RYCO (AUST & NZ) CROSS REFERENCE TO BALDWIN FILTERS OCTOBER 2005

(Dealer Use Only)

Ryco (Australia & New Zealand) to Baldwin Filters

All Cross References are based on the latest authorities' information available at press time. However, equipment manufacturers often change component suppliers without notice while continuing to use the same filter number. This change could result in a non-critical dimension becoming critical. Other filter manufacturers may use one filter to replace two of ours. Thus, when crossing from a non-original equipment filter number, a problem could develop. If a filter doesn't seal when installed, it should not be used. **We cannot be responsible for misapplications.**

NOTE: Always use the original (O.E.M.) part number to verify the correct filter application.

Please use this supplement only after consulting the latest available Baldwin catalogues or CD Rom first.

You can also visit the Baldwin web sites for up to date cross references. If in doubt, contact the Baldwin Sales Office.
