

# Your Guide to Prescription Drug Coverage

2018 PREFERRED FORMULARY DRUG LIST

# Important Contacts

For more information about your prescription drug coverage, call the phone number listed on your BlueCross BlueShield of Tennessee Member ID card. For information about your home delivery prescription, call **1-877-673-9165**.

## Visit [bcbst.com](http://bcbst.com)

- Locate a participating retail pharmacy
- Look up possible lower-cost prescription alternatives
- Compare prescription drug pricing and options

## Drug Benefit Reconsiderations

You or your doctor may ask for reconsideration of the following:

- A denial of a drug benefit
- Limits on a drug quantity
- Criteria for prior authorization
- Use of a non-covered drug

You'll need supportive documentation. That means written reasons from your doctor about why BlueCross shouldn't have denied a benefit, quantity, prior authorization or non-covered drug.

All reconsiderations are considered on a case-by-case basis. See your Evidence of Coverage or member handbook for details on your rights to file reconsiderations.

Fax all information to **1-888-343-4232**. Or send a written request to:

**Pharmacy Management Reconsiderations  
BlueCross BlueShield of Tennessee  
1 Cameron Hill Circle  
Chattanooga, TN 37402-2555**

Please provide the following information with your request:

- Patient name and cardholder ID number
- Physician name and phone number
- Drug and diagnosis information

# Understanding the Formulary Drug List

This Formulary Drug List will help you understand the drugs your plan covers. The drugs in this formulary are listed by common categories or class then alphabetically. They are placed into cost levels known as tiers. The tiers include generic, preferred brand and non-preferred brand drugs reviewed by a panel of physicians and pharmacists regularly and revised to reflect availability of new drugs and other changes in the market.

Some drugs are noted with letters next to them. The letters refer to certain pharmacy benefit programs. To make sure that prescriptions are used safely, some drugs have additional requirements that must be met before the prescription can be filled. Those drugs will have an abbreviation next to the drug name to let you and your doctor know there are additional requirements.

For more information on how to fill your prescriptions, please refer to your Evidence of Coverage or member handbook on **bcbst.com** or call the phone number listed on your BlueCross Member ID card.

Abbreviation	Description
ACA	<b>Affordable Care Act</b> means drugs with the ACA indicator may be available to you at no out-of-pocket cost depending on your plan. Check your Evidence of Coverage or member handbook for plan details.
AGE-A	<b>Age Requirement</b> means a person must be within a specific age group for a drug to be covered. Prior authorization is required for members 17 years of age and younger. Your doctor must call Express Scripts at 1-877-916-2271 to request approval for coverage.
LD	<b>Limited Distribution</b> means drugs may only be available at certain pharmacies. For more information, please call BlueCross Member Service at the phone number listed on your Member ID card.
PA	<b>Prior Authorization</b> may be required for certain drugs. Your doctor must call Express Scripts at 1-877-916-2271 to get approval before you may fill your prescription.
QL	<b>Quantity Limit</b> means you may have coverage for a limited amount of a specific drug.
SPRx	<b>Specialty Drugs</b> includes drugs for chronic, serious diseases such as hepatitis C, multiple sclerosis, arthritis, hemophilia and other conditions. Some plans may cover specialty drugs at different benefit levels or may require the use of a Network Specialty Pharmacy.
ST	<b>Step Therapy</b> is a prior authorization program that requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. Your doctor must call Express Scripts at 1-877-916-2271 to request approval for coverage. Please refer to the Step Therapy list included on pages iv-v for drugs that require step therapy.
#	Some plans do not cover these drugs. Check your Evidence of Coverage guide or Member Handbook for plan details.

# What's a Drug Tier?

Tiers are the different cost levels you pay for a prescription drug. Each tier is assigned a cost (copay, deductible or coinsurance), which is determined by your employer or health plan. This is how much you will pay when you fill a prescription. If you have a high deductible plan, the tier cost levels may apply once you hit your deductible. Check your Evidence of Coverage or member handbook for plan details.

## Generic Drugs

Generic Drugs have the same strength and active ingredients as the brand name – but typically are the most affordable and offer you the lowest available copayment or coinsurance. The active ingredient in a generic drug is chemically identical to the active ingredient of the corresponding brand drug. To help lower your out-of-pocket costs, we encourage you to choose a generic medication whenever possible. Look for these drugs under “Tier 1” in this formulary.

## Preferred Brand Drugs

Preferred Brand Drugs will usually have a slightly higher copay or coinsurance than generic drugs, but less than a non-preferred brand drug under your plan. These drugs are designated preferred brand because they have been proven to be safe, effective, and more affordable compared to other brand or over-the-counter drugs that treat the same condition. Look for these drugs under “Tier 2” in this formulary.

## Non-Preferred Brand Drugs

Non-Preferred Brand Drugs are those that generally have generic alternatives and/or one or more preferred options within the same drug class. You will usually pay the highest copay or coinsurance for a non-preferred drug under your plan. These drugs are listed as non-preferred because they have not been found to be any more effective than available generics, preferred brands, or over-the-counter drugs. Look for these drugs under “Tier 3” in this formulary.

# Step Therapy Requirements

**Step Therapy** is a prior authorization program that requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. This chart lists the drugs that require step therapy before your plan will cover the medication.

Step Therapy Drugs	Step Therapy Requirements
Edarbi Edarbyclor	Trial and failure of a generic Angiotensin II Receptor Blocker (ARB), including candesartan, candesartan-hydrochlorothiazide, eprosartan, irbesartan, irbesartan-hydrochlorothiazide, losartan, losartan-hydrochlorothiazide, olmesartan, olmesartan-hydrochlorothiazide, telmisartan, telmisartan-hydrochlorothiazide, valsartan and valsartan-hydrochlorothiazide
Non-preferred diabetic test strips (e.g., Accu-Chek, Freestyle) <sup>QL</sup>	Trial and failure of preferred products made by Lifescan (OneTouch) <sup>QL</sup> or Ascensia (Contour or Breeze2) <sup>QL</sup>
Xalatan Zioptan	Trial and failure of latanoprost, Lumigan, or Travatan Z
Admelog Admelog SoloStar Apidra Apidra SoloStar Humalog Humalog KwikPen Humalog Junior KwikPen	Trial and failure of Fiasp, Fiasp FlexTouch or Novolog
Humulin	Trial and failure of Novolin
Proventil HFA <sup>QL</sup> Ventolin HFA <sup>QL</sup> Xopenex HFA <sup>QL</sup>	Trial and failure of ProAir HFA <sup>QL</sup> or ProAir RespiClick <sup>QL</sup>
Osphena Premarin cream	Trial and failure of Estrace 0.01% cream or estradiol 0.01% cream

For certain medical conditions, it is best practice to try a Tier 2 Preferred Drug before your plan will cover a Tier 3 Non-Preferred Drug.

A trial of one or two Preferred Drugs will be required before a Non-Preferred Drug will be covered. Below is a table of Preferred and Non-Preferred Drugs aligned with various medical conditions. Find your condition in the first column of the chart. If there are drugs listed in the second column, this means your doctor must prescribe one of those in order to determine effectiveness prior to prescribing a drug listed in the third or fourth columns.

Tier  
2Tier  
3Tier  
3

Medical Condition	Preferred Drug	Non Preferred Drug (directed to ONE Preferred Drug)	Non Preferred Drug (directed to TWO Preferred Drugs)
Rheumatoid arthritis	Actemra <sup>SC</sup> Enbrel Humira Xeljanz/XR		Cimzia Kevzara Kineret Orencia <sup>SC</sup> Simponi <sup>SC</sup>
Ankylosing spondylitis	Cosentyx Enbrel Humira		Cimzia Simponi <sup>SC</sup>
Juvenile idiopathic arthritis	Enbrel Humira	Orencia <sup>SC</sup>	
Psoriatic arthritis	Cosentyx Enbrel Humira Stelara <sup>SC</sup>	Otezla	Cimzia Orencia <sup>SC</sup> Simponi <sup>SC</sup> Taltz Xeljanz/CR
Psoriasis	Cosentyx Humira Otezla Stelara <sup>SC</sup>	Enbrel* Tremfya*	Siliq Taltz
Crohn's disease	Humira Stelara <sup>SC</sup>	Cimzia	
Ulcerative colitis	Humira	Simponi <sup>SC</sup>	

SC – subcutaneous

\*For the treatment of Psoriasis, you must try Humira first before Enbrel or Tremfya is approved. Cosentyx, Otezla or Stelara<sup>SC</sup> don't meet the requirement for coverage of Enbrel or Tremfya for Psoriasis.

# Where to Get Your Prescriptions Filled

You'll need to show this card when you have a prescription filled. The card shown is an example. You may have to pay part of the cost for prescription medicines and supplies. Check your Evidence of Coverage or member handbook for specific plan details.

## Network Pharmacies

The BlueCross pharmacy networks include many retail drug store chains and independent pharmacies across the country. If your medication is not considered a maintenance medication, the prescription is typically written for less than a 30-day supply. (See Retail 90 and Home Delivery Network for information on 90-day supplies).

Always use a network pharmacy. If you use a non-network pharmacy, you must pay all of the costs for your prescription. If you're out of the state, you can find a pharmacy in the nationwide network. Check your Evidence of Coverage or member handbook for your Pharmacy Network details.

### How to find a network pharmacy:

- Call **Member Service** at the number on the back of your card
- Online, go to **bcbst.com**
  - Sign up for **BlueAccess<sup>SM</sup>**, our secure member portal
  - Click on **Find a Doctor**
  - Click on **Pharmacy** and select your **Pharmacy Network**

Or

- On **bcbst.com**, click on **Find A Doctor**
- Click on **Pharmacy**
- Select your **Pharmacy Network**

## Retail 90 Networks

Through Retail 90 Networks you can get up to a 90-day (three-month) supply of your prescriptions.\*

- With a three-month supply, you're less likely to miss a dose, which can keep you healthier. Also, you don't have to refill as often, which can save you time and money.
- If you use a pharmacy that's not part of your Retail 90 Network, you're limited to a 30-day (one-month) supply.
- These networks are made up of some local pharmacies and drug store chains. Ask your pharmacy if they are part of your Retail 90 Network.

## Home Delivery

You can sign up for home delivery and have your prescription delivered right to your door. Home Delivery is for prescriptions with a 30-day (one-month) or a 90-day (three-month) supply.\* Call **1-877-673-9165** to get started.

### With home delivery you get:

- FREE standard shipping\*\*
- Access to a pharmacist 24/7
- Automatic refill reminders so you're less likely to miss a dose
- Extended Payment Plan available

## Specialty Pharmacies

Some serious medical conditions need specialty drugs. They may be given at the doctor's office or at home. Our Specialty Pharmacies are a special network of vendors, experienced in managing these specialty drugs and providing support to you and your doctor. You and your doctor can find a list of Specialty Pharmacies at **bcbst.com**.

### Specialty drugs:

- Usually require a Prior Authorization
- Usually are limited to a 30-day supply
- Are usually only available from Specialty Pharmacies who are part of the BlueCross network. Check your Evidence of Coverage or member handbook for your Pharmacy Network details.

\*Your doctor will need to write your prescription for a 90-day supply.

\*\*Standard shipping costs are included as part of your pharmacy plan benefit

# Tips to Remember When Using Your Prescription Drug Benefits

## Talk with your doctor.

Doctors are your partners in achieving and maintaining your good health, so discuss every aspect of the prescribed treatment, including the selection of drugs. The more you know, the better your choices.

Ask your doctor to check the drug list before prescribing a medicine.

Give your doctor a list of all the medicines you take. Include medicines that don't need a prescription. This helps them choose medicines that work well together.

Advertising, social media or the internet may not be your best source of information. Discuss all your concerns with your doctor.

## Ask for generic drugs.

The U.S. Food and Drug Administration (FDA) requires generic drugs to have the same quality, strength and purity as brand-name drugs.

- Generic drugs work the same as brand name drugs, but cost less.
- Talk to your doctor about the different kinds of generic drugs.
- The Formulary Drug List has different tiers (levels) of drugs that you can use (see "What's a Drug Tier?" on page iii).
- You will pay less for generic drugs almost every time.
- Under most BlueCross plans, if you request a brand name drug that has a generic equivalent, you will pay the cost difference between the generic and brand name drug. Check your Evidence of Coverage or member handbook to see if this applies to your plan.

## Talk to your pharmacist.

Your pharmacist can answer questions about the drugs you take, help you avoid harmful drug interactions, and help you select appropriate, lower-cost generics and preferred brands whenever available.

- Have all of your family's prescriptions filled at the same pharmacy.
- By knowing all your prescriptions, your pharmacist can make sure all of your drugs work well together. This can help keep you or your family safe.

## Use over-the counter (OTC) medicines to save money.

- OTC medicines are sold without a prescription.
- Some prescription drugs may not be covered under your plan because there is an OTC available that works just as well.
- Don't switch from a prescription drugs to an OTC without talking with your doctor.

## Be smart with your prescriptions.

- Never share prescription drugs. That includes not giving drugs prescribed for one family member to another.
- Keep all medicines safe from children. Keep out of sight and out of reach. The best choice is locking them away.
- Don't stop taking or giving a prescription without talking to the doctor.
- Follow-up with the doctor about any side effects.

## Some prescriptions need an approval for coverage.

- Some prescriptions require prior authorization or step therapy.
- Network doctors are usually familiar with these requirements and know how to get authorizations. However, you may want to show this formulary drug list to your doctor – especially if you use an out-of-network doctor or a doctor outside Tennessee.
- There are also limits on the amount of some prescription drugs that your plan will pay for.

BlueCross BlueShield of Tennessee (BlueCross) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. BlueCross does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

BlueCross:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as: (1) qualified interpreters and (2) written information in other formats, such as large print, audio and accessible electronic formats.
- Provides free language services to people whose primary language is not English, such as: (1) qualified interpreters and (2) written information in other languages.

If you need these services, contact a consumer advisor at the number on the back of your Member ID card or call 1-800-565-9140 (TTY: 1-800-848-0298 or 711).

If you believe that BlueCross has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance (“Nondiscrimination Grievance”). For help with preparing and submitting your Nondiscrimination Grievance, contact a consumer advisor at the number on the back of your Member ID card or call 1-800-565-9140 (TTY: 1-800-848-0298 or 711). They can provide you with the appropriate form to use in submitting a Nondiscrimination Grievance. You can file a Nondiscrimination Grievance in person or by mail, fax or email. Address your Nondiscrimination Grievance to: Nondiscrimination Compliance Coordinator; c/o Manager, Operations, Member Benefits Administration; 1 Cameron Hill Circle, Suite 0019, Chattanooga, TN 37402-0019; (423) 591-9208 (fax); Nondiscrimination\_OfficeGM@bcbst.com (email).

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, 1-800-368-1019, 800-537-7697 (TDD).
