

Welcome to Regence BlueCross BlueShield of Utah

Understanding your options is a vital part of good care. That’s why your plan gives you access to providers—physicians, other health care professionals and facilities—who provide a wide range of health care services, from routine and preventive care to the most specialized treatment.

Using this Provider Directory

This directory lists providers in the **Preferred ValueCare Network** as of July 1, 2019.

The provider information contained in this directory—including credentialing, contracting status, and provider-supplied data—is continually gathered from a variety of sources, and is updated at least monthly. The information in this directory is accurate to the extent that the sources from which the information is collected are accurate. Credentials are validated through a variety of national and state credentialing verification sources.

This list of providers is current as of the date listed but may change at any time. You can always find the most up-to-date list of providers in this network on regence.com using the “Find a Doctor” feature (see “Finding information on Regence.com” below for more information.) You can also contact a member service specialist to verify a provider’s status and information before making your appointment.

Your choice drives your cost

We contract with physicians, dentists, other health care professionals and facilities to form provider networks essential for delivery of health care and dental services to our members. All providers must meet certain requirements before they can participate in our provider networks. (For a full listing of requirements, visit www.regence.com/find-a-doctor or contact Customer Service.) With Regence, you’ll get the best benefit (and pay the lowest out-of-pocket cost) when you visit an In-Network provider.

Any provider in the **Preferred ValueCare Network** is considered In-Network. Any provider not in the **Preferred ValueCare Network** is considered Out-of-Network. If you visit an Out-of-Network provider, your out-of-pocket cost may be significantly higher. You may also be “balance billed” for the difference between the dollar amount Regence allows for a specific service (also called the “allowed amount”) and the amount the provider or facility charges.

For details about your benefits—including coverage levels, limitations and exclusions—please see your benefits booklet or view your benefit information on regence.com.

Important note about EPO Plans

If you're enrolled in an EPO plan, keep in mind that there are *no* out-of-network benefits. You *must* see an In-Network provider. If you do not, you will receive no benefit and will be responsible for the entire cost. Please choose your providers carefully if you're enrolled in this type of plan.

Receiving care away from home

Depending on your plan, you and your covered family members may have access to health care across the country through the BlueCard® Program. BlueCard providers will bill the local Blue Cross and/or Blue Shield Plan for you. You can find BlueCard providers by visiting bcbs.com or calling 1 (800) 810-BLUE.

Using your member card

Show your member card each time you see a provider or visit a hospital. This gives providers the information they need to bill us and is equally important even if you visit providers who are Out-of-Network.

Submitting claims

Most of the time, you shouldn't have to submit a claim. But if the need arises (for example, if your plan offers Out-of-Network benefits and you see an Out-of-Network provider), you can download a Member Reimbursement Claim Form from regence.com and send it to:

Regence BlueCross BlueShield of Utah
Attn: Claims Services
P.O. Box 30270
Salt Lake City, UT 84130-0270

Finding information on regence.com

For the most current provider information you can visit our public website at regence.com. The "Find a Doctor" feature on regence.com will allow you to sort, filter and refine provider search results based on network, provider rating, location, hours of operation, or other attributes that are important to you.

In addition, when you create a member account at regence.com, you will gain access to claims information and programs designed to help you navigate your health care and make the most of your wellness.

Questions?

If you have questions about:

- Status of a particular provider or facility
- Discrepancies in this printed directory or in our online “Find a Doctor” directory
- Your coverage, claims or enrollment

Please call the telephone number on the back of your member card (TTY: 711) to speak with a Regence Customer Service specialist or send an email to info@regence.com.

- (18) Monument Valley Health Center, Monument Valley, Utah
- (19) Navajo Mountain Health Center, San Juan County, Utah
- (20) Wayne County Medical Clinic, Bicknell, Wayne County, Utah

This list may change periodically, please check our member Web site at regence.com or call for verification. Please be advised that if you choose a non-contracted provider you will be responsible for any charges not covered by your health insurance plan. If you have questions concerning your rights to see a provider on this list you may contact your health insurance plan at the phone number on the back of your member card. If the health insurance plan does not resolve your problem, you may contact the Office of Consumer Health Assistance in the Insurance Department toll free at 1-800-439-3805 or in-state 801-538-3077 or at health.uid@utah.gov.
