Direct Care Health Plan

Introduction

MGM Resorts International is committed to the health and well-being of its employees and improving the way health care is delivered in Southern Nevada. To help meet this goal, the Company offers the MGM Resorts Direct Care Health Plan, a health plan option that delivers an innovative approach to health care.

The Direct Care Health Plan provides an environment where your Primary Care Physician (PCP) becomes your health care partner who takes personal responsibility and accountability for your ongoing care. The Plan also takes into consideration the things that you value most – time, cost and quality of care. It ensures that you and your family’s health is not just your number one priority, it’s your PCP’s priority too.

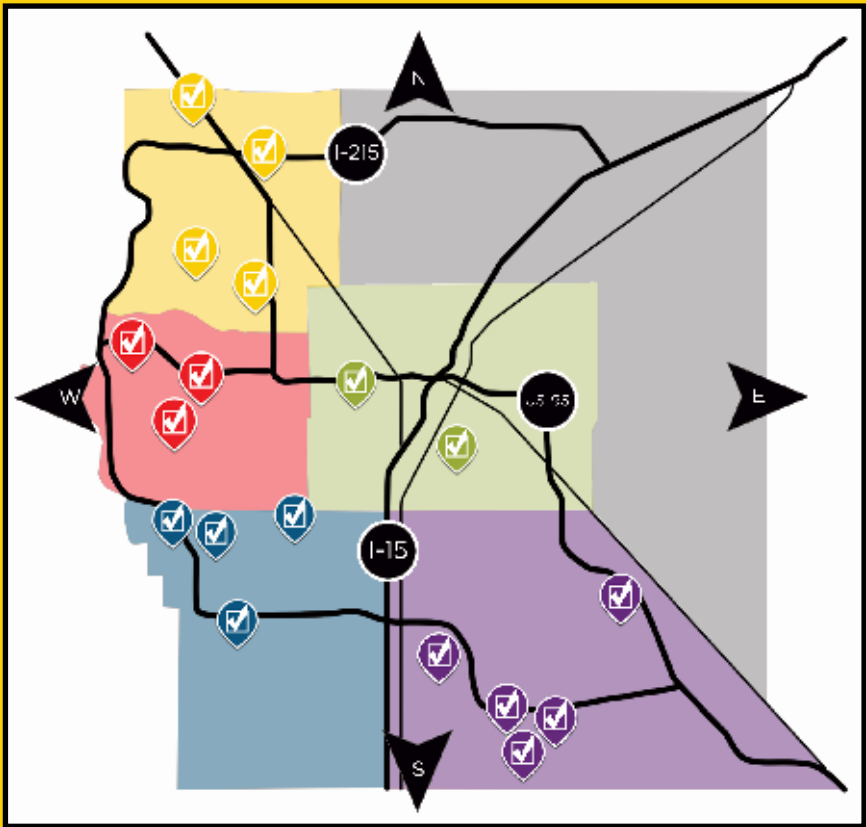

In this directory, you will find the PCPs that are participating in the Direct Care Health Plan. Employees and their adult dependents living in Southern Nevada who choose to participate in the Plan must select one of these PCPs to coordinate their health care needs and become their partner in health and wellness. These doctors are committed to providing excellent health care in a patient-friendly and professional environment.

As with any directory, changes may occur. The MGM Resorts Direct Care Health Plan is not responsible for inadvertent errors or omissions, and no assurance can be given as to complete accuracy. All PCPs accept new patients on a first come, first served basis and may reach capacity at any time.
