TO CHOOSE THE CORRECT SIZE FOR YOU

Style Mode women's clothing size charts are designed to fit the following measurements, however some brands may vary but the tables can be used as guidelines.

HOW TO MEASURE YOUR FEET

Wear socks similar to the socks you'll be wearing with the shoes. While seated, put your foot on a piece of paper in front of you and trace around the circumference of it with a pencil, being careful to keep the pencil close to the foot.

FOOT LENGTH

To determine your foot length, measure the distance between the two furthest points on your tracing.

SELECTING A SIZE

Observe the table above and find the measurement closest to your foot length. Choose the shoe size attributed to that length.
