A product division of Daisy®

LIVE UP TO IT!

 **Daisy**®

A Leader in Shooting Education Since 1948.

AVANTI™

The word Avanti, in Italian, means, “step forward” and challenges shooters to achieve their highest potential. Daisy’s line of Avanti training and match competition rifles and pistols provides the quality and performance shooters demand.

Start Your Own Shooting Education Program

Daisy airguns have, for over 125 years, been the first gun for most shooters. Today’s most accomplished marksmen and most successful hunters will tell you they got started in the shooting sports with a Daisy BB gun. It all starts here...with a Daisy.

For youngsters interested in match competition shooting, it all starts with Daisy’s 5-meter BB gun shooting education program. Working with premier conservation, civic and religious organizations nationwide, Daisy has developed the curriculum and the products to teach shooting safety and marksmanship skills to hundreds of thousand of young people annually.

5-meter match competitors compete not just locally but at the state level in order to qualify to shoot at the U.S. National BB Gun Championship, sponsored by Daisy. The “Daisy Nationals” is the nation’s largest and longest continuously-running BB gun competition. This year’s U.S. National BB Gun Championship will be held in Rogers, Arkansas, home of Daisy Outdoor Products and the Daisy Airgun Museum.

Young people competing in 10-meter sporter three-position rifle or pistol matches can earn college scholarships or even a position on the team which represents our nation at World Cup and the Olympic Games.

The road to the “Daisy Nationals”, to a college scholarship or to international competition begins with the right equipment, the right curriculum and dedicated coaches. The commitment is great but so are the rewards. We appreciate the opportunity to work with you; perpetuating a great sport, providing a wholesome activity for youth and teaching skills which will last a lifetime.

Daisy stands ready to assist qualifying organizations in establishing a shooting education program. If you’d like to start a 5-meter BB or 10-meter pellet rifle or pistol program, please call our **Special Markets Program Department toll-free at 800-713-2479**. Additional information can be found on the inside back cover of this catalog.

BARREL: Rifled solid steel
MAX. VELOCITY: 395 fps.
MAX. SHOOTING DISTANCE: 209 yds.
OVERALL LENGTH: 13.5 in.
WEIGHT: 2.25 lbs.

Daisy®
1903 DRILL RIFLE
 NON-FUNCTIONAL RIFLE

At first glance, the Daisy drill rifle looks like a fully functional 1903-A1 Springfield rifle with a black synthetic stock. But the only feature this rifle shares with a firearm is the opening bolt. The design and durable steel components and synthetic stock make this drill rifle capable of withstanding the abuse that is inherent in drill team use.

DRILL RIFLE SPECIFICATIONS

MODEL: 1903 Drill Rifle
ACTION: Bolt is the only functional part
SIGHTS: Blade and ramp front, fixed open rear
STOCK/FOREARM: Full-length, black composite stock
OVERALL LENGTH: 43.2 in.
WEIGHT: 8.4 - 8.6 lbs.

LAZER-ED™
 HUNTER VIDEO TRAINING KIT

The Interactive, Video/Laser Training Kit

Teach new hunters the basics of safe shooting with LAZER-ED, before they head outdoors. This unique hunter training video kit teaches "shoot, don't shoot" scenarios, proper shot placement on game and more — in a classroom or home setting.

It's the safe alternative to live fire training. Plus, you can practice any time of year, in any weather. Before you take a novice hunting, give them a head start with LAZER-ED
 LAZER-ED Kit Includes: • LAZER-ED Training Video • Training Rifle • Instructions

Minimum Equipment Required: Television and VCR or video projector and screen.

Caution: LAZER-ED is not a toy. Adult supervision required. Misuse or careless use may cause serious injury. Avoid direct eye exposure. Laser emitted from the muzzle.

Traps and Targets

Pellet traps (No. 875 and No. 879) and targets are not for use with bb guns.

• No. 5861 Refill Adapter

Allows refilling of the CO2 cylinder from CO2 tank. Fits the 887 Gold Medalist and Medalist Model 888.

4-H Shooting Sports Programs

Hundreds of thousands of young people annually participate in 4-H Shooting Sports Programs where they are taught the proper handling of airguns, small bore and black powder rifles, shotguns and archery equipment. To help local 4-H Clubs begin programs, Daisy has assembled a variety of shooting education kits containing airguns, ammunition, targets, instructor curriculum guides and more. 4-H training and shooting equipment is one important way Daisy keeps on target with its goal of teaching marksmanship and shooting safety. www.4-hshootingsports.org

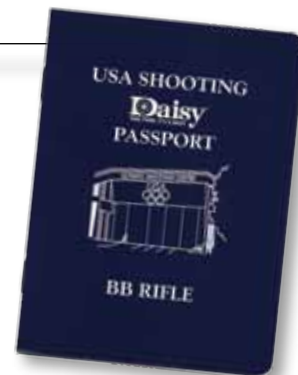

Education. Instruction. Competition.

The American Legion, the National Rifle Association (NRA), the National Guard Youth Marksmanship Program and Daisy have teamed together to make instruction materials and equipment available. This cooperative effort introduces thousands of young people to the shooting sports at more than 16,000 American Legion Posts nationwide. Thanks to their pinpoint accuracy, Avanti's .177 caliber (4.5 mm) Legend 853, Legend EX 853C, 888 Medalist and 887 Gold Medalist are the air rifles most often used in this exciting program. Skills learned there may carry these young shooters on to competitive programs at the local, state and national level.

Daisy Passport Program

The Daisy "Passport Program" offers the junior shooter an opportunity to receive recognition for marksmanship performance. Attractive awards are available to recognize a wide range of abilities from the beginning shooter right on through to advanced competitive shooting and can even lead to "Olympic Dreams."

Appealing awards not only reward a shooter's current ability, but also offer an incentive to improve and reach for the "Gold." Young people are taught to do their personal best, because everyone that participates is a winner!

Official Shooting Awards

Incentive is an important factor in the success of any educational program. The Daisy Shooting Awards program provides an ideal, low-cost way to increase participation and enthusiasm in any non-powder shooting program. Winners will proudly display these attractive gold, silver and bronze pins on hats, vests or jackets.

Program Development Resource Materials

Daisy and the organizations listed below offer training and education materials for camps, clubs and other associations developing effective airgun training programs. If you're interested, we urge you to take advantage of these materials:

- **10-Lesson Guide** — A complete curriculum for shooting sports programs.
- **Airgun Range Plans** — An outline for the proper construction of an airgun range.
- **Safety Poster** — An easy-to-use guide and poster that illustrates BB and pellet gun safety.

For more information on the Daisy Official Shooting Awards Program or Daisy's Program Development Resource Materials, contact: **Daisy Outdoor Products, Special Market Programs Dept., P.O. Box 220, Rogers, AR 72757-0220 U.S.A.**

NSSF Information Brochures

The National Shooting Sports Foundation (NSSF) has a number of informational brochures. Topics include firearms safety in the home, information for parents whose children are interested in shooting, general shooting sports information and more. These materials are available free of charge in limited quantities to teachers or counselors for use in shooting education programs.

For more information, contact: **National Shooting Sports Foundation, Shooting Sports Development Office, 11 Mile Hill Road, Newtown, CT 06470-2359 www.nssf.org (203) 426-1320**
