YEARS

PragerU at 10
Redefining Media & Education

MESSAGE FROM DENNIS PRAGER

Dear friends,

It's my pleasure to share with you that PragerU had another incredible year with exponential growth on all fronts. Viewers and subscribers have exploded. Content is now available for all ages, including children as young as three years old. America needs PragerU now more than ever.

This entire year, people across the country and around the world have been asking me whether I'm optimistic or pessimistic about the direction in which the country is headed. My answer is always the same. I'm neither. Being optimistic or pessimistic isn't helpful in any way.

If you're optimistic, you think everything is going to be fine and end up doing little

to change things. If you're pessimistic, you feel nothing you do is going to make a difference. Either way, you end up doing nothing.

I'm not optimistic or pessimistic. I simply have to fight for good. PragerU is fighting for good and gives all of us the opportunity to join in the fight.

As a PragerU supporter, you supply the troops to fight for the future of America's soul. We couldn't do our work without you.

The team at PragerU is incredibly grateful for your generous support. We wish you and your families a very Merry Christmas and pledge to stand beside you in the

battle for goodness in the New Year.

Thank you for all you do.

A handwritten signature in black ink that reads "Dennis Prager". The signature is written in a cursive, flowing style.

MESSAGE FROM EXECUTIVE DIRECTOR, ALLEN ESTRIN

"Let's greet this special time of year with love, determination, and gratitude."

Dear PragerU Family,

I'll give you the other side's strategy in one word—despair.

They want you to throw in your cards and walk away from the table. You can't win. So why not just give up?

Are you ready to do that? Because we're not at PragerU. No sir. No ma'am. No how. No way.

As a matter of fact, this year we doubled down.

We've created a whole new division, PragerU Kids, to reach children as young as three with new positive, America-affirming content.

Our flagship 5-Minute Videos are reaching more high school and college kids than ever.

Dennis's incomparable Fireside Chat is watched all over the world.

Will Witt and our sensational new personality, Amala Ekpunobi, are recruiting a fresh army of young patriots with each new podcast.

No quit here.

And, knowing our supporters as I think I do, that goes for you, too.

So, as we head into the holiday season, my message is two-fold:

- 1) Buckle up and get ready for a very energetic, very education-filled new year from PragerU. Great stuff is coming.
- 2) While we may all be feeling a little battered and bruised, we're still standing. So, let's greet this special time of year with love, determination, and gratitude.

We all have so much to be thankful for. Next year, we'll have even more.

From one fighter to another, I wish you a Merry Christmas, Happy Hannukah, and a joyous New Year.

God bless you all,

Allen

MESSAGE FROM CEO, MARISSA STREIT

PragerU is making big moves thanks to you. Just 10 years ago, PragerU was essentially a YouTube channel and Facebook page. Now its own media network—PragerU is redefining how people think about media, education, and impact.

Edu-Tainment—the intersection of education, entertainment, and online media—is essential to shaping culture. The left has fully embraced this powerful model, infiltrating society well beyond traditional education.

Young people are online 10 hours a day, every day. They have an insatiable appetite for content that engages their sensibilities in different ways. PragerU must now counter the left wherever it is dominating—from universities and K-12 to Cartoon Network, YouTube, and PBS Kids.

Similar to companies like Netflix and Amazon, we now have an opportunity to create our own streaming media network. Millions of people can download the PragerU app on their phones, TV, and tablets. An antidote to PBS (and PBS Kids), PragerU is the nonprofit organization producing pro-America content for all ages.

We appreciate all that you have done to help make PragerU possible. Only with your continued generosity will it continue to grow.

Marissa

ELEMENTARY

Leo & Layla History Adventures

Leo & Layla's History Adventures is PragerU's first fully-animated show just for kids!

Brother and sister duo Leo & Layla use their time-traveling mobile app to meet influential figures and witness society-shaping events—from the birth of democracy in ancient Athens to Paul Revere's ride.

Using humor and animation similar to BrainPop or the

Magic School Bus series, the show educates and delights audiences of all ages. Leo & Layla discover the brave, virtuous people whose ideas, policies, and actions contributed to America and The West's unparalleled success.

The first Leo & Layla episode had 115K unique views!

Total viewership of all PragerU Kids content is 6M+ and counting!

DID YOU KNOW?

Since launching PragerU Kids, PragerU has increased its female viewers by 5% (3M new women are now following PragerU). Reaching moms is a key metric that shows the importance of the PragerU Kids program!

Digital Magazines

Digital magazines for elementary students counter left-leaning publications like Scholastic News by focusing on great leaders and geo-political issues told through the eyes of children.

Our first magazine series featured Women of Valor (often demonized by the left) such as Abigail Adams, and global issues like Venezuela's

transformation from a prosperous society into a Communist nightmare.

Kids self-quiz with activities like crosswords—and a future game show is in the works!

Our digital magazines compete with Scholastic, Highlights, and National Geographic, while offering a new modern way of learning through online game shows and virtual fun!

"My grandkids ask to watch 'Jill' or 'Leo and Layla' every time they are over. I like them watching because it is a great starting point for conversation. They are in public school now and I worry about them...they are learning things to combat false information that they may encounter."

historians like Howard Zinn and Ibram X. Kendi.

TBH History is a hilarious romp through major historical events that leaves teens laughing, learning—

and wanting more. The first series features world-shaping revolutions, including the Scientific, American, French, Industrial, and Russian Revolutions.

EXPOSÉS

PragerU’s hard-hitting exposés are revealing the truth about the media and organizations intent on remaking America as we know it.

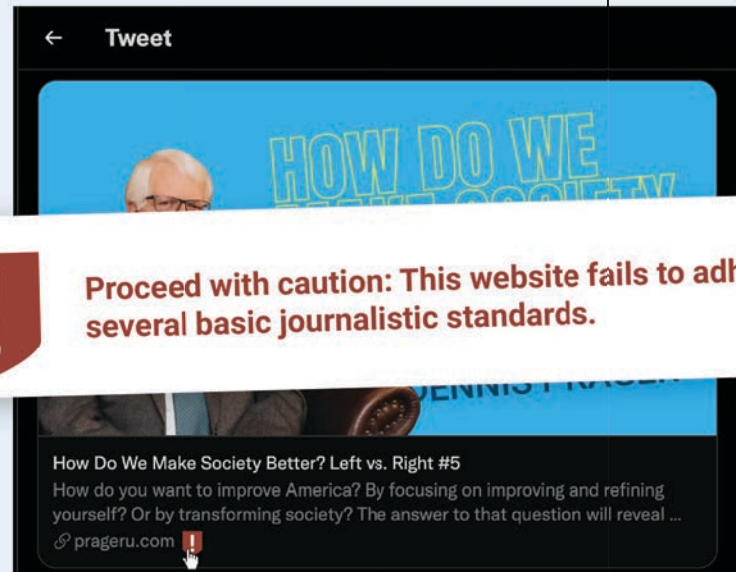

Projects include exposing the lies and censorship behind “fact-checker” NewsGuard, mainstream media’s CNN, online “encyclopedia” Wikipedia, and *The New York Times*—all colluding to destroy Freedom of Speech, Freedom of the Press, and Freedom of Information.

What is NewsGuard?

Corporations, social media companies, and even libraries pay third-party, self-appointed “fact-checkers” like NewsGuard to label anything the left disagrees with as “fake news.” Hiding behind these fact-checkers, they have been deplatforming and censoring PragerU, as well as many other news media companies that are right-of-center.

MUST WATCH

Alex Marlow, Editor-in-Chief of Breitbart joins Will Witt and Marissa Streit to discuss biased “fact-checkers” on Will & Amala LIVE.

NEWSGUARD

IN THE WORKS

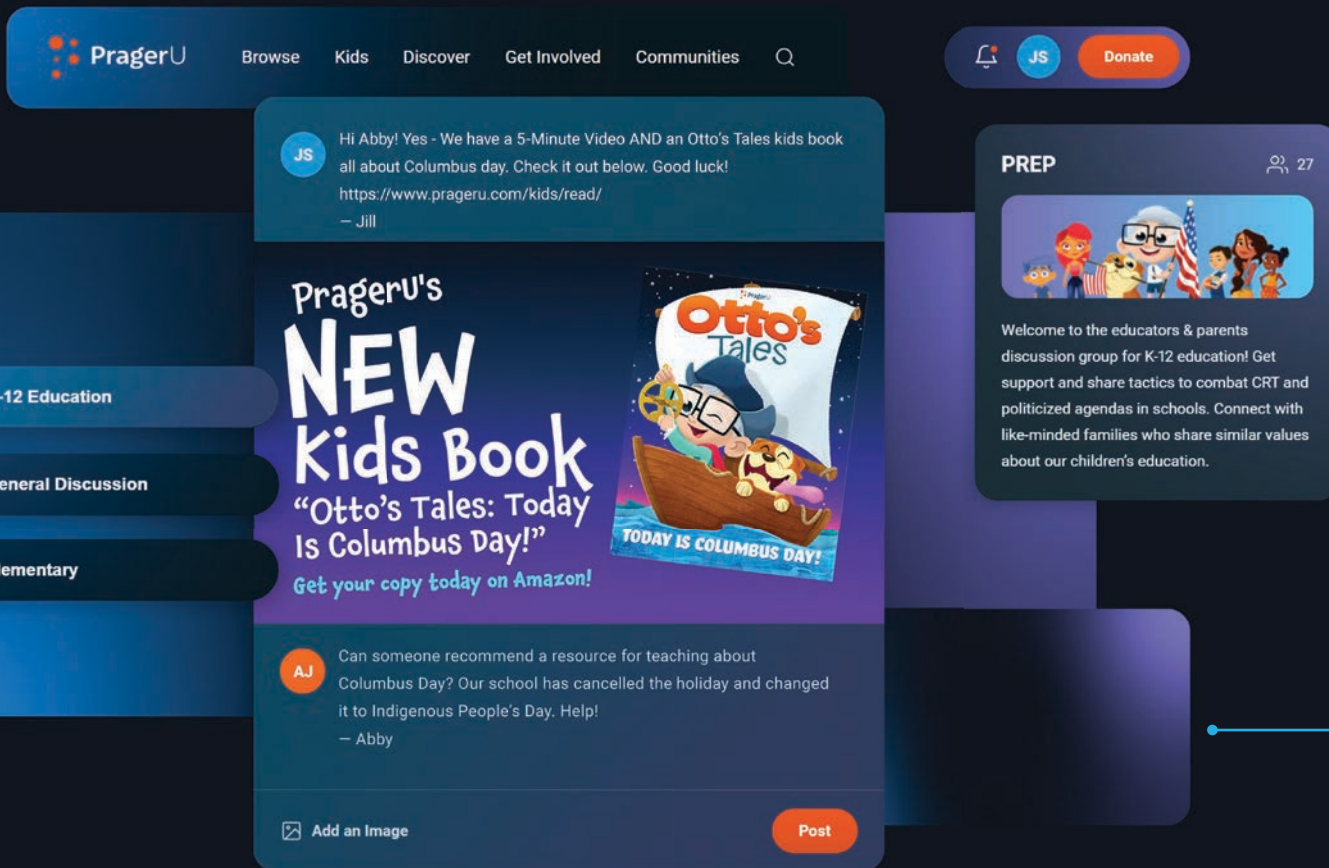

PragerU is releasing new 5-Minute Videos presented by experts on the issue of mainstream media bias.

“...I discovered them [PragerU videos] last year with the race issues happening in America, I wanted to learn about white privilege and stumbled upon a video from PragerU. I also saw their video about socialism vs. capitalism after I discovered that BLM is a Marxist organization, and that Marxism is the father of socialism/communism...I would highly recommend PragerU to anyone interested in politics in any way!”

FOR BIG IMPACT

For two generations, young people were rarely exposed to pro-liberty, pro-freedom, limited government ideas. PragerU changed this. As the production and marketing arm of the pro-America movement, PragerU straps a rocket to the best ideas and the best messengers across the Internet.

Here's how we do it:

• Viewers (1B per year)

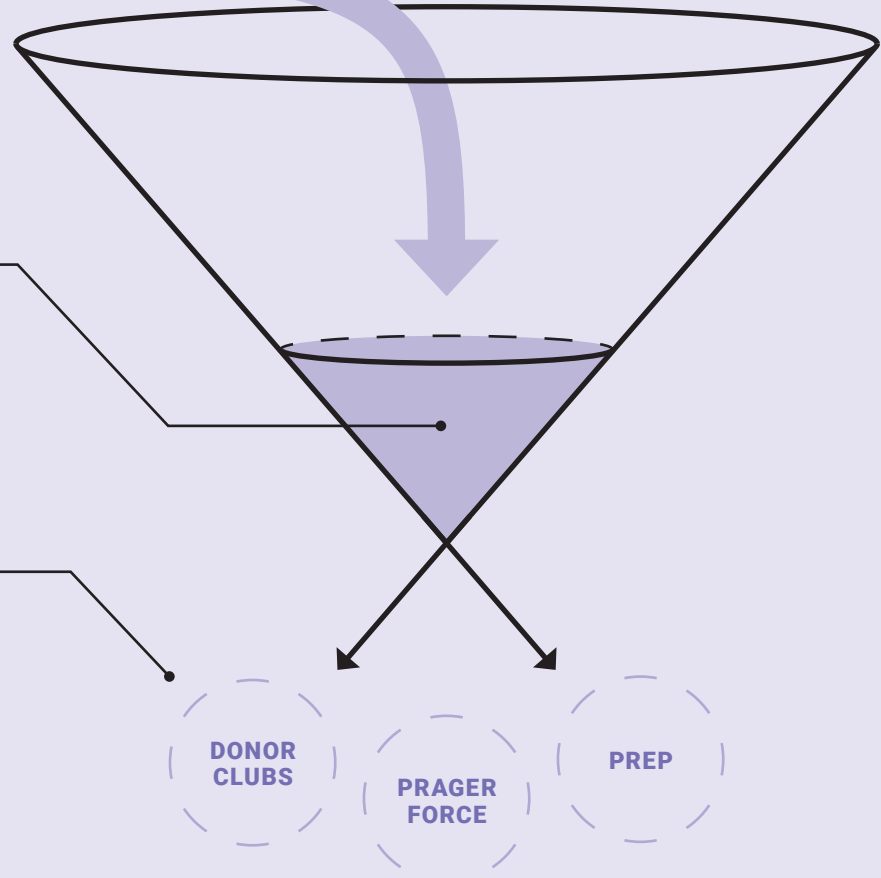

PragerU crafts custom micro-content for casual viewers on each social media platform. PragerU personalities like Will Witt, Amala Ekpunobi, and funny skits promote the content, drawing viewers toward full videos.

• Followers & Subscribers (15M+)

PragerU's marketing inspires casual viewers to subscribe. Now part of their daily feed, a succession of engaging content—petitions, questionnaires, and subscription drives—encourages them to watch on our website and mobile app.

• Communities (300,000 members)

Subscribers become committed and want to do more than watch. PragerU's communities offer different ways to make a greater personal impact. Students, young professionals, parents, educators, and donors are all members of PragerU's communities!

"...I found out about PragerU videos while I was searching up videos for one of my class discussions online...After immediately watching one video I couldn't stop, the cartoons and the graphics helped a lot... DEVELOPING NEW TECH

PragerU constantly innovates to counter the left, get around censorship, and offer the best digital experiences.

PragerU's new website, mobile app, podcasts, and streaming TV channels help people discover or retain traditional American values in new ways.

Viewers flip through Netflix-like carousels, binge-watch pro-America videos with autoplay, explore kids-only digital spaces, and find kindred spirits.

Developing our own infrastructure and diversifying our platforms provides greater independence, helping PragerU remain the

megaphone for patriotic voices.

PragerU's next stage is rapidly scaling our media network. Website visitors are spending DOUBLE the amount of time on PragerU's new website and browsing through twice as many pages as the former website!

"I first heard about PragerU this past summer. As a young conservative, the short informational videos really solidified my political beliefs and emboldened me to share them with others. I soon realized that few within my close circle of friends truly shared my political beliefs. That's when I heard about PragerFORCE...I immediately joined and it's been such an incredible experience.
