

Sciences Po Lille

PROFILE

Sciences Po Lille is a highly selective and competitive higher education research based institution founded in 1991 and located in Lille (France). Students are taught and trained to enter the job market after two year Master programmes in all kind of branches: public and administrative sector, private sector, international institutions and organizations, NGOs, non-profit sector, cultural sector. The two year Master programmes are professionalized and include a long term professional internship (6 month). Courses are taught in French and English by academics and professionals from different sectors. Theoretical reasoning are balanced by experiences and practice. Teachings are mostly structured around case studies. The Master programmes are multidisciplinary in the fields of social sciences, economics, law and humanities. With around 250 international, with approximately 210 cooperation agreements around the world, Sciences Po Lille proposes a really internationalized curriculum.

Main programmes of study

- Public and Corporate Communication
