Introduction

The purpose of this manual is to address some frequently asked questions (“**FAQs**”) in connection with the interpretation of legislation and regulations which implement Country-by-Country (“**CbC**”) Reporting in Ireland.

1 What is CbC Reporting and who does it apply to?

CbC Reporting is part of Action 13 of the OECD/G20 Base Erosion and Profit Shifting (“**BEPS**”) Action Plan and the EU Commission’s Anti Tax Avoidance Package.

In October 2015, the OECD/G20 published the Transfer Pricing Documentation and Country-by-Country Reporting Action 13 Final Report¹ (the “**BEPS Action 13 Final Report**”). The BEPS Action 13 Final Report recognised that enhancing transparency for tax administrations, by providing them with adequate information to conduct transfer pricing risk assessments, is an essential part of tackling the BEPS problem. Council Directive (EU) 2016/881, which amends Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation (known as “**DAC 4**”), was adopted on 25 May 2016. DAC 4 aims to transpose the OECD BEPS recommendations for CbC reporting into EU legislation.

CbC Reporting requires large multinational enterprises (“**MNE**”) to file a CbC Report that will provide a breakdown of the amount of revenue, profits, taxes and other indicators of economic activities for each tax jurisdiction in which the MNE group does business. CbC Reporting only applies to MNE groups with annual consolidated group revenue of €750 million² or more in the preceding fiscal year (“**MNE Groups**”).

For the first time, CbC Reporting will give tax administrations a global picture of the operations of MNE Groups. Tax authorities can then use this information to perform high-level transfer pricing risk assessments and to evaluate other BEPS-related risks.

2 What is the OECD/G20 guidance on CbC Reporting?

The BEPS Action 13 Final Report is the primary OECD/G20 guidance on CbC Reporting. The OECD has also produced “Guidance on the Implementation of Country-by-Country Reporting: BEPS Action 13”³ which addresses some common questions of interpretation and is updated regularly.

² Or an equivalent amount in a non-euro currency.

³ <https://www.oecd.org/tax/guidance-on-the-implementation-of-country-by-country-reporting-beps->

The OECD has also published the following guidance:

- A compilation of the approaches adopted by jurisdictions (including Ireland), in cases where the OECD guidance provides flexibility⁴. Guidance on the appropriate use of information contained in CbC Reports.⁵
- Country-by-Country Reporting: Handbook on Effective Implementation.⁶
- Country-by-Country Reporting: Handbook on Effective Tax Risk Assessment⁷

3 What is the Irish legislation governing CbC Reporting?

The legislation that implements CbC Reporting in Ireland is contained in:

- A. Section 891H of the Taxes Consolidation Act 1997 (“**TCA 1997**”) (as inserted by Section 33 of Finance Act 2015 and as amended by Section 24 of Finance Act 2016) (the “**Legislation**”); and
- B. Taxes (Country-by-Country Reporting) Regulations 2016 (the “**Regulations**”)

(together the “**Irish CbC Reporting Legislation**”).

4 Can the OECD guidance on CbC Reporting be used to interpret the Irish CbC Reporting Legislation?

All countries participating in the BEPS project agreed a CbC Reporting implementation package. This package can be found at page 37 of the BEPS Action 13 Final Report and includes model legislation for the introduction of CbC Reporting requirements (the “**OECD Model Legislation**”). The purpose of the implementation package, and in particular, the OECD Model Legislation, is to ensure a consistent and standard approach to CbC Reporting across all implementing countries. For this reason, the Irish CbC Reporting Legislation

closely mirrors the OECD Model Legislation and relies on it for certain definitions. Therefore, a good understanding of the BEPS Action 13 Final Report is critical to understanding and interpreting the Irish CbC Reporting Legislation and it should be read in conjunction with this manual.

It should be noted that there are some differences between the OECD Model Legislation and the Irish CbC Reporting Legislation. Where there is a conflict, the Irish CbC Reporting Legislation takes precedence.

5 How should terms contained in the Irish CbC Reporting Legislation and this manual be interpreted?

A number of terms used in this manual are defined in the Irish CbC Reporting Legislation, including “country-by-country report”, “OECD”, “OECD model legislation”, “equivalent country-by-country report”, “fiscal year” and “reporting entity”. Whilst this manual provides further information to assist with the interpretation of some of these terms, the reader is referred to the Irish CbC Reporting Legislation for a full definition of all relevant terms.

In addition, as noted in paragraph 4 above, the Irish CbC Reporting Legislation relies on the OECD Model Legislation for certain definitions, including “MNE group”, “qualifying competent authority agreement”, and “systemic failure”. These terms are explained in detail in the OECD Model Legislation and should be interpreted as set out in the OECD Model Legislation.

For ease of reference, definitions of some key terms contained in the OECD Model Legislation and Irish CbC Reporting Legislation (namely “constituent entity”, “domestic constituent entity”, “EU designated entity” “surrogate parent entity” and “ultimate parent entity”), which are used frequently in this manual, have been reproduced in Appendix I of this document.

6 When did the CbC Reporting requirements come into effect in Ireland?

CbC Reporting requirements apply in Ireland for fiscal years beginning on or after 1 January 2016.

7 Who is required to file a CbC Report in Ireland?

As noted in paragraph 1, CbC Reporting requirements apply to MNE Groups with consolidated group revenue of €750 million⁸ or more in the immediately preceding fiscal year.

The following constituent entities are required to file CbC Reports in Ireland with effect from 1 January 2016:

- An Irish tax resident ultimate parent entity of an MNE Group;
- An Irish tax resident surrogate parent entity of an MNE Group. (A surrogate parent entity can only be appointed in specific circumstances – refer to paragraph 8 below); and
- An Irish tax resident EU designated entity of an MNE Group. (An EU designated entity can only be appointed in specific circumstances – refer to paragraph 16 below).

An Irish tax resident domestic constituent entity of an MNE Group may be required to file a CbC Report or an Equivalent CbC Report under the secondary reporting mechanism. Refer to paragraphs 11 – 16 for more details concerning the secondary reporting mechanism.

8 When can a surrogate parent be appointed?

Regulation 4 of the Regulations deals with surrogate parent entities. The conditions that must be met in relation to the appointment of a surrogate parent entity depend on whether the surrogate parent entity is resident in an EU Member State or in a non-EU Member State.

Where the surrogate parent entity is resident for the purposes of tax in a non EU Member State, Regulation 4 provides that it can be appointed by an MNE Group to file the CbC Report instead of the ultimate parent entity where each of A, B and C below are satisfied:

⁸ BEPS Action 13 Final Report provides that the agreed threshold is €750 million or a near equivalent amount in domestic currency as of January 2015. The OECD published additional guidance in June 2016 in relation to the impact of currency fluctuations on this threshold of €750 million and, in particular, the impact of such fluctuations on secondary reporting ([Guidance on the Implementation of Country-by-Country Reporting](#)). The guidance addresses the application of secondary reporting in circumstances where a jurisdiction has a threshold based on its domestic currency equivalent of €750m as at January 2015 and an ultimate parent entity resident in that jurisdiction has revenues below that threshold but, due to currency fluctuations, it has revenues in excess of €750m. Revenue can confirm that, in line with the OECD guidance, and provided the jurisdiction of the ultimate parent entity has implemented a reporting threshold that is a near equivalent of €750 million in domestic currency as it was at January 2015, an MNE Group that complies with this local threshold will not be exposed to secondary reporting in Ireland as a result of not filing a CbC report in the jurisdiction of tax residence of the ultimate parent entity.

-
-
- A. One or more of the following circumstances applies:
- i. the ultimate parent entity of an MNE Group is not required to provide a CbC Report in its jurisdiction of tax residence;
 - ii. the jurisdiction in which the ultimate parent entity of that MNE Group is resident for tax purposes does not have a qualifying competent authority agreement in effect with Ireland (by the due date for filing the CbC Report) that provides for the exchange of CbC Reports; or
 - iii. there has been a systemic failure by the jurisdiction of tax residence of the ultimate parent entity of that MNE Group to provide the CbC Reports in its possession and Revenue has notified the Irish tax resident constituent entity that such a failure has occurred; and
- B. The jurisdiction in which the surrogate parent entity is resident for tax purposes:
- i. requires the filing of CbC Reports;
 - ii. has a qualifying competent authority agreement in effect with Ireland (by the due date for filing the CbC Report) that provides for the exchange of CbC Reports;
 - iii. has not notified Revenue of an event of systemic failure; and
 - iv. has been notified of the identity of the surrogate parent entity; and
- C. A notification has been provided to Revenue setting out the name and jurisdiction of tax residence of the surrogate parent entity. Refer to paragraph 30 for more information regarding notifications.

Where the surrogate parent entity is resident for the purposes of tax in an EU Member State, Regulation 4 provides that it can be appointed to file the CbC Report instead of the ultimate parent entity where one or more of the circumstances outlined in A above exists.

9 What are the obligations of an Irish tax resident constituent entity which has been appointed as a surrogate parent entity?

Where an Irish tax resident constituent entity is appointed as a surrogate parent entity, the Irish CbC Reporting Legislation applies as if that entity were an ultimate parent entity. In particular, Regulation 4(2) of the Regulations provides that an Irish tax resident constituent entity which has been appointed as a surrogate parent entity must provide a CbC Report to Revenue on behalf of the entire MNE Group.

10 What information should a CbC Report contain?

A CbC Report for an MNE Group must contain the following information in respect each jurisdiction in which the MNE Group operates:

- (a) on an aggregate basis, —
 - (i) amount of unrelated party revenue, related party revenue and total revenue;
 - (ii) amount of profit or loss before income tax;
 - (iii) amount of income tax paid;
 - (iv) amount of income tax accrued;
 - (v) amount of stated capital,
 - (vi) amount of accumulated earnings,
 - (vii) number of employees, and
 - (viii) value of tangible assets other than cash or cash equivalents; and
- (b) identification and the tax identification number (“**TIN**”) of each constituent entity carrying on a business or tax resident in each jurisdiction and, where different from such jurisdiction of tax residence, the jurisdiction under the laws of which such constituent entity is organised, and the nature of the main business activity or activities of each constituent entity.

Refer to paragraph 21 below for details on how to file a CbC Report.

11 What is the secondary reporting mechanism?

Regulation 3 of the Regulations deals with the secondary reporting mechanism. In accordance with the BEPS Action 13 Final Report and DAC 4, the secondary reporting mechanism requires a constituent entity of an MNE Group, which is neither an ultimate parent entity, a surrogate parent entity nor a EU designated entity to file a CbC Report in certain circumstances. DAC 4 introduced additional requirements in relation to the secondary reporting mechanism which are reflected in Regulation 3 and are outlined in paragraph 13.

12 When does the secondary reporting mechanism apply in Ireland?

The secondary reporting mechanism applies where no surrogate parent entity or EU designated entity has been appointed and one or more of the following circumstances apply:

- A. the ultimate parent entity of an MNE Group is not required to provide a CbC Report in its jurisdiction of tax residence;
- B. the jurisdiction in which the ultimate parent entity of that MNE Group is resident for tax purposes does not have a qualifying competent authority agreement in effect with Ireland (by the due date for filing the CbC Report) that provides for the exchange of CbC Reports⁹; or
- C. there has been a systemic failure by the jurisdiction of tax residence of the ultimate parent entity of that MNE Group to provide the CbC Reports in its possession and Revenue has notified the Irish tax resident constituent entity that such a failure has occurred.

For the fiscal year 2016, an ultimate parent entity of an MNE Group that is not required to file a CbC Report for that year under the laws of its country of residence may, depending on the country of its residence, file a CbC Report on a voluntary basis (referred to as '**parent surrogate filing**'). Refer to paragraph 15 for details of when a parent surrogate filing may result in the non-application of the secondary reporting mechanism in Ireland.

13 What are the requirements under the secondary reporting mechanism in Ireland?

The Irish CbC Reporting Legislation requires that, where the conditions for the secondary reporting mechanism apply, the domestic constituent entity must request its ultimate parent entity to provide it with all the information required to enable it to prepare a CbC Report with information on the whole MNE Group. Where the ultimate entity complies with this request, the domestic constituent entity must provide a full CbC Report to the Revenue Commissioners for the MNE Group. However, where the ultimate parent entity refuses to comply with the request, the domestic constituent entity must:

- i. notify the Revenue Commissioners of this refusal, and
- ii. provide an Equivalent CbC Report to the Revenue Commissioners (see paragraph 14).

⁹ This condition will be applied in a manner consistent with the BEPS Action 13 Final Report. As such, it will apply in circumstances where (i) there is an international agreement, as defined in Article 1 of the OECD Model Legislation, in place to which Ireland and the jurisdiction of tax residence of the ultimate parent entity are party; and (ii) the jurisdiction of tax residence of the ultimate parent entity does not have a qualifying competent authority agreement in effect with Ireland.

The Regulations also provide that, where a domestic constituent entity fails to make a request to its ultimate parent entity to provide it with all information required to enable it to prepare a full CbC Report, the penalties provided by subsection (7) of S891H TCA 1997 shall apply to this failure as if it were a failure to provide a CbC Report. In addition, where the ultimate parent entity receives the request but does not provide the requested information within 12 months after the last day of the fiscal year to which the CbC Report relates, that will be deemed to be a refusal.

Upon being notified of the refusal referred to in i. above, Revenue will inform other EU Member States of the refusal. Entities who are required to make the notification of refusal to Revenue should also include certain information relating to its ultimate parent entity in Table 3 of the Equivalent CbC Report. Refer to paragraphs 14 or 17 for the details of the information which should be included.

14 What is an “Equivalent CbC Report” and what information should it contain?

An Equivalent CbC Report is defined in Section 891H TCA 1997 as “*a country-by-country report, but only to the extent the information required to be included in that report is within the possession of, or is obtained or acquired by, a domestic constituent entity*”.

This essentially means that an Irish tax resident domestic constituent entity obliged to file under the secondary reporting mechanism, and whose parent has refused to provide it with all the information required to provide a full CbC report for the MNE Group, is required to include on the CbC Report (i) all information that is within its possession and (ii) all information, in respect of which it has an enforceable legal right to obtain or acquire from other group entities (with the exception of legally privileged information). It is Revenue’s expectation that an Equivalent CbC Report will include *inter alia* information relating to the Irish tax resident constituent entity and its subsidiaries.

The Irish tax resident domestic constituent entity obliged to file an Equivalent CbC report under the secondary reporting mechanism may wish to summarise in Table 3 (Additional Information) of the Equivalent CbC Report the approach which it has taken to the completion of the Equivalent CbC Report and to provide an explanation as to the data which it could not obtain and the reasons for same. In addition, the following information should be listed in relation to its ultimate parent entity:

- the name of the ultimate parent entity,
- the jurisdiction of tax residence of the ultimate parent entity, and

- the fact that the ultimate parent entity has refused to provide all of the information to allow the reporting entity to file a complete CbC Report.

It is Revenue's view that an Irish tax resident domestic constituent entity is best placed to determine what information it can provide on the Equivalent CbC Report having regard to the specific facts and circumstances of the Irish tax resident constituent entity. Revenue expects the domestic constituent entity to take a reasonable, practical and consistent approach. The onus is on the domestic constituent entity to ensure that the Equivalent CbC Report is complete and accurate.

15 Will the secondary reporting mechanism apply if an ultimate parent entity of an MNE Group files a CbC Report on a voluntary basis in its country of residence in respect of the 2016 fiscal year?

It is acknowledged that some jurisdictions do not have a legal framework in place to require an ultimate parent entity resident in that country to file a CbC Report for a fiscal year commencing on or after 1 January 2016. Following OECD guidance published in August 2016, [Guidance on the Implementation of Country-by-Country Reporting](#), Revenue accepts that where an ultimate parent entity of an MNE Group files a CbC Report for its 2016 fiscal year on a voluntary basis in its country of residence (i.e. parent surrogate filing), and provided a number of conditions are met, domestic constituent entities resident in Ireland will not be required to file an Equivalent CbC Report under the secondary reporting mechanism for that year. The conditions that must be satisfied are:

1. the ultimate parent entity of the MNE Group makes available a CbC Report conforming to the requirements of the BEPS Action 13 Final Report to the tax authority of its jurisdiction of tax residence by the filing deadline, i.e. 12 months after the last day of the 2016 fiscal year of the MNE Group; and
2. by the first filing deadline of the CbC Report, the jurisdiction of tax residence of the ultimate parent entity must have its laws in place to require CbC Reporting (even if the filing of a CbC Report for the 2016 fiscal year is not required under those laws); and
3. by the first filing deadline of the CbC Report for the fiscal year 2016, a qualifying competent authority agreement must be in effect between the jurisdiction of tax residence of the ultimate parent entity and Ireland; and
4. the jurisdiction of tax residence of the ultimate parent entity has not notified Revenue of a systemic failure; and

5. an Irish tax resident constituent entity of the MNE Group must, by the last day of the fiscal year, notify Revenue of the name and jurisdiction of tax residence of the reporting entity. Refer to paragraph 30 below for further detail on CbC Reporting notifications.

16 What is an EU designated entity and what are its obligations?

In addition to the OECD requirements for secondary reporting, DAC 4 provides that, where the conditions for the secondary reporting mechanism apply, an MNE Group can appoint an “EU designated entity” to file the report on behalf of all **EU constituent entities** of a non-EU parent MNE Group. EU designated entity reporting is provided for in Regulation 5.

Regulation 5 requires an EU designated entity resident for tax purposes in Ireland to provide a CbC Report to the Revenue Commissioners. Regulation 5 also provides that a domestic constituent entity (which has not been appointed as an EU designated entity) is not required to file a CbC Report or equivalent CbC Report with the Revenue Commissioners under the secondary reporting mechanism in the following circumstances:

- i. Where an Irish resident EU designated entity of the same MNE Group has provided a full CbC Report on behalf of the MNE Group to the Revenue Commissioners; or
- ii. an EU designated entity resident in another EU Member State provides a CbC Report for the MNE Group in its jurisdiction of tax residence and the domestic constituent entity provides a notification to the Revenue Commissioners containing details of the reporting entity for the MNE Group (see paragraph 30 for more details on notifications).

17 Is there any specific guidance on how to complete the CbC Report / Equivalent CbC Report?

It should be borne in mind that the CbC Report is intended to apply for a multitude of entity types across a broad range of industries. Therefore, it is not practical to draft guidance on the completion of CbC Reports / Equivalent CbC Reports that provides a definitive answer for every type of entity / industry.

The BEPS Action 13 Final Report (page 31) includes detailed instructions and guidance on how to complete CbC Reports and should be reviewed in full in advance of completing CbC Reports / Equivalent CbC Reports. In addition, these FAQs address some specific questions which may arise when completing CbC Reports / Equivalent CbC Reports.

The reporting entity / domestic constituent entity should adopt a reasonable, practical and consistent approach to completion of CbC Reports / Equivalent CbC Reports. Furthermore, the reporting entity / domestic constituent entity should complete CbC Reports / Equivalent CbC Reports to the best of its ability, taking into account the guidance provided in the BEPS Action 13 Final Report, having regard to the specific facts and circumstances of the MNE Group and the industry in which it operates. The onus is on the reporting entity / domestic constituent entity to ensure that the CbC Report / Equivalent CbC Report is complete and accurate.

A. What should be included in the “revenues” column on Table 1 of the CbC Report / Equivalent CbC Report?

In line with the BEPS Action 13 Final Report, “revenues” should include income from sales of inventory and properties, services, royalties, interest, premiums and any other amounts. Payments received from other constituent entities that are treated as dividends in the payor’s tax jurisdiction should be excluded.

The term “revenues” should be interpreted in the broadest possible sense to include all income (both revenue and capital in nature, but excluding payments that are treated as dividends in the payor’s tax jurisdiction).

Revenue is of the view that Irish resident constituent entity of an MNE Group is best placed to interpret the definition of “revenues”, taking into account the guidance provided in the BEPS Action 13 Final Report, having regard to the specific facts and circumstances of the MNE Group and the industry in which it operates. Revenue expects the reporting entity / domestic constituent entity to take a reasonable, practical and consistent approach. The onus is on the reporting entity / domestic constituent entity to ensure that the CbC Report / Equivalent CbC Report is complete and accurate.

B. How should in-country intercompany transactions be reflected in Table 1 of the CbC Report / Equivalent CbC Report?

In accordance with the BEPS Action 13 Final Report, all columns in Table 1 require the reporting entity / domestic constituent entity to include aggregated results on a country by country basis. In particular, for the purposes of completing Table 1, financial results of all intercompany dealings within the same country must be aggregated and not consolidated. Table 3 (Additional Information) of the CbC Report / Equivalent CbC Report can be utilised to explain levels of in-country intercompany dealings, if required.

C. In what circumstances should contractors or employees on secondment be included as employees of a particular constituent entity?

In line with the BEPS Action 13 Final Report, independent contractors participating in the ordinary operating activities of the constituent entity may be reported as employees.

Revenue is of the view that reporting entity / domestic constituent entity is best placed to decide whether contractors participate in the ordinary operating activities of the business and therefore should be included as employees on the CbC Report / Equivalent CbC Report.

Similarly with regard to employees that have been seconded within an MNE Group, from one group entity to another group entity, again the reporting entity/ domestic constituent entity is best placed to decide in which entity's headcount seconded employees should be included for the purposes of the CbC Report / Equivalent CbC Report.

As noted above, reporting entity / domestic constituent entity should adopt a reasonable, practical and consistent approach to completion of CbC Reports / Equivalent CbC Reports. Furthermore, the reporting entity / domestic constituent entity should complete CbC Reports / Equivalent CbC Reports to the best of their ability, taking into account the guidance provided in the BEPS Action 13 Final Report, having regard to the individual facts and circumstances of the MNE Group and the industry in which it operates. The onus is on the reporting entity / domestic constituent entity to ensure that the CbC Report / Equivalent CbC Report is complete and accurate.

D. What should be included in Table 3 (Additional Information) of the CbC Report / Equivalent CbC Report?

The reporting entity / domestic constituent entity may wish to include any further brief information or explanation which it considers necessary or that would facilitate the understanding of the compulsory information provided in the CbC Report.

There is however some specific information that should be included in Table 3 in certain circumstances:

- I. Where a reporting entity has filed an Equivalent CbC Report, the following information should be listed in Table 3:
 - the name of the ultimate parent entity,
 - the jurisdiction of tax residence of the ultimate parent entity, and
 - the fact that the ultimate parent entity has refused to provide all of the information to allow the reporting entity to file a complete CbC Report.
- II. Where a reporting entity is filing a CbC Report for a fiscal period that does not match the calendar year, i.e. 1 January to 31 December, the reporting entity should include the fiscal period to which the CbC Report relates in Table 3. For example, if the fiscal period for which the reporting entity is filing a CbC Report is 1 April to 31 March, this information should be included in Table 3.

E. How should permanent establishment (including branch) data be reflected on Table 1 of the CbC Report / Equivalent CbC Report?

In line with the BEPS Action 13 Final Report, permanent establishment data should be reported by reference to the tax jurisdiction in which the permanent establishment is situated and not by reference to the tax jurisdiction of residence of the business unit of which the permanent establishment is a part. Residence tax jurisdiction reporting for the business unit of which the permanent establishment is a part should exclude financial data related to the permanent establishment.

The BEPS Action 13 Final Report sets out specific rules with regard to the balance sheet items on Table 1, that is, Stated Capital, Accumulated Earnings and Tangible Assets other than Cash and Cash Equivalents. The specific rules with regard to permanent establishments are as follows:

- ***Stated Capital:*** The stated capital of the permanent establishment should be reported by the legal entity of which it is a permanent establishment unless there is a defined capital requirement in the permanent establishment tax jurisdiction for regulatory purposes.
- ***Accumulated Earnings:*** Accumulated earnings of the permanent establishment should be reported by the legal entity of which it is a permanent establishment.
- ***Tangible Assets other than Cash and Cash Equivalents:*** Assets of the permanent establishment should be reported by reference to the tax jurisdiction in which the permanent establishment is situated.

F. What information should be included in the Income Tax Accrued column on Table 1 of the CbC Report/Equivalent CbC Report?

In accordance with the BEPS Action 13 Final Report this column should contain the sum of the accrued current tax expense or credit recorded on taxable profits or losses. The current tax expense or credit should reflect only operations in the current year and should not include deferred taxes or provisions for uncertain tax liabilities.

G. What factors should be used to classify the main business activity of group entities?

The reporting entity / domestic constituent entity should determine the nature of the main business activity / activities carried on by each of the constituent entities in the MNE Group and should tick one or more of the appropriate boxes on Table 2 of the CbC Report / Equivalent CbC Report. Where the "Other" business activity is selected for one or more constituent entities, the reporting entity/domestic constituent entity should specify the nature of the activity of such constituent entity / entities in Table 3 of the CbC Report / Equivalent CbC Report.

Revenue is of the view that the reporting entity / domestic constituent entity is best placed to determine which combination of factors should be taken into account when determining the nature of the main business activity / activities carried on by each constituent entity, taking into account the guidance provided in the BEPS Action 13 Final Report, having regard to the specific facts and circumstances of the MNE Group and the industry in which it operates. Revenue expects the reporting entity / domestic constituent entity to take a reasonable, practical and consistent approach. The onus is on the reporting entity / domestic constituent entity to ensure that the information provided in the CbC Report / Equivalent CbC Report is complete and accurate.

18 What sources of data should be used to complete the CbC Report / Equivalent CbC Report?

The reporting entity / domestic constituent entity may choose to use data from its consolidation reporting packages, from separate entity statutory financial statements, regulatory financial statements, or internal management accounts.

Revenue is of the view that the reporting entity / domestic constituent entity is best placed to decide which approach works best for that particular MNE Group, taking into account the guidance provided in the BEPS Action 13 Final Report, having regard to the specific facts and circumstances of the MNE Group and the industry in which it operates. Revenue expects the reporting entity / domestic constituent entity to take a reasonable, practical and consistent approach. In particular, the reporting entity / domestic constituent entity should consistently use the same sources of data from year to year in completing the CbC Report / Equivalent CbC Report. The onus is on the reporting entity / domestic constituent entity to ensure that the information provided in the CbC Report / Equivalent CbC Report is complete and accurate.

19 Will Revenue seek to reconcile the CbC Report / Equivalent CbC Report to the consolidated accounts of an MNE Group?

In accordance with the BEPS Action 13 Final Report, it is not necessary to reconcile the revenue, profit and tax reported in the CbC Report / Equivalent CbC Report to the consolidated financial statements.

The requirement to disclose aggregated figures, as opposed to consolidated numbers, means that, even where consolidated financial statements are the source of information used in the CbC Report / Equivalent CbC Report, the CbC Report / Equivalent CbC Report may not reconcile to the consolidated accounts.

20 How should the CbC Reporting rules be applied to investment funds?

Guidance published by the OECD in August 2016¹⁰ confirms that the application of CbC Reporting to investment funds will depend on the relevant accounting treatment. The governing principle is to follow the accounting consolidation rules.

If, applying accounting rules, an investment entity does not consolidate investee companies, then those investee companies should not form part of an MNE Group and should not be considered constituent entities. However, if the accounting rules require that the investment entity consolidates with an investee company, the investee company should be part of an MNE Group (where one exists) and should therefore be considered a constituent entity.

21 How should the CbC Report / Equivalent CbC Report be filed?

CbC Reports / Equivalent CbC Reports in Ireland must be filed electronically via ROS. Refer to Appendix V for a Step-by-Step Guide to filing CbC Reports / Equivalent CbC Reports.

CbC Reports / Equivalent CbC Reports should be completed in XML format in accordance with the OECD CbC Reporting XML Schema (“the **XML Schema**”). The XML Schema is the OECD’s standardised electronic format for the exchange of CbC Reports between jurisdictions and is available for download [here](#).

The OECD have also published a “CbC Reporting XML Schema: User Guide for Tax Administrations and Taxpayers¹¹” (the “**XML User Guide**”). This XML User Guide explains, in detail, the information required to be included in each CbC data element to be reported in the XML Schema and should be consulted when preparing CbC Reports / Equivalent CbC Reports. The user guide is available [here](#).

See paragraph 26 for details on when CbC Reports / Equivalent CbC Reports should be filed with Revenue and further details on the CbC Reporting filing system.

¹¹ <http://www.oecd.org/ctp/beps/country-by-country-reporting-xml-schema-user-guide-for-tax-administrations.htm>

22 The XML Schema User Guide states that a tax administration may issue guidance for the domestic reporting of CbC Reports. Is there any Irish Revenue guidance that should be followed for any elements within the CbC XML Schema?

To ensure a CbC XML file passes validation and to provide for the possible amendment of the file, there are a number of elements within a CbC XML file for which unique values should be used. To ensure that unique values are used, Revenue has produced naming conventions for the relevant elements and these can be found in Appendix IV. When preparing the naming conventions, filers should note the character and character combination restrictions set out in paragraph 23.

23 Are there any character restrictions or combination of characters which should not be included in a CbC Report / Equivalent CbC Report?

If a CbC XML file contains one or more of the following characters, their presence will cause the file to be rejected. These characters should be replaced by the following predefined entity references to conform to XML schema best practices.

Character	Description	Entity Reference
&	Ampersand	&
<	Less Than	<

If a CbC XML file contains one or more of the following characters, their presence will not cause a file error. However, we recommend that the characters are replaced by the following predefined entity references to conform to XML schema best practices.

Character	Description	Entity Reference
>	Greater Than	>
'	Apostrophe	'
"	Quotation Mark	"

If a CbC XML file contains one of the following combinations of characters, the file will be rejected. These combinations of characters are not allowed. To prevent file errors, please do not include any of these combinations of characters.

Character	Description	Entity Reference
--	Double Dash	N/A
/*	Slash Asterisk	N/A
&#	Ampersand Hash	N/A

24 Is it possible to amend or delete a CbC Report / Equivalent CbC Report after it has been submitted?

Corrections and deletions to CbC Reports / Equivalent CbC Reports that are to be submitted domestically to Revenue should be prepared in accordance with Section VI of the XML User Guide.

25 What character encoding should I use when compiling my CbC XML file?

Character encoding should be UTF-8 without a Byte Order Mark for all CbC XML files.

26 When must a CbC Report / Equivalent CbC Report be filed with Revenue?

In accordance with Regulation 8 of the Regulations, CbC Reports / Equivalent CbC Reports must be filed with Revenue no later than 12 months after the last day of the fiscal year to which the CbC Report / Equivalent CbC Report relates. For example, a CbC Report / Equivalent CbC Report for the fiscal year ended 31 December 2016 must be filed with Revenue no later than 31 December 2017. Refer to Appendix II for a more detailed example.

The first CbC Reports / Equivalent CbC Reports were due to be filed by relevant taxpayers in Ireland by 31 December 2017. An electronic CbC Reporting filing system was developed by Revenue and the system includes a standard validation module that was provided by the EU Commission. Taxpayers were made aware by virtue of e-Brief 107/17¹² that, due to late changes to the CbC Reporting

schema, the final version of the validation module was delayed and as a result of this delay the filing facility for CbC Reports was not opened until December 2017.

Due to the late availability of the CbC Reporting filing facility, taxpayers were alerted by e-Brief 101/17¹³, that the system would accept CbC Reports / Equivalent CbC Reports for fiscal years ending in 2016 filed up to 28 February 2018 as being on time.

It should be noted that the CbC Reports / Equivalent CbC Reports can be prepared in advance of the filing date using the XML Schema.

27 Short/long accounting periods

Where the accounting period of an MNE Group is less than 12 months the threshold of €750 million (see paragraph 2) should be prorated.

The filing deadline for the CbC Report / Equivalent CbC Report remains the same i.e. 12 months after the last day of the accounting period.

In line with OECD guidance,¹⁴ published in September 2017, transitional relief is available for MNE Groups with a short accounting period that starts on or after 1 January 2016 and ends before 31 December 2016. In these circumstances, the reporting entity may file the CbC Report / Equivalent CbC Report in accordance with the same timelines as for MNE Groups with a fiscal year ending on 31 December 2016.

Where an MNE group has a financial accounting period greater than 12 months, as a result of transitioning to a new financial year end date, the CbC Report / Equivalent CbC Report should be prepared and filed for that long period.

Please see paragraph 17 (D)(ii) for how a short or long accounting period should be reflected on CbC Reports / Equivalent CbC Reports

28 What happens if the ultimate parent entity of an MNE Group changes during a fiscal year?

The ultimate parent entity is always identified by reference to the last day of the fiscal year to which the CbC Report relates. Therefore, for an MNE Group with a fiscal year end of 31 December 2016, the ultimate parent entity is identified by reference to the date of 31 December 2016.

It should be noted that the ultimate parent entity of an MNE Group may change from one fiscal year to the next or part way through a fiscal year as a result of

e.g. a takeover. An MNE Group should be cognisant of the impact changing ultimate parent entities may have on CbC Reporting obligations, in particular, where the jurisdiction of tax residence of the ultimate parent entity changes. Where a change in the ultimate parent entity of an MNE Group occurs, the MNE Group should carefully review its obligations with regard to making notifications and filing CbC Reports / Equivalent CbC Reports.

In particular, where an ultimate parent entity of an MNE Group changes part way through a fiscal year Revenue expects the following to apply:

- The ultimate parent entity of the acquired MNE Group should file a CbC Report including data for that MNE Group up to the date of takeover.
- The ultimate parent entity of the acquirer MNE Group should file a CbC Report as normal for its fiscal year. That CbC Report will include data for the constituent entities of the acquired MNE Group from the date of acquisition until the end of the fiscal year.

29 What penalties apply for the non-filing of a CbC Report / Equivalent CbC Report or when the CbC Report / Equivalent CbC Report is incorrect or incomplete?

Section 891H (7) TCA 1997 of the Legislation deals with penalties.

The penalty for failure to file a CbC Report / Equivalent CbC Report is €19,045 plus €2,535 for each day the failure continues. The penalty for filing an incomplete or incorrect CbC Report / Equivalent CbC Report is €19,045.

30 What notifications are required for CbC Reporting purposes in Ireland?

Regulation 6 of the Regulations deals with notification obligations.

In summary, the CbC Reporting notification obligations in Ireland are as follows:

- A. Where the ultimate parent entity of the MNE Group is tax resident in Ireland, then the ultimate parent entity must notify Revenue that it is the reporting entity.
- B. Where a surrogate parent entity has been appointed and that surrogate parent entity is tax resident in Ireland, then that surrogate parent entity must notify Revenue that it is the reporting entity.
- C. Where an EU designated entity has been appointed and that EU designated entity is tax resident in Ireland, then that EU designated entity must notify Revenue that it is the reporting entity.

- D. All domestic constituent entities must notify Revenue of the name and jurisdiction of tax residence of the reporting entity as well as whether it is an ultimate parent entity, surrogate parent entity, EU designated entity or a domestic constituent entity.

Regulation 6 provides that where there is more than one domestic constituent entity, and provided the **secondary reporting mechanism does not apply**, the MNE Group may nominate one such entity to make the notification required under D above on behalf of all other domestic constituent entities. Regulation 6 also allows an ultimate parent entity, surrogate parent entity, EU designated entity, which is making a notification required under A, B or C above, to make the notification required under D on behalf of all domestic constituent entities.

31 What is the deadline for making CbC Reporting notifications to Revenue?

All notifications must be made no later than the last day of the fiscal year to which the CbC Report / Equivalent CbC Report relates. For example, for CbC Reports / Equivalent CbC Reports relating to the fiscal year ended 31 December 2016, notifications must be made to Revenue no later than 31 December 2016. Refer to Appendix II for a more detailed example.

Any notifications required under the Irish CbC Reporting Legislation must be made for each fiscal year. For example if an Irish tax resident UPE of an the MNE Group, has notified Revenue that it is the reporting entity for the fiscal year ended 31 December 2016 it must again, before 31 December 2017, notify Revenue that it is the reporting entity for the fiscal year ending 31 December 2017.

In recognition that there may be problems identifying the reporting entity for some MNE Groups as many other jurisdictions do not have their legislation in place yet, and Qualifying Competent Authority Agreements may also not be in place, Revenue can confirm that, as a transitional arrangement, domestic constituent entities should provide a notification based on a preliminary assessment of the identity and tax residence of the reporting entity. If this proves not to be correct, that entity should submit a replacement notification (refer to paragraph 33) to Revenue based on new information as soon as possible.

32 How should CbC Reporting notifications be made to Revenue?

Notifications required in accordance with Irish CbC Reporting Legislation must be submitted electronically via ROS. Refer to Appendix III for a Step-by-Step Guide to making CbC Reporting notifications. It should be noted that, in line with the XML schema, both the Step-by-Step Guide and ROS refer to reporting period rather than fiscal year.

33 Is it possible to amend, replace or delete a CbC Reporting notification after it has been submitted?

With effect from 25 November 2017, it is possible to **replace** a CbC Reporting notification after it has been submitted to Revenue via ROS. Therefore, where an ultimate parent entity/surrogate parent entity/EU designated entity/domestic constituent entity detects an error in a notification submitted to Revenue, that entity should submit a replacement notification.

Refer to Section III of the Step-by-Step Guide to making CbC Reporting Notifications in Appendix III for detail on how to replace a CbC Reporting notification.

Users should be aware that it is only possible to submit a replacement notification where a CbC Report has not been filed in connection with the CbC Reporting notification or, in cases where a CbC Report has been filed, where that CbC Report has subsequently been deleted.

If a CbC Reporting notification has been submitted to Revenue but the entity is not required to file a CbC Report / Equivalent CbC Report for the reporting period, please contact technical support using [MyEnquires](#) through the Revenue Online Service (ROS), applying the references highlighted below:

34 How will Revenue obtain CbC Reports for Irish subsidiaries / permanent establishments of an MNE Group where the reporting entity is not tax resident in Ireland?

Assuming the secondary reporting mechanism does not apply (refer to paragraph 12), where the reporting entity is not tax resident in Ireland, Revenue will receive the CbC Report from the competent authority in the jurisdiction in which the reporting entity is tax resident under automatic exchange of information provisions.

35 Will Revenue exchange CbC Reports filed in Ireland with other tax authorities?

Section 891H (10) TCA1997 allows Revenue to exchange CbC Reports with the Competent Authorities of other jurisdictions under automatic exchange of information provisions provided, on the basis of the information in the CbC Report, one or more constituent entities of the MNE Group are either resident for tax purposes, or are subject to tax with respect to the business carried out through a permanent establishment. Refer to paragraph 37 for information regarding exchange of Equivalent CbC Reports.

36 What conditions must be satisfied before Revenue automatically exchanges CbC Reports with other tax jurisdictions?

There must be a qualifying competent authority agreement in effect by the due date for filing CbC Reports.

A qualifying competent authority agreement is defined in the BEPS Action 13 Final Report as an agreement that is between authorised representatives of those jurisdictions that are party to an International Agreement (i.e. a Double Tax Agreement, Tax Information Exchange Agreement or the Multilateral Convention for Mutual Administrative Assistance in Tax Matters) and (ii) that requires the automatic exchange of CbC Reports between the party jurisdictions.

In most cases, jurisdictions have signed the Multilateral Competent Authority Agreement (“**MCAA**”) for the exchange of CbC Reports. As at December 2017, 68 jurisdictions (including Ireland) already signed the MCAA and more may sign up at a later date. A list of the jurisdictions that have signed up to the MCAA can be found on the OECD website [here](#).

Jurisdictions may also enter into bilateral arrangements for the exchange of CbC Reports. As of 14 December 2017, Ireland signed 1 bilateral Competent Authority Arrangement to exchange CbC Reports and this is with the United States and a Memorandum of Understanding to receive Country-by-Country Reports from Hong Kong. A copy of the CAA with the United States can be found on the Revenue website [here](#).

As of April 2018, over 1,500 bilateral exchange relationships have been activated with respect of jurisdictions committed to exchanging CbC Reports, with first exchanges scheduled to take place in 2018. The OECD has produced a list of activated exchange relationships which can be sorted and displayed from both the perspective of a particular sending jurisdiction or a particular receiving jurisdiction. The list will be updated regularly by the OECD and can be found [here](#).

37 Will Equivalent CbC Reports be exchanged with other tax authorities?

In accordance with DAC 4, Revenue is required to exchange Equivalent CbC Reports with any EU Member State in which, on the basis of the information contained in the Equivalent CbC Report, one or more of the constituent entities of the MNE Group are either: resident for the purposes of tax; or subject to tax with respect to business carried on through a Permanent Establishment.

Where an Equivalent CbC Report contains only information on Irish subsidiaries and/or non-EU entities it will not be subject to exchange.

38 How will Revenue safeguard the confidentiality of information provided on CbC Reports / Equivalent CbC Reports?

Section 851A TCA 1997 provides that all taxpayer information is confidential and may only be disclosed in accordance with the law. The information contained on CbC Reports / Equivalent CbC Reports will be treated in the same manner as all other taxpayer information provided to / received by Revenue.

With regard to information provided to other tax authorities under automatic exchange of information provisions, although the MCAA is multilateral, the exchanges of actual CbC Reports will be bilateral and the MCAA includes a mechanism that allows each jurisdiction to retain control over which jurisdictions they undertake exchanges with.

In addition, the MCAA provides that all information exchanged is subject to the confidentiality rules and other safeguards provided for in the Convention on Mutual Administrative Assistance in Tax Matters.

39 What will the information provided on a CbC Report / Equivalent CbC Report be used for?

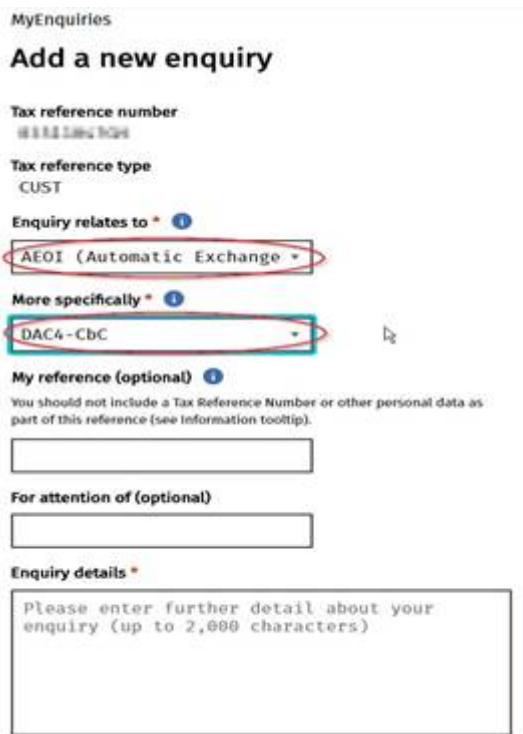

The BEPS Action 13 Final Report sets out three permitted uses for information contained in CbC Reports, namely:

- to assess high level transfer pricing risk;
- to assess other BEPS-related risks; and
- for economics and statistical analysis.

Ireland is committed to using information provided on CbC Reports / Equivalent CbC Reports in accordance with the permitted uses. Revenue will not use CbC Reporting data, by itself, to make adjustments to the income of a taxpayer.

APPENDIX I - OECD Model Legislation / Irish CbC Reporting Legislation - Key Terms

“Constituent entity” means (i) any separate business unit of an MNE Group that is included in the Consolidated Financial Statements of the MNE Group for financial reporting purposes or would be so included if equity interests in such business unit were traded on a public securities exchange; (ii) any such business unit that is excluded from the MNE Group's Consolidated Financial Statements solely on size or materiality grounds; and (iii) any permanent establishment of any separate business unit of the MNE Group that is included in (i) or (ii) above provided the business unit prepares a separate financial statement for such permanent establishment for financial reporting, regulatory, tax reporting, or internal management control purposes.

“Domestic constituent entity” means a constituent entity, which is resident for tax purposes in the State, but does not include an ultimate parent entity or a surrogate parent entity.

“EU designated entity” means a constituent entity of an MNE group, not being an ultimate parent entity or surrogate parent entity, that –

(a) is resident in a Member State for tax purposes, and

(b) has been designated as an entity by that MNE group to provide a country-by-country report on behalf of all constituent entities of the MNE group resident for tax purposes in a Member State.

“Surrogate parent entity” means one constituent entity of the MNE Group that is appointed by such group, as a sole substitute for the ultimate parent entity, to file the CbC report in its jurisdiction of tax residence on behalf of such MNE Group.

“Ultimate parent entity” means a constituent entity of an MNE Group that owns directly or indirectly a sufficient interest in one or more other constituent entities of such MNE Group such that it is required to prepare consolidated financial statements under accounting principles generally applied in its tax residence jurisdiction, or would be so required if its equity interests were traded on a public securities exchange in its tax residence jurisdiction, where there is no other constituent entity of such MNE Group that owns directly or indirectly such an interest in the first constituent entity.

APPENDIX II - Notification / Filing Deadlines - Example

What are the CbC Reporting notification and filing obligations of an Irish tax resident constituent entity which forms part of an MNE Group with a 12-month fiscal year/reporting period ended 31 December 2016?

The notification and filing obligations the Irish tax resident constituent entity will depend on the status of the entity, as follows:

1. Irish tax resident constituent entity is the **ultimate parent entity** or the **surrogate parent entity** of an MNE Group

Notification deadline	31 December 2016
Filing Deadline – CbC Report	31 December 2017

2. The Irish tax resident constituent entity is **neither** the ultimate parent entity nor the surrogate parent entity.

Notification deadline – details of reporting entity	31 December 2016
Filing Deadline – CbC Report	N/a – Revenue will receive CbC Report via automatic exchange of information channels

3. The Irish tax resident constituent entity is **neither** the ultimate parent entity nor the surrogate parent entity and the **secondary reporting mechanism** applies.

Notification deadline – details of reporting entity ¹⁵	31 December 2016
Filing Deadline – Equivalent CbC Report	31 December 2017

¹⁵If it is known by the notification date that the secondary reporting mechanism will apply because any of the circumstances outlined in paragraph 12 are present, Revenue expects to be notified that the domestic constituent entity is the reporting entity.

APPENDIX III Step-by-Step Guide to making Notifications in accordance with Regulation 6 of the Country-by-Country (“CbC”) Reporting Regulations

The annual notification obligations of all Irish tax resident entities that are part of an MNE group, to which CbC Reporting applies, are set out in paragraph 30 above. (For the purposes of this Step-by-Step Guide “entity” refers to an Irish ultimate parent entity, surrogate parent entity, EU designated entity or domestic constituent entity, unless otherwise specified.)

As noted in paragraph 30, all CbC Reporting notifications must be made online via ROS. Where an entity does not have an Irish tax reference number (e.g. a dormant entity), but is obliged to make a CbC Reporting notification, it can register with Revenue as a “reporting entity” solely for the purposes of making a CbC Reporting notification and filing a CbC Report / Equivalent CbC Report in due course (where applicable).

As noted in paragraph 30 above, it is possible for one entity (ultimate parent entity, surrogate parent entity, EU designated entity or domestic constituent entity) to make the CbC Reporting notification on behalf of all Irish entities in an MNE Group. Therefore, it is possible for an entity which already has a tax reference number and is registered for ROS to make the CbC Reporting notification(s) on behalf of all Irish entities in that MNE Group including any unregistered/dormant entities.

CbC Reporting Notifications Process – Summary

All CbC Reporting notifications must be submitted online via ROS.

The following steps are involved:

- **Step 1:** Register as a reporting entity and register for ROS (this step only applies where an entity is not already registered for tax and does not have a tax reference number/cannot access ROS, but is obliged to submit a CbC Reporting notification).
- **Step 2:** Register a CbC Reporting Obligation.
- **Step 3:** Complete and submit the CbC Reporting Notification Form.

Steps 1 and 2 vary slightly depending on whether the user of the system is an entity or an agent. Step 3 is the same for all users of the system regardless of whether the user is an entity or an agent.

- Refer to **Section 1** where the user of the system is an **entity**.
- Refer to **Section 2** where the user of the system is an **agent**.
- **Section 3** applies to **both entities and agents**.

SECTION 1: ENTITIES SUBMITTING CBC REPORTING NOTIFICATIONS

This section is only relevant where the user of the system is an entity, that is, the ultimate parent entity, surrogate parent entity, EU designated entity or domestic constituent entity. If the user of the system is an agent, please refer to Section 2 below.

1.1 Register as a reporting entity and register for ROS

As noted in paragraph 30 above, it is possible for one entity (ultimate parent entity, surrogate parent entity, EU designated entity or domestic constituent entity) to make the CbC Reporting notification on behalf of all Irish entities in an MNE Group. Therefore, it is possible for an entity which already has a tax reference number and is registered for ROS to make the CbC Reporting notification(s) on behalf of all Irish entities in that MNE Group including any unregistered/dormant entities.

If the Irish entities in an MNE Group wish to avail of this option go to step 1.2 below.

1.1.1 Register as a reporting entity¹⁶

This step is only relevant if the entity does not have a tax reference number, that is, it is not registered for tax. If the entity has a tax reference number go to step 1.1.2 below.

If the entity does not have a tax reference number and is not registered for ROS, but is obliged to make a CbC Reporting notification, the entity must register with Revenue as a 'reporting entity'. This process should not be confused with a tax registration. Where an entity registers as a reporting entity, it will only be able to fulfil its CbC Reporting obligations, that is, it will not be possible to use this number to register for any taxes (e.g. corporation tax / VAT).¹⁷

In order to register as a reporting entity, the entity must contact Revenue's VIMA (VIES, Intrastat and Mutual Assistance) office – see contact details in paragraph 40 above. The entity will be issued with a reporting entity registration number, which will be in the format of 7 digits followed by 2 letters (e.g. 1234567AA).

1.1.2 Register for ROS

This step is only relevant if the entity is not already registered for ROS. If the entity is registered for ROS go to step 1.2 below.

The entity must register for ROS using the reporting entity registration number provided by Revenue. If the entity already has a tax reference number, but is not registered for ROS, the entity must register for ROS using its tax reference

¹⁶ The term "reporting entity" in this context should not be confused with the same term as defined in the Irish CbC Reporting Legislation. For the purposes of ROS, a reporting entity (in the context of CbC Reporting) is an entity which receives a reporting entity registration number from Revenue for the purposes of making a CbC Reporting notification and/or filing a CbC Report / Equivalent CbC Report on ROS.

¹⁷ If an entity (e.g. a dormant entity) registers as a reporting entity for the purposes of fulfilling its CbC Reporting obligations and subsequently requires to register for tax (e.g. if the entity commences to trade), the entity should de-register as a reporting entity on ROS and re-register on ROS for the appropriate tax.

number; the entity should NOT request a separate reporting entity registration number.

Details on how to register for ROS are available on the Revenue website (www.revenue.ie). In Step 1 of the ROS registration process (Apply for your ROS Access Number (RAN)), the entity should select “**DAC4-CbC**” in the drop-down box entitled “**Tax Type/Approval No.**” in Section A.

1.2 Register a CbC Reporting Obligation

This step can only be completed once the entity is registered for ROS. If the entity is not registered for ROS, refer to step 1.1 above.

Follow steps 1.2.1 to 1.2.10 to register a CbC Reporting Obligation.

1.2.1 Log into ROS.

1.2.2 Under the “My Services” tab, select “**Manage Reporting Obligations**” from the list of services on the left-hand side of the screen.

The screenshot displays the Revenue website interface. At the top, there is a navigation bar with the Revenue logo and the text 'Cáin agus Custaim na hÉireann Irish Tax and Customs'. A notification 'Tax Clearance Certificate Expired.' is visible in the top right corner of the main content area.

1.2.3 Select “Register” opposite “DAC4-CbC”.

The screenshot shows the Revenue eRegistration portal. At the top, there is a navigation bar with the Revenue logo and the text 'Cáin agus Custaim na hÉireann Irish Tax and Customs'. - ❖ **AFTER COMPLETION OF STEP 1, THE ENTITY SHOULD ALLOW 24-48 HOURS FOR THE CBC REPORTING OBLIGATION TO BE REGISTERED BEFORE PROCEEDING TO SECTION 3.**

SECTION 2: AGENTS SUBMITTING CBC REPORTING NOTIFICATIONS

This section is only relevant where the user of the system is an agent¹⁹. If the user of the system is an entity, that is, the ultimate parent entity, surrogate parent entity, EU designated entity or domestic constituent entity, please refer to Section 1 above.

2.1 Register the entity as a reporting entity²⁰ on ROS

This step is only relevant if the entity does not have a tax reference number, that is, the entity is not registered for tax. If the entity has a tax reference number and is linked to the agent on ROS, go to step 2.2 below.

As noted in paragraph 30 above, it is possible for one entity (ultimate parent entity, surrogate parent entity, EU designated entity or domestic constituent entity) to make the CbC Reporting notification on behalf of all Irish entities in an MNE Group. Therefore, it is possible for an entity which already has a tax reference number and is registered for ROS to make the CbC Reporting notification(s) on behalf of all Irish entities in that MNE Group including any unregistered/dormant entities. If the agent wishes to avail of this option go to step 2.2 below.

If the entity does not have a tax reference number and is not registered on ROS, but is obliged to make a CbC Reporting notification, the agent must register the entity with Revenue as a 'reporting entity'. This process should not be confused with a tax registration. Where the agent registers an entity as a reporting entity, the agent will only be able to fulfil the CbC Reporting obligations on behalf of the entity, that is, it will not be possible to use this number to register for any taxes (e.g. corporation tax / VAT).²¹

When an agent is registering an entity as a reporting entity for CbC Reporting purposes it is possible to register the entity for a CbC Reporting Obligation at the same time. The process is set out in steps 2.1.1 to 2.1.14 below.

¹⁹ Agents linking to new customers/clients for reporting obligations should note that this process can take up to 3 working days to complete.

²⁰ The term "reporting entity" in this context should not be confused with the same term as defined in the Irish CbC Reporting Legislation. For the purposes of ROS, a reporting entity (in the context of CbC Reporting) is an entity which receives a reporting entity registration number from Revenue for the purposes of making a CbC Reporting notification and/or filing a CbC Report / Equivalent CbC Report on ROS.

²¹ If an agent registers an entity (e.g. a dormant entity) as a reporting entity for the purposes of fulfilling its CbC Reporting obligations and subsequently requires to register that entity for tax (e.g. if the entity commences to trade), the agent should de-register the entity as a reporting entity on ROS and re-register the entity on ROS for the appropriate tax.

2.1.1 Log into ROS

2.1.2 On the “Agent Services” tab, select “Register New Reporting Entity” on the bottom right-hand corner of the screen.

The screenshot displays the Revenue Record web application interface. At the top, there is a navigation bar with the Revenue logo and the text 'Cáin agus Custaim na hÉireann Irish Tax and Customs'. The main navigation tabs include 'AGENT SERVICES', 'REVENUE RECORD', 'PROFILE', and 'ADMIN SERVICES'. The 'AGENT SERVICES' tab is active. Below the navigation bar, the interface is divided into several sections:

- Revenue Record:** Contains buttons for 'Open Revenue Record', 'Manage Financial Statements', 'P2C Search', 'Mobile Access', and 'View Property History'.
- Clients:** Features a 'Find Clients' section with search options for 'Tax Registrations' and 'Reporting Obligations'. It includes fields for 'Enter registration no.', 'Enter surname', and 'Enter date', along with 'Search' and 'Display' buttons. A 'Your Client List' section allows for viewing and exporting client lists. A 'Last 10 Clients Accessed' list is also visible.
- Manage Tax Registrations:** Contains a 'Manage Client Registrations' section with a 'Manage' button and a 'Register New Revenue Customer' section. The 'Register New Reporting Entity' button in the 'Register New Revenue Customer' section is circled in red.

- ❖ **AFTER COMPLETION OF STEP 2.2, THE AGENT SHOULD ALLOW 24-48 HOURS FOR THE CBC REPORTING OBLIGATION TO BE REGISTERED BEFORE PROCEEDING TO SECTION 3.**

SECTION 3: COMPLETION AND SUBMISSION OF THE CBC REPORTING NOTIFICATION FORM

This section is relevant where the user of the system is an entity, that is, the ultimate parent entity, surrogate parent entity, EU designated entity or domestic constituent entity and where the user is an agent.

3.1 Complete and submit CbC Reporting Notification Form

This step can only be completed where the entity is registered for ROS and has registered a CbC Reporting Obligation. Refer to Section 1 (where the user is an entity) and Section 2 (where the user is an agent) above.

Follow steps 3.1.1 to 3.1.18 below.

- 3.1.1 Log into ROS.
- 3.1.2 In the **“My Services”** tab (for entities) or **“Client Services”** tab (for agents), go to the **“Returns and Payments”** section in the centre of the screen.
- 3.1.3 If the entity is registered for tax, the user will see the following screen. Under **“Complete a Form On-line”**, select the **“Reporting Obligations”** radio button.

The screenshot displays the Revenue Record interface. The top navigation bar includes the Revenue logo, language options (GAEILGE, ENGLISH), ROS HELP, and user information (MR BACPUB OFLAQ, EXIT). The main navigation tabs are MY SERVICES, REVENUE RECORD, PROFILE, WORK IN PROGRESS, ADMIN SERVICES, and PAYE. The 'Returns and Payments' section is active, showing a 'No current tax clearance certificate' message. The 'Complete a Form On-line' section is highlighted, with the 'Reporting Obligations' radio button selected and circled in red. Below this, there is a dropdown menu for 'Select a reporting obligation...'. Other sections include 'Upload Form(s) Completed Off-line' with a dropdown for 'Select a return type...', and 'Submit a Payment' with a dropdown for 'Select a payment type...'.

If the entity is not registered for tax but has been registered as a reporting entity, the user will see the following screen - i.e. there will be no radio button and the only option in “Complete a Form On-line” will be to **“Select a Reporting Obligation”**.

The screenshot shows the Revenue Record interface. The 'Complete a Form On-line' section has a dropdown menu labeled 'Select a reporting obligation' which is circled in red. Below it, the text reads 'No Off-Line Returns available for filing.' The 'Payments & Refunds' section includes a 'Submit a Payment' option with a 'Select a payment type...' dropdown. The 'Payment Details' section provides information on payment methods and a 'Manage Bank Accounts' link.

- 3.1.4 Select **“DAC4-CbC”** in the drop-down box. A second drop-down box will appear. Select **“CbCR Notification”** in the second drop-down box. Click **“Submit”**.

The screenshot shows the Revenue Record interface after selection. The 'Complete a Form On-line' section now has two dropdown menus: the first is set to 'DAC4-CbC' and the second is set to 'CbCR Notification'. A 'Submit' button with a right-pointing arrow is also circled in red. The 'Reporting Obligations' radio button is selected. Below this, the 'Upload Form(s) Completed On-line' section is visible with a 'Select a return type...' dropdown. The 'Payments & Refunds' section includes a 'Submit a Payment' option with a 'Select a payment type...' dropdown.

3.1.5 The user will be redirected to the “Country-by-Country Reporting Notification” Form.

The user is required to specify whether the CbC Reporting notification is **intended to replace an existing CbC Reporting notification** by selecting “Yes” or “No”.

²⁵ If it is known by the notification date that the secondary reporting mechanism will apply because any of the circumstances outlined in paragraph 12 are present, Revenue expects to be notified that the domestic constituent entity is the reporting entity. Therefore, the name of the domestic constituent entity making the notification should be inserted in the “Name of Reporting Entity” field; ‘Ireland’ should be selected in the “Jurisdiction of tax residence of Reporting Entity” field, and ‘Domestic Constituent Entity’ should be selected in the “Type of Reporting Entity” field.

²⁶ Guidance published by the OECD in August 2016 confirms that parent surrogate filing is a form of surrogate filing. Therefore, where an MNE Group is availing of the parent surrogate filing mechanism (refer to paragraph 15 above), the domestic constituent entity should select “Surrogate Parent Entity” when indicating the type of Reporting Entity.

- 3.1.12 The user will be asked to confirm whether the notification is intended to satisfy notification requirements of (other) domestic constituent entities by selecting either the “Yes” or “No” radio button, as appropriate.

APPENDIX IV - XML Schema: Naming Conventions

To ensure a CbC XML file passes validation and to provide for the possible amendment of the file, there are a number of elements within a CbC XML file for which unique values should be used. To ensure that unique values are used, Revenue has produced naming conventions for the relevant elements.

These elements are identified in the OECD Country-by-Country Reporting XML Schema: User Guide for Tax Administrations (version 1.01 – September 2017), however for ease of reference, the elements (and corresponding page number in the User Guide) are as follows:

1. MessageRefID (page 7)
2. DocRefID format for use within the ReportingEntity Element (page 25)
3. DocRefID format for use within the CbCReports Element
4. DocRefID format for use within the AdditionalInfo Element

A further description of the elements is available in the OECD Country-by-Country Reporting XML Schema: User Guide for Tax Administrations and below in the introduction to each element.

1 – MessageRefID format

Element:	MessageRefID
Datatype:	xsd:string
Pattern:	IE<reporting_year>- <RE_Revenue_customer_number>MS<RE_Message_uid>
Description:	<ul style="list-style-type: none"> • IE Sending country code • <reporting_year> Year of the reporting period • - Hyphen • <RE_Revenue_customer_number> The reporting entity's Revenue customer number (Tax number or 'ROS reporting entity' registration number) • 'MS' indicates that this is a MessageRefID • <RE_Message_uid> A unique id for each message. This could be a sequential number or a timestamp or another unique identifier of the reporting entity's choosing.
Examples:	<p>First message sent by a reporting entity (using a sequential number): IE2016-3346602FHMS0001</p> <p>Where:</p> <p>IE is the sending country code</p> <p>2016 is the year of the reporting period</p> <p>- Hyphen</p> <p>3346602FH is the reporting entity's Revenue customer number (Tax number or 'ROS reporting entity' registration number)</p> <p>MS indicates that this is a MessageRefID</p> <p>0001 is the unique id for this message</p> <p>Second message sent by a reporting entity (using a sequential number): IE2016-3346602FHMS0002</p> <p>Alternative example using a timestamp for the unique id rather than a sequential number: IE2016-3346602FHMS1472142039115</p>

2. DocRefID - ReportingEntity

The **DocRefID** element is a free text field capturing the sender's unique identifying number (created by the sender) that identifies a particular **ReportingEntity**, **CbCReport** or **AdditionalInfo** element within the message.

The **ReportingEntity** element contains the identifying information for the entity of the MNE Group that ensures the preparation and filing of the CbC Report.

Table 1 – DocRefID format for use within the ReportingEntity Element

Element:	DocRefID
Datatype:	xsd:string
Pattern:	IE<reporting_year>-<RE_Revenue_customer_number>RE<ReportingEntity_uid>
Description:	<ul style="list-style-type: none"> • IE Sending country code • <reporting_year> Year of the reporting period • - Hyphen • <RE_Revenue_customer_number> The reporting entity's Revenue customer number (Tax number or 'ROS reporting entity' registration number) • 'RE' indicates that this is a DocRefID for use within the ReportingEntity Element • <ReportingEntity_uid> A unique id for each ReportingEntity Element. This could be a sequential number or a timestamp or another unique identifier of the reporting entity's choosing.
Examples:	<p>Example 1 - ReportingEntity_uid is a sequential number</p> <p>First message sent by a ReportingEntity</p> <p>IE2016-3346602FHRE0000000001</p> <p>Where:</p> <p>IE is the sending country code</p> <p>2016 is the year of the reporting period</p> <p>- Hyphen</p> <p>3346602FH is the reporting entity's Revenue customer number (Tax number or 'ROS reporting entity' registration number)</p> <p>RE indicates that this is a DocRefID for use within the ReportingEntity Element</p> <p>0000000001 is the unique id for this ReportingEntity Element</p> <p>A subsequent message is sent by the reporting entity, correcting a detail within the ReportingEntity Element according to the correction process and</p>

Example 2 - ReportingEntity_uid is a timestamp

IE2016-3346602FHRE1472142039115

2. DocRefID - CbcReports

The **CbcReports** element contains, for each Tax Jurisdiction in which the MNE Group operates, the summary of key indicators, as well as a list of all Constituent Entities and their business activities.

Table 2 – DocRefID format for use within the CbcReports Element

Element:	DocRefID
Datatype:	xsd:string
Pattern:	IE<reporting_year>-<RE_Revenue_customer_number>CbC<CbcReports_uid>

APPENDIX V - Step-by-Step Guide to filing Country-by-Country (“CbC”) Reports / Equivalent CbC Reports in accordance with Regulation 8 of the CbC Reporting Regulations

The annual filing obligations of all constituent entities required to file CbC Reports / Equivalent CbC Reports in Ireland are set out in paragraph 7 above. (For the purposes of this Step-by-Step Guide “entity” refers to an Irish ultimate parent entity, surrogate parent entity, EU designated entity or domestic constituent entity, unless otherwise specified.)

As noted in paragraph 21 above, all CbC Reports / Equivalent CbC Reports must be filed online via ROS.

CbC Reporting ROS Filing Process – Summary

The following steps are involved:

- **Step 1:** Retrieve CbC Reporting Notification reference number. (In order to file a CbC Report / Equivalent CbC Report on ROS, a **CbC Reporting Notification must first have been made in advance**. Refer to Appendix III for a Step-by-Step Guide on how to make CbC Reporting Notifications.)
- **Step 2:** File CbC Report / Equivalent CbC Report.

The steps involved in filing a CbC Report / Equivalent CbC Report are the same for all users of the system regardless of whether the user is an entity or an agent.

1. Retrieve CbC Reporting Notification Reference Number

This section can only be completed where a CbC Reporting Notification has been made in advance. If a CbC Reporting Notification has not been made, refer to Appendix III.

Follow steps 1.1 to 1.9 to retrieve a CbC Reporting Notification reference number.

- 1.1 Log into ROS.
- 1.2 Agents only (entities skip to Step 1.3): Under the **“Agent Services”** tab, locate the entity using one of the available options. You will be redirected to the **“Client Services”** tab for the relevant entity.

The screenshot shows the Revenue Record interface. The top navigation bar includes 'AGENT SERVICES', 'REVENUE RECORD', 'PROFILE', and 'ADMIN SERVICES'. The 'AGENT SERVICES' tab is selected. Below the navigation bar, there are two main sections: 'Revenue Record:' and 'Clients'. The 'Clients' section contains a 'Find Clients' area with a 'Client Search' form. The search form has two sections: 'Search by registration number:' and 'Search by name:'. The 'Search by registration number:' section has a dropdown menu set to 'DAC4-CbC' and two input fields: 'Enter registration no.' and 'Search'. The 'Search by name:' section has two input fields: 'Enter surname' and 'Search'. The 'Your Client List' section is on the right, with a 'View Client List' button and an 'Export Client List' button. The 'Manage Tax Registrations' section is at the bottom, with a 'Manage Client Registrations' sub-section. The 'Manage Client Registrations' section has a 'Select a tax type...' dropdown, an 'Enter registration no.' input, and an 'Enter name' input. There are also 'Manage' and 'Regis' buttons.

- 1.3 Select the **“Revenue Record”** tab (for entities) or **“Client Revenue Record”** tab (for agents).

The screenshot shows the Revenue Record interface with the 'REVENUE RECORD' tab selected. The 'WORK IN PROGRESS' tab is also highlighted. The main content area displays a table of messages. The table has the following columns: Notice No., Customer Name, Regn./Trader No./Doc ID, Tax Type/Duty/Rep. Oblig., Document Type, Period Begin, Issued Date, and Archived By. The table contains 20 rows of data, all with 'TEST' as the customer name and 'N/A' as the period begin and issued date.

Further, the CbC Reporting Notification must have been submitted under the same tax reference number as the CbC Report / Equivalent CbC Report is to be filed. Where one of the above validation checks fail, a validation error message will be displayed to advise as follows:

“The reference number entered does not relate to a valid CbC Reporting Notification for this tax reference number (i.e. the notification does not exist, it was subsequently replaced, or it does not match this tax reference number). Please address this issue in order to continue.”

The user should correct the error in order to proceed to the next step.

- 2.4 Where a valid CbC Reporting Notification number is entered, the CbC Report online form will display **pre-populated** using details previously submitted as part of the CbC Reporting Notification. These details are displayed in ‘read only’ format. The user should review the details and confirm they are correct. Should the user choose to submit an updated CbC Report / Equivalent CbC Report (XML file) in response to one of the above errors, this can be done by clicking on the “Remove File” button to remove the current file (*Note: the “Add File” button changes to “Remove File” once a file has been uploaded*). Once the current file is removed, the button changes back to “Add File” and the user can then select the updated XML file to be submitted.

2.10 The user will note four options included at the bottom of the screen “**Back**”, “**Clear**”, “**Save**”, and “**Submit**”.

The screenshot shows a web form for CbC Reporting Notification. At the top left, there is a legend: a red asterisk followed by "Denotes Required Field". Below this, a red asterisk is followed by the instruction: "Please enter the reference number for the CbC Reporting Notification to which this report relates:" with an information icon. To the right of this text is a text input field containing the number "3428". Below the input field is a green button labeled "Retrieve Details".

Below the reference number field, there are two date selection sections. The first is labeled "Reporting period start date:" and consists of three input fields: the first contains "01", the second contains "01", and the third contains "2016". Below these fields are the labels "DD", "MM", and "YYYY" respectively. The second section is labeled "Reporting period end date:" and also consists of three input fields: the first contains "31", the second contains "12", and the third contains "2016". Below these fields are the labels "DD", "MM", and "YYYY" respectively.

Below the date sections, there is a label "Entity type:" followed by a text input field containing the text "Ultimate Parent Entity".

At the bottom of the form, there is a section for file upload. It starts with a red asterisk followed by "Upload report:" and an information icon. To the right, there is a text label "Initial message-1.xml" and a green button labeled "Remove File".

At the very bottom of the form, there are four blue buttons: "Back", "Clear", "Save", and "Submit". Each of these four buttons is circled with a red oval.

- Clicking “**Back**” brings the user back to the previous screen (ROS home screen). Changes will be saved.
- Clicking “**Clear**” clears the entire contents of the form.
- Clicking “**Save**” saves the form for completion and submission at a later date or by another ROS user.
- Clicking “**Submit**” submits the form. Refer to steps 2.11 to 2.14 to complete the process.

- 2.11 When the user clicks **“Submit”**, the user will be redirected to the **“Sign and Submit”** screen. Enter the ROS password and click **“Sign & Submit”**.

- 2.12 The user should receive the below **acknowledgment**. (Please note that this acknowledgement does not mean the CbC Report / Equivalent CbC Report has passed all validations and been accepted by Revenue’s system – see below).

The XML file will then be validated to ensure it passes the relevant File and Record Validations as set out in Part B of the OECD Country-by-Country Reporting Status Message XML Schema: User Guide for Tax Administrations (the **“OECD Status Message XML Schema User Guide”**), which is available at <http://www.oecd.org/tax/beps/country-by-country-reporting-status-message-xml-schema-user-guide-for-tax-administrations.htm>

A Status Message will subsequently be provided in the ROS Revenue Record indicating the results of the validation (refer to Section 2.13 below).

- 2.13 The user will receive a new notification in the **Revenue Record** (for entities) or **Client Revenue Record** (for agents) to confirm the CbC Report Form has

been received by Revenue and whether the CbC Report / Equivalent CbC Report has been accepted or rejected. Click on the **notice number**.
