

SKILLED APPLICATION LEVEL 3

BASIC APPLICATION LEVEL 2

Seismic Interpretation Methods and Workflows

- Advanced Seismic Interpretation (NA/EU) Rachel Newrick N485
- An Integrated Approach to 3D Seismic Interpretation Mark Sawyers N255
- Seismic Attributes for Exploration and Reservoir Characterisation (NA) John Castagna N049
- Workflows for Seismic Reservoir Characterisation (EU) Patrick Connolly N385
- Interpretation of 3D Seismic Data (NA) Alistair Brown N040

- A Practical Introduction to Geological Interpretation of 3D Seismic Data Joe Cartwright N254
- Using Seismic Data from Acreage Capture to Early Field Development Fred W. Schroeder N240
- 3D Seismic Interpretation Workflow John Randolph N394

Structural Interpretation

- Interpretation of Seismic Data in Structurally Complex Settings (NA) Gloria Eisenstadt N288
- Salt Tectonics: Global Styles, Spanish Outcrops (Basque-Cantabrian Pyrenees, Spain) Mark Rowan and Josep Anton Muñoz / Eduard Roca N232
- Structure and Fault Systems in Hydrocarbon Exploration (Southern Pyrenees, Spain) Josep Anton Muñoz and Eduard Roca N142
- Structural Geology and Seismic Interpretation for Petroleum Exploration and Production Ken McClay N220
- Seismic Structural Styles Workshop (NA) Gloria Eisenstadt N090
- Tectonic Controls on Basin Development and Petroleum Systems (EU/NA) Mark Thompson N005
- Seismic Interpretation of Structural Styles: A Workshop for Petroleum Geoscientists Mark Cooper and Marian Warren N160

Stratigraphic Interpretation

- Practical Methods for Sequence Stratigraphic Prediction John Snedden N349
- Seismic and Well Facies Mapping in a Sequence Stratigraphic Framework Rob Kirk N357
- Seismic and Sequence Stratigraphy for Play Prediction and Basin Analysis (EU) George Bertram N007
- Sequence Stratigraphy Applied to Exploration and Production (NA) Vitor Abreu N410

Mapping and Depth Conversion

- Depth Conversion Methods and Pitfalls Alan Atkinson N172
- Practical Subsurface Mapping (NA) Nigel Banks N260

Seismic Workshops

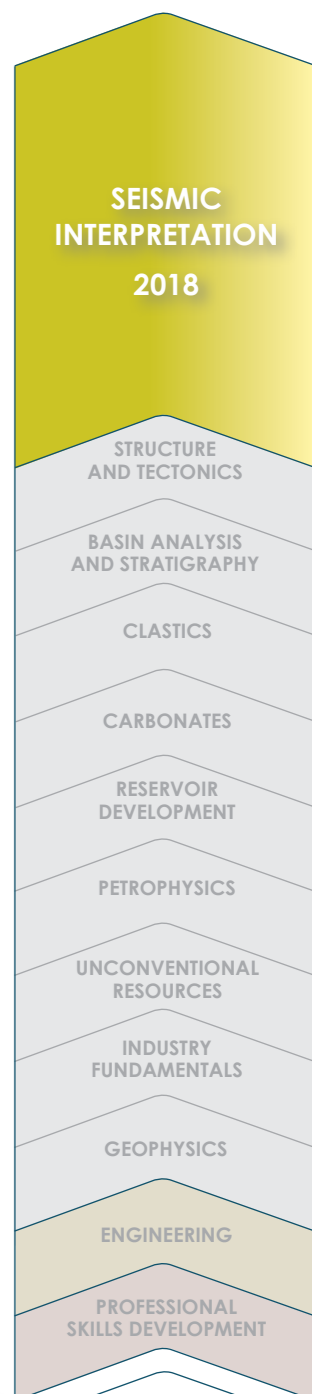

- Seismic Interpretation Workshop: Play Recognition on Passive Margins Mark Thompson and Mike Mayall N380
- Geological Seismic Interpretation Field Seminar: Compressional Systems (Montana, USA) Peter Hennings and Bob Ratliff N074
- Workshop in Geological Seismic Interpretation: Carbonate Systems Gregor Eberli / Gene Rankey N073
- Workshop in Geological Seismic Interpretation: Deep Marine Systems Lesli Wood N072
- Workshop in Geological Seismic Interpretation: Salt Tectonics (NA) Mark Rowan, Carl Fiduk and Elive Menyoli N071

Fundamentals

- Introduction to Seismic Interpretation for Exploration and Production (an 8 day course) John Randolph and Fred Schroeder N281
- Introduction to Seismic Interpretation for Coal Mining John Randolph N420
- Introduction to Seismic Interpretation (NA/EU) John Randolph / Rachel Newrick / Fred Schroeder N085

SEISMIC INTERPRETATION

COMPETENCY MAP

Dorset, UK Field course
 grey text Available on request only

N New for 2018
Z New in 2017

Application Levels:
N 1. Awareness
N 2. Basic
N 3. Skilled

Region of Scheduled Delivery
EU Europe
NA North America
AS Australasia

February 2018

Geophysics courses appear on the reverse of this page
