \$85/10 pack; \$148/100 pack

White Spruce

(Picea glauca) **Native**
 Slow to moderate growth rate, up to 100 feet. Prefers moist, well-drained soils and is shade tolerant. It is not tolerant of winter salt spray, dry soils, and heat. Primarily used for lumber, windbreaks, Christmas trees, screens and wildlife habitat. Green needles, with pungent odor when crushed.
 10-15" seedling.
 Price: \$10/10 pack; \$40/50 pack; \$70/100 pack

Eastern White Pine

(Pinus strobus) **Native**
 This rapid growing conifer can reach up to 150 feet. It has long, soft needles and seeds that songbirds and squirrels love. This species is shade tolerant and can survive in a wide range of soil moisture conditions.
 12-18" seedlings
 Price: \$16/10 pack; \$69/10 pack; \$119/100 pack

Compost mulch will be available at the ecopark during both the Tree and Shrub pre-order distribution and overstock sale.

This is a great source for you to obtain excellent nutrients and cover for your plantings! However, mulch should not be used in vegetable gardens. Residents must bring their own containers and a shovel to collect and bring home compost mulch.

For more information, visit the ecopark website at:
<http://www.monroecounty.gov/ecopark>

*A transplant is grown for a year or two in a bed, then replanted to allow for more branching and root development.

DECIDUOUS SHRUBS

Black Elderberry

(*Sambucus canadensis*) **Native**
Deciduous shrub which grows to be about 10 feet tall and refers full sun to partial shade. Can grow in medium to wet soil conditions, produces beautiful, white blooms in the summer. Great for wildlife its as its deep, purple-black berries are a great food source.
18-24" seedling.
Price: \$14/10pack; \$61/50 pack

Buttonbush

(*Cephalanthus occidentalis*) **Native**
Deciduous shrub growing up to 10 feet tall that produces unique flowers in early summer to attract butterflies. It does best in full to partial sun and medium to wet moisture.
18-24" seedling.
Price: \$14/10 pack; \$61/50 pack

Ninebark

(*Physocarpus opulifolius*) **Native**
This species can grow from 5 to 10 feet tall. It does well in a wide range of moisture conditions. It produces small white or pink flowers in late spring to early summer. Which are great for pollinators such as butterflies.
18-24" seedling.
Price: \$14/10 pack; \$61/50 pack

DECIDUOUS TREES

American Hazelnut

(*Corylus americana*) **Native**
Moderate growth rate, up to 10 feet. Prefers sun to partial shade and rich, moist, well-drained soils. Cultivated for nut production. Also provides habitat and food to wildlife. Broadly oval deciduous leaves.
2-3' seedling.
Price: \$24/10 pack; \$102/50 pack

American Sycamore

(*Platanus occidentalis*) **Native**
Rapid growth rate, up to 100 feet. Prefers moist, deep, rich soils with full sun, but is very adaptable to dry, wet, compacted, and poor soil conditions. Creates wildlife habitat. Has a large, broad, open crown, with crooked branches. Bark is attractively mottled.
18-24" seedling.
Price: \$14/10 pack; \$61/50 pack

Black Cherry

(*Prunus serotina*) **Native**
Rapid growth rate, up to 80 feet. Prefers moist, rich, moderately-well drained soils, but will tolerate a variety of soil types, textures, and drainages with partial or full sun. Provides habitat & food for wildlife. Flowers are small and white.
18-24" seedling.
Price: \$14/10 pack; \$61/50 pack

Persimmon

(*Diospyros virginiana*) **Native**
Slow growth rate, up to 55 feet. Prefers sun to partial shade and dry to medium soil moisture. Drought tolerant. Provides habitat and food to wildlife. Glossy, dark green, oval leaves that turn yellow in the fall.
12-18" seedling.
Price: \$15/10 pack; \$66/50 pack

Are you planting near a road?

Remember to consider salt tolerance before you plant!

Species that have moderate to high salt tolerance include:

- ❖ Colorado Blue Spruce
- ❖ White Spruce
- ❖ Black Cherry
- ❖ Red Oak
- ❖ White Oak

DECIDUOUS TREES CONTINUED

Red Oak*(Quercus rubra)* **Native**

Moderate growth rate, up to 80 feet. Prefers well drained soils, but is very adaptable to many different soil types and drainages. Prefers full to partial sun. Primarily used for lumber and providing habitat and a food resource for wildlife.

2-3' seedling.

Price: \$14/10 pack; \$59/50 pack

**River Birch***(Betula nigra)* **Native**

Rapid growth rate, up to 70 feet. Prefers full to partial sun and medium to wet soil moisture conditions. Tolerates poorly drained soils. Great for erosion control. Has diamond shaped, dark-green leaves that turn yellow in the fall. Bark on young trees is light brown in color and paper-like.

18-24" seedling.

Price: \$14/10 pack; \$61/50 pack

Sweetgum*(Liquidambar styraciflua)* **Native**

Rapid growth rate, up to 100 feet. Prefers medium moisture conditions and well-drained soils with full sun. Makes a great shade tree for sunny yards. Leaves turn bright red in fall.

18-24" seedling.

Price: \$14/10 pack; \$61/50 pack

**Sugar Maple***(Acer saccharum)* **Native**

The state tree of New York, it has a slow growth rate, up to 80 feet. Prefers full to partial sun but is heavy shade tolerant. Does well in medium moisture and well drained soils. This tree's leaves turns bright red in the fall.

2-3' seedling.

Price: \$20/10 pack; \$87/50 pack

Tulip Poplar*(Liriodendron tulipifera)* **Native**

Rapid growth rate, up to 100 feet. Grows best in moist, well-drained soils. Prefers full sun but can tolerate partial shade. A unique tree with tulip shaped leaves. Produces yellow flowers in late spring, early summer.

18-24" seedling. Price: \$14/10 pack; \$61/50 pack

**White Flowering Dogwood***(Cornus florida)* **Native**

Moderate growth rate, up to 30 feet. Prefers moist, well drained soils and full to partial sun. Produces white showy flowers in late spring that attract pollinators such as butterflies. Bright red fruits provide food for birds.

18-24" seedling.

Price: \$14/10 pack; \$61/50 pack

White Oak*(Quercus alba)* **Native**

Slow growth rate, up to 100 feet. Prefers moist, well drained, slightly acidic soils with partial to full sunlight but is very adaptable to many different soil types and drainages. Provides habitat & food for wildlife.

18-24" seedling.

Price: \$15/10 pack; \$62/50 pack

**Wild Plum***(Prunus americana)* **Native**

Moderate growth rate, up to 30 feet. Grows well in dry to medium, well drained soils. Prefers full to partial sun. Produces white, showy flowers in early spring followed by red plums that provide food for wildlife.

18-24" seedling.

Price: \$16/10 pack; \$69/50 pack

Black-eyed Susan*(Rudbeckia hirta)* Native

Perennial with a rapid growth rate, up to 3 feet. Prefers well drained to somewhat poorly drained soil in full sun. Yellow flowers with dark brown spherical centers bloom from June to September. It is planted to beautify landscaping and in critical area seedings for erosion control.

Dormant rooted clumps.

Price: \$18/10 pack; \$75/50 pack

**False Indigo***(Amorpha fruticosa)* Native

Slow growing, flowering shrub reaching up to 6 feet. Does well in areas with full sun and medium to wet soil moisture conditions. Produces purple blooms in spring to early summer. Blooms attract butterflies and other pollinators.

12-18" seedlings.

Price: \$14/10 pack; \$59/50 pack

**New Jersey Tea***(Ceanothus americanus)* Native

Shorter, ground cover shrub reaching 4 feet tall. Produces small, fragrant, white flowers in late spring, early summer. This drought tolerant plant does well in dry to medium soil moisture conditions. Best for areas that receive full or partial sun light. Great for hummingbirds and butterflies.

6-12" seedlings.

Price: \$18/10 pack; \$76/50 pack

**Wild Geranium***(Geranium maculatum)* Native

A perennial with a moderate growth rate, up to 2 feet. Prefers moderately well drained to somewhat poorly drained soils with full sun to part shade. This is a herbaceous wildflower that blooms from April to May. The pink flowers attract butterflies and makes for a great ornamental plant.

Dormant rooted clumps.

Price: \$18/10 pack; \$75/50 pack

**Planting and Storage Tips**

- ❖ If storage is necessary, be sure to store your seedlings in a dark, cool area.
- ❖ Once in storage, check the moisture content of each bundle and sprinkle with water if necessary.
- ❖ **DO NOT SOAK SEEDLINGS FOR MORE THAN 30 MINUTES.**
- ❖ Plant your seedlings as soon as possible (This reduces mortality rates).
- ❖ Use a site that's been properly prepared (All sod should be removed). Be sure to consider sun and shade preferences for each plant as well as soils, drainage and pH before planting.
- ❖ Plant your seedlings at the proper depth and cover with mulch or weed mats.
- ❖ Water your seedlings and plants often.

Following these tips can greatly increase plant survival rates!

Edible Fruit Multi-Pack –

Plant pack contains 10 plants with two of each species. All of these plants produce fruit that is edible to humans and also enjoyed by wildlife. Blueberry, raspberry, and blackberry plants will be sold in dormant seedlings larger than 9 inches and strawberry plants sold in dormant roots.

Price: \$35.00 per packet

Blackberry - 'Darrow'

(*Rubus darrow*) (*Eldorado x Brewer*) x *Hedrick* **Native**

Moderate growth rate, up to 5 feet. Prefers moist to well-drained, sandy loam soils with partial to full sun. Not tolerant to dry, hot conditions. Primarily used as a food resource by humans and wildlife (blackberries have record diameter of 1 inch). This hybrid bears its large fruit over a long season from late spring through early summer. Fruits are borne on second-year canes.

Blueberry - 'Blue Crop'

(*Vaccinium corymbosum*)

'Bluecrop' **Native**

The most widely planted mid-season producing blueberry cultivar in the world. It can produce high yields of medium sized blueberries. It is a disease resistant and cold-hardy blueberry plant produced by selective breeding. The plant can grow to a height of 6-8'. Blue crop blueberries are enjoyed by both humans and animals.

Blueberry - 'Jersey'

(*Vaccinium corymbosum*)

'Jersey' **Native**

A late season blueberry producing plant; It produces high yields of small blueberries. The plant is cold-hardy and can grow in a wide range of soils when compared to other blueberry cultivar. Jersey blueberries are also enjoyed by humans and animals.

Raspberry - 'Latham'

(*Rubus latham*) **Native**

This plant requires full sun to grow well. It typically flowers in the late spring and produces bright and tasty berries mid summer that are enjoyed by birds as well as humans. It grows to approximately 3-5' in height and has dark green leaves.

Strawberry - 'Jewel'

(*Fragaria ananassa*) **Native**

A common variety of strawberry that is widely grown and sold. The berries are large and wedge shaped that are firm and abrasion resistant. This variety of strawberry is well known for its flavor and high quality berries. This plant also has longer yielding seasons than other strawberry plants. The flowers of the strawberry plant can attract pollinators while the plant and it's fruit are eaten by many animals.

Fern Plant Variety Pack –

Plant pack contains 10 plants with two of each species. All of these ferns are protected plants in New York. Plants will be sold in dormant rooted clumps.

Price: \$19.00 per packet

Maidenhair Fern

(*Adiantum pedatum*)

Native

Moderate growth rate, up to 2.5 feet in height and 1.5 feet in width. Prefers moist, acidic soils, but will tolerate medium well-drained soils in partial shade to full shade. This perennial fern is finely-textured, with somewhat frilly fronds which have curved stalks and are palmately-divided.

Christmas Fern

(*Polystichum acrostichoides*)

Native

Moderate growth rate, up to 2 feet in height and 2 feet in width. Prefers moist, well-drained and acidic soils in partial to full shade. This perennial fern is evergreen, with dark-green characteristic "ear-like" lobes that point upwards. Most commonly found in woodlands.

New York Fern

(*Thelypteris noveboracensis*)

Native

Moderate growth rate, up to 1.5 feet in height. Prefers well-drained to poorly-drained soils in partial to full shade. This fern is a bright yellow-green with reddish brown scales.

Ostrich Fern

(*Athyrium pycnocarpon*)

Native

Moderate growth rate, up to 3 feet in height. Prefers moist soils with partial to full shade. This fern has a smooth, lance shaped pinnae and sharp pointed tips that are reduced at the base.

Cinnamon Fern

(*Osmundastrum cinnamomeum*)

Native

Moderate growth rate, up to 5 feet in height. Prefers poorly drained, wet acidic soils and in partial to full shade. This perennial fern gets its name because of the cinnamon-colored hairs covering its leaf stalks and reproductive bodies.

Native Flowering Tree & Shrub Multi-Pack –

Plant pack contains 10 plants with two of each species.
All plants in this pack will be sold in dormant seedlings.

Price: \$19 per packet

Black Chokeberry

(*Aronia melanocarpa*)

Native

Moderate growth rate, up to 12 feet. Prefers moderately drained soils with full sun. The berries are consumed by wildlife and humans. Flowers are white, blooming in May with fruit harvested in the fall. 18-24" dormant seedling.

Elderberry

(*Sambucus canadensis*)

Native

Rapid growth rate up to 10 feet. Prefers well drained to poorly drained soils and sunlight to shade. Attracts pollinating insects. Blooms white flowers in June and July followed by dark purple berries that are great for wildlife. 18-24" dormant seedling.

Silky Dogwood

(*Cornus amomum*)

Native

This deciduous shrub grows up to 12 feet and does best in medium to wet soil types. Growing well in full to partial sun light, this shrub produces white blooms from May through June. 18-24" dormant seedling.

Eastern Redbud

(*Cercis canadensis*)

Native

This tree can grow up to 30 feet tall. It grows well in full to partial sunlight and medium moisture, well-drained soils. In early spring it produces beautiful pink blooms. 18-24" dormant seedling.

White Flowering Dogwood

(*Cornus florida*)

Native

Moderate growth rate with a height up to 30 feet. Prefers well drained soil with partial sun. Striking display of white flowers when in full bloom in April and May. 18-24" dormant seedling.

Hosta Variety Multi-Pack –

Plant pack contains 10 plants with two of each plant. Plants will be sold in dormant roots.

Price: \$20.00 per packet

Hosta

(*Fortunei-Hyacinthina*)

A selection great for mass plantings with broad, firm, heart-shaped leaves that are a deep gray-green on top and blue below. This Hosta has greater sun tolerance when compared to other Hosta varieties. Pale lavender flowers appear on 30" scapes in mid to late summer.

Hosta

(*F. aureomarginata*)

This Hosta has large mounds of wavy, green, pointed leaves that are both sun and drought tolerant. Fragrant, white flowers appear on 35-40" scapes in late summer; fragrance is most pronounced in the evening.

Variiegated Hosta

(*Ventricosa*)

A Hosta with huge, glossy, leaves that are heart shaped with slightly twisted tips and a rich, green color. Medium-purple blooms with distinctive striping are shown atop 40" scapes in midsummer. This Hosta has numerous pods filled with fertile seeds that are produced after the flowers.

Varietaged Hosta

(*Undulata albo*)

As one of the first hostas to come up in the spring it has medium green leaves with wavy, white margins and gray-green streaks at the junction of the margin and center. Note that this Hosta may lose its variegation temporarily if in a potted container, during the hottest part of the season. It has pale lavender flowers appearing on 31-45" scapes in midsummer.

Variiegated Hosta

(*Undulata varigata*)

This Hosta has wavy leaves with white centers and irregular green margins, twisted at the tips. It too may lose its variegation temporarily, if planted in a container, during the hottest part of the season. It has lilac flowers that appear on 38" scapes in midsummer.

SEED PACKETS

Wildflower Seed Mix (Part Shade): This is a great mix to add color to partly shaded areas of your landscape. Includes annuals and perennials and covers 300 sq. ft. per oz. A variety of flowers bloom throughout the season. (Species Include: *Sweet Alyssum, Dwarf Columbine, Clarkia, Cynoglossum, Coreopsis, Rocket Larkspur, Sweet William Pinks, Foxglove, Purple Coneflower, Baby's Breath, Dames Rocket, Candytuft, Baby Blue Eyes, Corn Poppy, Black-Eyed Susan*).

Seeding Rate: 2 oz./1,000 sq. ft. \$11.00 per 4 oz. packet.

Wildflower Seed Mix (Full Sun): The perfect colorful seed mix for sunny spots. This mix includes annuals and perennials and covers 300 sq. ft. per oz. A variety of flowers bloom throughout the season. (Species Include: *Annual Mallow, Arroyo Lupine, Baby Blue Eyes, Baby Snapdragon, Black-Eyed Susan, Blanketflower, Blue Flax, Catchfly, Clarkia, Dame's Rocket, Evening Primrose, Farewell-to-Spring, Foxglove, Globe Gilia, Lance-Leaved Coreopsis, Phlox, Plains Coreopsis, Prairie Aster, Purple Coneflower, Scarlet Flax, Siberian Wallflower, Upright Prairie Coneflower, Yarrow*).

Seeding rate: 2 oz./1,000 sq. ft. \$11.00 per 4 oz. packet.

Wildlife Food Plot Seed Mix:

The ideal high quality, specialty wildlife food plot mix of White Clover, Soy Bean, and Alfalfa will cover 1/4 of an acre per bag. This seed mix can be used to attract wildlife for hunting and/or wildlife viewing purposes. This mix will do well in a variety of soils, and will tolerate both sun and shade conditions. This seed mix is intended to be broadcast seeded for ease of planting.

Seeding rate: 6 lbs./0.25 acre. \$31.00 per 6 lb. bag.

OTHER ENHANCEMENT ITEMS

Bat Box Roosting Housing

Provide a home for a small brown bat or other species of bats. Little brown bats are insectivores, eating moths, wasps, beetles, gnats, mosquitoes, midges and mayflies, among others. Since many of their preferred meals are insects with an aquatic life stage (such as mosquitoes) they prefer to roost near water.

\$15.00 each

Bluebird Nest Box

Provide a home for our state bird! Order with your spring plants or stop in anytime. Ask for mounting guidelines when you pick up your nest box.

\$16.00 each

Fertilizer: Slow Release Tablets

Slow release fertilizer tablets last for approximately 2 years. Typically one tablet is used per tree/shrub planted.

\$1.00/10 tablets

Flags

Use these brightly colored, 3 ft. wire flags to mark your planting site. Marked planting sites are less likely to be mowed over! Each bundle includes 100 flags.

\$14.00/100 flags

Tree Shelters

Includes a 4 ft. bio-degradable tube, stake and bird net. These help to protect hardwood trees from wildlife damage while speeding up growth rate.

\$9 each

\$75 (10 pk.)

\$350 (50 pk.)

***Note: All items on this page include sales tax in the prices listed.**

IMPORTANT ORDERING INFORMATION

Order may be placed traditionally way by mailing your order form with a check or via the credit card options listed bellow.

To pay by credit card, you may choose from the following options:

1. Order and pay online through our website: www.monroecountyswcd.org
2. Complete the order form with credit card details and email/mail form
3. Complete the order form and send via email/mail and call the office to make payment at (585) 753-7380

If emailing form, send to: mcswcd@monroecounty.gov

If ordering by mail, complete and submit your order form and check to:

Monroe County SWCD
145 Paul Rd., Bldg. #5, Rochester, NY 14624.

ALL ORDERS MUST BE RECEIVED BY MARCH 1, 2019

PLEASE REMEMBER – THE ORDER CONFIRMATION YOU RECIEVE WILL BE OUR ONLY COMMUNICATION WITH YOU UNTIL ORDER PICK-UP.

Distribution of all pre-orders will be:

April 18-19, 2019, from 9:00 a.m. – 5:00 p.m.

at the ecopark located at 10 Avion Drive, Rochester, NY 14624

For directions, please visit: <http://www.monroecounty.gov/ecopark>

TREE & SHRUB OVERSTOCK SALE

April 20, 2019 9:00 a.m. – 11:00 a.m.:

**Monroe County ecopark
10 Avion Drive, Rochester, NY 14624**

This is a rain or shine event! To ensure you can receive the selections you want we recommend pre-ordering. For those that miss the pre-order deadline visit the Overstock Sale, noting that not all species may be available at that time. We sell to our customers on a first come, first served basis.

All seedlings are bare root. Stock may be used for wildlife habitat, erosion control, reforestation, windbreaks, landscaping, Christmas trees, etc. All trees and shrubs sold are to be used for the above conservation practices. All trees and shrubs are sold with the understanding that they will not be removed from the planted site with roots attached for resale. Orders are filled on a first-come, first-serve basis, while supplies last. The District reserves the right to refund payment on species and items if they should become unavailable. Because the District cannot check a planting location, nor guard against improper handling and planting procedures or weather related problems, the District will not be responsible for replacement or refunds of orders after distribution. Returned checks WILL NOT be reprocessed. Bounced checks will incur a \$20 fee. In such situations, the only forms of payment accepted will be money order, cash, or credit card.

The District's Annual Conservation Tree and Shrub Program distribution site will be at the Monroe County ecopark facility. The ecopark provides county residents with an innovative facility that serves as a "one-stop drop-off" to dispose of and recycle their items. This facility is a partnership between Monroe County and Waste Management of New York.

Regular Collection Hours:

Wednesdays 1:00 pm – 6:30 pm

Saturdays 7:30 am – 1:00 pm

Please note that there will not be collection hours available during our pre-order distribution (April 18-19); No ecopark staff will be available at that time. We encourage you to visit during their new hours listed above or come by during our Overstock Sale scheduled for Saturday, April 20.

Compost mulch will continue to be available at the ecopark during both the Tree and Shrub pre-order distribution and overstock sale. This is a great source for you to obtain excellent nutrients and cover for your plantings!

For more information, please visit the ecopark website at:
