# BEAUTIFUL BEDDING

Using the same technologies that have made Standard Textile the leading supplier to the hospitality industry, we fabricate bedspreads and complete bed ensembles that are as stylish as they are luxurious. Designs are completely customizable, from fabric color and pattern to quilting style and fill, to match the exact specifications of individual mattresses—and to fulfill your own objectives for the patient experience.

In addition to patient comfort, our bedding solutions deliver exceptional efficiency to your organization. All bedding fabrics are available with Impact Technology® to help prevent the proliferation of harmful microorganisms. Our exclusive innovations extend service life and reduce energy use while maintaining the crisp, clean image that helps define you as a first-class healthcare provider.
